

Nebraska INTERURBAN FILES GREAT BIG PROTEST

Objects to State Tax Levied Against Short Line that Has Its Operating End in Lincoln.

GOVERNOR GOES TO FALLS CITY

(From a Staff Correspondent.) LINCOLN, May 12.—(Special.)—The State Board of Assessment held a short session this morning with Secretary H. S. Norton of the Omaha, Lincoln & Beatrice Interurban Railroad company. Mr. Norton tells that his road has been assessed "exorbitantly and unconscionably" by the state board in the past when the earnings of the road have not been adequate to pay the expenses. He presented a list of figures to prove his statement, showing that there has been a deficit all along the whole line. He presented a table to show the net earnings of the road since its existence, as follows:

1907 (deficit).....\$4,350	1911.....\$2,010
1908.....2,100	1912.....1,650
1909.....1,319	1913.....1,623
1910.....859	1914 (deficit).....1,417

The outstanding indebtedness of the road is shown to be: For power, \$11,195; taxes, \$4,949; bonds, \$9,000; and other debts, \$2,407, making a total of \$28,549. The valuation of the road for assessment purposes (one-fifth actual value) in 1907 was \$14,500 and the taxes paid were \$681. In 1914 the assessed valuation was \$63,733 and taxes paid \$2,975.

Morehead to Falls City.

Governor Morehead went to Falls City last night and will spend the balance of the week recreating and looking after his farms. He will keep in touch with the executive offices in order to keep advised as to whether political mixers have switched him from the vice presidency to some other job. The vice presidency just as good to the governor as the vice presidency, and if they will consult him in the matter he might convince them that the presidency would suit him better.

To Investigate Dourine.

Next Monday State Veterinarian J. S. Anderson will go to Mullen to meet representatives of the government to investigate the dourine disease which it is claimed prevails in Cherry, Blaine, Hooker, Thomas and Grant counties. Five horses have already been killed and it is understood that more have become affected. In the case of the animals killed the state pays half of their value and the government the other half, the valuation not to exceed two-thirds of the full value and not over \$500.

ECZEMA COVERED CHILDREN'S HEADS

Broke Out in Blisters. So Bad Could Hardly Bear to Wash Heads. Used Cuticura Soap and Ointment. Children Were Healed.

Gilchrist, Mich.—"My two children were covered all over their heads with sore eruption which I was told was eczema. It broke out in blisters; a patch as large as a quarter would break out and on top of the sore was a scale. I cut the hair as near down to the head as I could when the first eruption broke out. The eruption was so bad I could hardly bear to wash their heads and there was not a spot as large as a pin on the head that was not broken out. "I shampooed their hair, then rubbed the Cuticura Ointment on. After I had used the ointment I bought one box of Cuticura and one cake of Soap and I had not used all of them when the eruption had dried up and my children were healed." (Signed) Mrs. John Rolston, August 6, 1914.

(From a Staff Correspondent.) LINCOLN, May 12.—(Special Telegram.)—The panning which the State Board of Pharmacy was expected to give their board of secretaries at the meeting this afternoon turned out to be a 5 o'clock tea, and everybody was satisfied. The board made no very great demands on the secretaries and the secretaries agreed to everything the board demanded, the demand being enforced by the question, "Is this satisfactory to you fellows?" "Sure, that's all right," was the response by some secretary and the meeting adjourned. The secretaries will be required to file a list of applicants for examination for druggists' licenses and an itemized account of expenses with the state board.

Mr. Dickey further remarked that the two telephone companies in the city should consolidate. He read a communication from the Omaha Automobile club encouraging advertising the Lincoln highway.

John C. Byrnes spoke of the coming county fair, anticipating good results and active work in progress.

Mr. Stuart, C. C. Gray, A. R. Miller and Mr. Reed of Hastings gave short talks concerning the welfare of the club.

Appetite Follows Good Digestion

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and distress. The most effective remedy to correct this condition is the combination of Chamberlain's Colic, Cholera and Diarrhoea Remedy with Chamberlain's Cough Remedy. This is a natural, pleasant-tasting remedy, gentle yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.

T. e. officers there have been notified to arrest the couple if they stop at that place.

Notes from Beatrice.

BEATRICE, Neb., May 12.—(Special.)—Clyde Lynch of Wynmore, who filed his petition last week for a divorce from Du Bois, Pawnee county, Wednesday withdrew his application at a meeting of

the village board. There are no saloons at Du Bois, and residents of that place say they will oppose any effort to start such an establishment of that kind in the town. Anna Shuster of this city filed a petition in the district court asking that she be granted a divorce from Oscar Shuster. The couple was married at Lincoln in September, 1913. At a meeting of the Board of Supervisors Wednesday the Standard Bridge company of Omaha was awarded the contract for building all bridges in Gage county the coming year. The bid was much lower than last year. Frank W. Walters and Miss Myrtle Wherry, employees of the Lincoln Telephone and Telegraph company at this point, were married at the Christian parsonage Wednesday at 11 o'clock by Rev. F. Stevens.
