

MUSIC

By HENRIETTA M. REISS.
LOCAL MUSICAL PROGRESS.
 greatly stimulated next year by the new plans of the Tuesday Morning Musical club, which not only provide opportunity for enjoying the membership, but for greater musical activities as well.

YOUNG OMAHA STUDENT MAKING MUCH PROGRESS.

This club has grown from a small study club, organized many years ago, to such proportions that it has recently been difficult to entertain it in private homes, as has always been the custom, and the growth of its membership has been seriously handicapped by this condition of affairs for the last few years. At the annual meeting last month the club decided to hold its meetings hereafter at the Hotel Fontenelle, which would afford the necessary room, and allow it to expand and to hold a place of even greater importance in the musical life of the city. With this end in view the constitution was amended in regard to membership as follows:

Membership in this club shall be of four classes: Student, active, executive and associate.
 Any young woman who presents a certificate from the teacher with whom she is studying, may be elected a member by the executive board; such certificate must be renewed each year for five years.
 Active members shall be limited to students capable of playing in the club orchestra, and shall be elected by the active membership committee.
 Executive members shall be composed of former officers and former active members, and shall be elected by the executive board.
 Associate members shall be entitled to all the privileges of the club, and shall be elected by the executive board.
 It shall be the duty of the student membership to provide for the club a year.

The annual meeting of the members shall be held on the first Monday of each month. The executive and associate members shall be eligible to vote and payable on all matters of club importance. The new student membership affords opportunity for many who are studying but who do not feel quite qualified for active membership, to enjoy the privileges of the club, at both regular meetings and artist recitals. They will be enabled to hear many programs of good music for the nominal price of their tuition, and they may learn to become good listeners co-ordinately with their study to become good performers. It will be an advantage to the club to have their enthusiasm and support, and perhaps many of them may develop into the active members of the future.

The last week a letter has been sent to every active member, calling attention to the revised membership and asking them to signify whether they wish to remain active and ready to take part upon the programs of the club, or whether they wish to become executive members. This class of membership is made up entirely out of the present membership of the club and is merely those who have been active, who no longer wish to be called upon for active musical work.

The associate membership, as before, will consist of a body of music lovers who lend their support and who are privileged to attend and enjoy.

The program committee announces five regular meetings with programs of active membership talent, and three artist recitals, to be announced later.

All of the meetings but the artist recitals will be held at the Hotel Fontenelle at 2:30 in the afternoon of the first Tuesday of every month. The artist recitals will probably be held in some theater where suitable settings and accommodations can be obtained.

For many years the programs of this club have been noted for their excellence, and it is safe to predict that those of the coming season will maintain the standards previously set. The club not only aims to present visiting artists but also to encourage and afford a hearing for many of its talented members. The new plan provides for a greater and more powerful club, and the possibilities before it are manifold.

The women of the St. Mary's Avenue Congregational church gave up their May party in order to present Mr. and Mrs. Thomas J. Kelly in song recital this month. For various reasons they have now postponed the recital until the first of next season and, according to the present plan, it will be given the first part of September.

Rehearsals have begun in Los Angeles for the massive production of "Fairytale," the first of the American grand opera by Horatio Parker, the premiere of which will be under the auspices of the American Opera association, July 1. Alford Hertz, for thirteen years conductor of the Metropolitan Opera company, will direct. The prima donna role of Rosebud will be taken by Marcella Craft, a star of the Metropolitan organization, and Albert Hertz, her partner of the same forces, will sing the part of Robin. William Wade Hinshaw, baritone, will sing the role of Auburn, and other stars of first magnitude will be engaged for the remaining leading roles.

Albertina Rasch, ballerina of the Metropolitan, will lead the ballets, which will be separate from the chorus of eighty. A feature of the chorus is that it will be composed largely of students, the leading concert singers and choir soloists of southern California having refused to join. The Los Angeles Symphony orchestra, augmented, will be used. The stage direction will be done by Louis Gottschalk, who has produced twenty-seven operas. A skilled veteran is needed for this task, as there are wonderful lighting effects in the changes from the realities to the land of fairies.

Percy Grainger, the Australian pianist and composer, who has made such a success this year in New York, is known not only for his pianism, but also as a composer. He has written musical settings for many of the British folk songs, of which "In Seventeen Come Sunday," for mixed chorus, is a quaint ballad with much old English flavor. "Molly On the Shore," for violin and piano, is an Irish reel, requiring considerable dexterity upon the violin, and of strongly marked rhythm. In the "Irish Tune From County Kerry," the piano, Mr. Grainger runs the melody through the voices so that one voice leads in each chord to stand out louder than the rest. In his harmonization, Mr. Grainger has shown true regard for the spirit of the folk song, and has succeeded in any way with "understandings," just at the same time he has given each a background that is

Miss Isabelle Radman

amply satisfactory, and which justify the labor expended.

Charles Villiers Stanford, Ireland's greatest composer, will visit this country, sailing for America May 8, to be the lion of the Norfolk (Conn.) music festival.

Eastern critics are commenting upon the enthusiasm displayed recently by the general musical public for the orchestral compositions of Franz Liszt. The Boston Symphony orchestra gave two performances of the Faust Symphony, with such gratifying results that two more were given, which brought out the biggest crowd and greatest enthusiasm of the entire season.

The Claf club will resume the r. s. e. d. and hold an informal dinner at the Loyal hotel Wednesday evening, May 13.

Miss Edith Martin of the International Locomotion Bureau returned last week from a successful business trip and this left upon another which will take her to many of the principal cities of the south and middle west.

A piano recital will be given by the Junior Intermediate pupils of Mr. and Mrs. August M. Borglum at the Schmeidler & Mueller auditorium, 1313 Farnam street, Saturday evening May 22, at 8 o'clock. The program will be by Eleanor Smith, Ernest Schumann, Bernard Longhen, Elizabeth Paffenrath, Natalie Anderson, George Paul Borglum, John Clark, Donna McDonald, Josephine Fitzgerald, Miss Smith, Joan Palmer, Elizabeth Austin, Louise Clarke, Ann Astell, May Hamilton and Esther Allen.

Jean F. Duffield announces a recital by members of his piano class to be given at Cragston auditorium, Twenty-fifth and California streets, Sunday afternoon, May 23, at 4 o'clock. A program of classical and modern numbers will be given. Miss Martha Green, soprano, and Lloyd Flynn, baritone, pupils of Mr. and Mrs. Thomas J. Kelly, will assist. The musical public is cordially invited.

Louise Jensen Wylie will present the following pupils in recital Thursday evening, May 20, at the Schmeidler & Mueller auditorium, 1313 Farnam street: Miss Ethel Parsons, Miss Genevieve Sautter, Miss Loreta Schaefer, Miss Ida Dewell, Miss Lorena Jackson, Mrs. P. Dewell, Mrs. S. Radinsky, Miss Nora Neal and Miss Elsie Schaefer. The public is cordially invited.

It is Just Natural To Admire Babies

Our altruistic nature impels love for the young infant. And at the same time we feel a sense of motherhood is ever before us. To know what to do that will aid in the physical comfort of expectant motherhood is a subject that has interested mothers of all times. One of the real helpful things is an external abdominal application used in most drug stores under the name of "Mother's Friend." We have known so many grandmothers, who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name indicates. They have used it for its direct influence upon the muscles, cords, ligaments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

Breast women should mention "Mother's Friend" when the doctor is the subject of conversation. An interesting little book is mailed free upon application to Bradford Regulator Co., 405 Lamar Bldg., Omaha, Neb. It refers to many things that women like to read about.

Get or recommend a bottle of "Mother's Friend" to-day and write for the book.

Does She Graduate This Year?
