

Sewing Circle With Much Whispering

Before the stork arrives there is much to talk about. The comfort of the expectant mother is the chief topic. And there is sure to be someone who has used or knows of that splendid external help, "Mother's Friend."

It is applied to the abdominal muscles, greatly relaxed in and has a most pronounced effect as a lubricant. It soothes the network of nerves, enables the uterus to expand naturally, relieves strain on the ligaments and thus sets at ease any undue strain on the organs involved. And it does this with perfect safety. Expectant mothers thus go through the ordeal with comparative ease and comfort. Knowing mothers who have used "Mother's Friend" speak in glowing terms of the absence of morning sickness, absence of strain on the ligaments and a freedom from many other distresses.

One of the most important symptoms to be relieved by "Mother's Friend" is the indigestion that so often disturbs expectant mothers, even though natural, may so disturb the mind that undue apprehension will sometimes follow. The gentle, soothing influence of "Mother's Friend" gives the mind substantial aid to become conscious of strength and there is a real, physical sensibility of muscular vigor as evidenced by freedom from undue strain.

You can get "Mother's Friend" at any drug store or they will gladly get it for you. Write today to Bradford Regulator Co., 701 Lamar Bldg., Atlanta, Ga., for a highly instructive book of great value to all expectant mothers. It contains a valuable expectancy chart, rules on diet and is brimful of suggestions that all women will appreciate.

Better Biscuits Baked With

You never tasted daintier, lighter, fluffier biscuits than those baked with Calumet. They're always good—delicious. For Calumet insures perfect baking.

BRIEF CITY NEWS

Have Moot Print It—Now Beacon Press Electric Fans—Burgess-Granden Co. "Today's Complete Movie Program" classified section today, and appears in The Bee EXCLUSIVELY. Find out what the various moving picture theaters offer. **Joe Redman is Sick**—"Joe" Redman, pioneer Omaha citizen, is seriously sick at his home, 1824 Corby street.

Chickens Are Swiped—Thirty-eight spring chickens were stolen Sunday night from the coop of O. Barmer, 633 North Twenty-ninth street.

To Clean Park Well—On orders of the city health department the artesian well in Kountze park has been closed. The well will be cleaned.

Talks German to Judge—Lou Koenig, in Omaha since 182, talked German to Judge Britt in police court and got his discharge by promising not to become intoxicated any more.

Warning to Milkmen—Health Commissioner Connell reports that during the last few months milkmen have been growing derelict. He has sent out letters warning some that if their milk again falls below the legal standard this year he will revoke their licenses.

Prove Their Marriages—Carrying their marriage license, issued three years ago, an Indian named William Johnson and his white wife, Edna, proved in police court that they were legally man and wife. They were released after a hearing on the charge of fighting, when they promised to go and live on a farm near Winnebago.

Garbage Question Laid Over—The city commissioners have laid over for sixty more days a proposed garbage contract between the city and the Omaha Feeding and Rendering company. These officials believe that in the interim some definite garbage plans may be worked out. Prospective Greater Omaha will also affect the garbage situation.

Drys to Have State Convention in the Fall at Lincoln

A state convention of delegates from the various temperance organizations and other organizations interested in prohibition, is to be held in September, probably at Lincoln. Representatives of the active temperance organizations held a meeting some time ago and appointed a committee to secure 100 signatures to a call for such a delegated convention. It is the plan to have every moral, social, business and civic organization in the state represented at such a convention, when a definite plan for the initiative fight for state-wide prohibition in 1916 is to be outlined. The initiative petitions are soon to be in circulation in various parts of the state. Forty thousand signatures are wanted to those petitions.

JACKSONIAN CLUB TO START LECTURE COURSE

The revived Jacksonian club, since there is no politics to engage in at the present moment, has decided to institute a series of lectures for the club, one to be held every Saturday night at the club's quarters in the City National bank building. The first of these talks is to be given next Saturday night by W. H. Green. Mr. Green is to talk on two subjects. The first part of his talk is to be devoted to the uses of an auditorium under municipal ownership, and the second part to the necessity of a new charter for Omaha.

A week from next Saturday night some speaker, not yet decided upon, is to be engaged to talk on how to settle the patronage question in Nebraska. Another subject that is to be discussed later in the season is "Should a Prohibition Plan Be Inserted in the Party Platforms Next Year in the States?"

CITY ASKED TO PAY FOR LIGHTS NEAR FIELD CLUB

The city electrical department has been requested to advise the city council regarding a lighting scheme to be installed by residents of the Field club district from Thirty-second to Thirty-sixth streets, Pacific to Center streets. These residents want the city to pay for the current and maintenance, but there is some question whether the lighting fund will permit of this even if the commissioners were disposed to favor the Field club district people to the extent requested.

COPS WAIT FOR SUSPECT, THEN FIND HIM IN JAIL

After waiting twenty-four hours at the State hotel for a hold-up suspect to come to his room, so they could arrest him, police officers discovered that the man they were waiting for was serving a thirty-day sentence in the county jail. He was sent there Saturday for assaulting his wife, with whom he no longer lived. He gave the name of Emerson Richman. A mask, electric searchlight and gun were found in his room. Victims of recent holdups have not identified him yet, but will attempt to do so today.

LAW SWOOPS DOWN ON BIG BOTTLE THROWING MATCH

"De law come too late," explained H. W. Williams, a negro arrested for fighting. He told the police judge that before officers interfered in a bottle throwing match between himself, Tom Greenwood and Clara Tolson, one of the bottles "busted" him in the forehead. The trouble occurred at 23 North Thirteenth street, following an argument concerning ten cents. Judge Britt fined each \$1 and costs "for the patrol ride and medical attention."

JUDGE BRITT LEARNS HOW "FREEZEOUT" IS PLAYED

While playing freeze-out poker for a set-up of cigars at a pool hall run by Jack Fitzgerald at 224 Leavenworth street, five patrons of the place and the proprietor were arrested by Officers Williams, Holden and Barta. Police Judge Britt evidenced interest in the nature of the game and said that although no money changed hands, it was a species of gambling. He fined Fitzgerald \$5 and costs and fined each of the inmates \$1 and costs.

NO WATCHMAN AT CROSSING AT 40TH AND LEAVENWORTH

After considering the matter since January 28, the city council has decided that a watchman is not necessary at the railroad crossing at Fortieth and Leavenworth streets, the opinion being that the signal light and bells are sufficient to protect life and property.

WHEAT CROP STILL PARABOYE AVERAGE

Little Damage Has Been Done by Hessian Fly or Chinch Bug—Corn Planted in South Part

SUBSOIL IS STILL QUITE MOIST

The Burlington's crop and soil report for the week ending last Saturday indicates that throughout Nebraska small grain has maintained the excellent condition that has marked its growth during the entire spring. After securing data from all the stations in Nebraska on the system, the compilation shows that on each and every division the condition is far ahead of the ten-year average for May 15.

The average of condition on the several divisions as compared with the last ten-year period follows:

Omaha division, 92 per cent.
Wymore division, 84 per cent.
Lincoln division, 83 per cent.
McCook division, 80 per cent.

At a few points on the Wymore division and over in Kansas in the vicinity of Concordia it is reported that Hessian fly has done some damage in isolated spots. However, these spots are not numerous and do not cover a large area. Around Falls City, Humboldt, Beatrice and Piley the chinch bugs have appeared in a few fields, but up to this time have not caused any serious damage.

Prospects Never Better

Oats and other varieties of small grain are asserted to be in the best possible condition, with prospects never better. Corn planting in the southern part of the state is practically finished and is well along farther north. The first crop of alfalfa is being cut, is yielding well and owing to the dry weather is being cured in perfect condition. The rainfall during last week was about the lightest ever known during a corresponding period. During the seven days ending last Saturday night on the entire system in Nebraska but thirteen stations reported precipitation. This precipitation was from a trace to one inch, the heaviest fall and the only real shower being at Curtis in the extreme western part of the state.

Reports Crops Far Advanced

Ben E. Brockhead of the Union Pacific federal department in home from a trip that took him over a large portion of the agricultural area of southern and central Kansas and Oklahoma. Relative to crop conditions in those states, he said:

"I have traveled over Kansas and Oklahoma a good deal in former years and at this season of the year I have never seen crops look as well as at this time."

"All through Oklahoma corn is being cultivated, and in many fields it is being sown through the second time. It is about knee high. Farther north and in Kansas corn looks as well, though, of course, it is not as far advanced."

"In northern Kansas and southern Nebraska, wheat is in perfect condition, and most of the corn is planted. In many fields the wheat heads are beginning to appear."

"I stopped in many places in the wheat belt and talked with farmers, town people and railroad employes and learned that most of the Hessian fly and chinch bug talk is being manufactured for a purpose."

COMPLAINS OF BAD HOLE AT THIRTIETH AND CUMING

Charles Urff appeared before the city commissioners to complain against unsanitary and unsightly conditions in a low place south of Cuming street and west of Thirtieth street. He said he has been endeavoring for nine months to have this nuisance abated.

The commissioners acted upon the suggestion that Superintendent Kugel of the department of police and sanitation make another "try" at this matter.

Stagnant water and an accumulation of rubbish are some of the features complained of.

COUNCIL REFUSES TO CHANGE LOCATIONS FOR LICENSES

In executive meeting the city commissioners decided to reject liquor licenses at 2618 North Twenty-fourth street and 2315 Cuming street, requested by Walter Jundquist and George Reif, respectively, these applicants now being at 1223 Leavenworth street and 302 South Tenth street.

The commissioners received protests of 200 signers against granting the license at 2618 North Twenty-fourth street. Formal action on these applications will be taken Tuesday morning.

REQUEST FOR SPUR TRACK UP ALLEY PLACED ON FILE

The city council placed on file a request from the Burlington to extend a spur track along an alley between Jackson and Howard streets, from Ninth to Fifteenth streets. Various protests were received against this proposed extension.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their distinctive blue and red paper box. All druggists.

The Olive Tablet Company, Columbus, O.

Five Fords, Each One Nearly New, Stolen

Five Ford automobiles, all nearly new, were stolen last night half an hour apart and from the same part of the city. Circumstances surrounding the thefts lead the police to believe that the thefts of last night were not committed by ordinary joy-riders, who usually abandon the stolen machines on the following day. Captain Dempsey thinks that the machines will be shipped to distant parts of the country and offered for sale.

The first car to be stolen was the property of W. J. Sheehan, 481 Cass street; the next was the car belonging to George M. Miller, 2338 Walnut; the next was the property of Dr. J. C. Nyström, the next was M. Iselt's, 2816 California; and the last one belonged to W. K. Craig, 322 State Bank building.

His Money Too Much Of A Single Color

Changing pennies for silver caused the arrest of Ben Black, a negro, yesterday, charged with the robbery of a saloon at Twenty-sixth and Q streets, South Omaha. The negro was arrested within twenty-four hours after the robbery and the police say he has confessed.

The saloon was entered through a screen door Saturday night and about \$3 in money taken. Part of it was in pennies. When Black tried to get a white man to exchange silver for the pennies Detective Andrew Lepinski was notified. The copper followed the cue and later Captain Carey arrested Black.

WATER BOARD EMPLOYE HAS HEARING CONTINUED

J. Goldberger, meter inspector and reader for the Water board and western general secretary of the Hungarian society, was given a continued hearing in police court on the charge of impermanenting an officer and threatening Mrs. Harry Fellman, 125 Davenport street. He pleaded not guilty and asserted he had merely acted for a fellow countryman who complained to him of Mrs. Fellman, the other man's landlady.

Positive Relief For Constipation

The progress of modern medical science is, perhaps, no more forcefully evident than in the simplifying of many of the old time remedies of past generations. For instance, the harsh cathartics and violent purgatives used by our forefathers to relieve constipation are now known to be not only unwholesome but really harmful. Constipation can be more effectively relieved without the discomfort and pain these old-time remedies occasion.

A combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin is most effective, yet mild and pleasant. It is absolutely free from opiates and narcotics and equally as desirable a remedy for the tiniest babe as for rugged manhood. A free trial bottle can be obtained by writing to Dr. W. H. Wood, 451 Washington St., Monticello, Ill.

A WOMAN'S HAIR AND THE STORY IT TELLS

Somebody has said that a woman's teeth are milestones indicating her age, but a far more important feature indicative of years is the hair. Many a woman has kept her youthful appearance long past middle life because of proper care of the hair, and of course the first considerations are absolute cleanliness and a choice of the right shampoo. It is not advisable to use a cleaner made for all purposes, but rather always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of Cantor's from your druggist. Dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which assures hair growth.—Advertisement.

Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the cause which produces the affection," says Dr. J. W. Ray of Blookton, Ala. Continuing he says: "Physicians cannot even begin the treatment of headache without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give means to relieve the pain until the cause of the trouble has been removed. To answer this purpose Anti-kamnia Tablets will be found a most convenient and satisfactory remedy. One tablet every three or four hours, with rest and cool in the most severe cases of headache, neuralgia and particularly the headaches of women."

When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than "Aetoid", and when he feels the least sign of an oncoming headache, he should at once take a few Anti-kamnia Tablets. Such patients should always be instructed to carry a few Anti-kamnia Tablets, so as to have them ready for instant use. These tablets are prompt in action, and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets.

Anti-kamnia Tablets can be obtained at all druggists.

DENTISTS OF STATE MEETING IN OMAHA

Specialists from Chicago Come to Lecture on Subjects of General Interest.

RECEPTION AT THE FONTENELLE

The forty-eighth annual meeting of the Nebraska State Dental society opened at Fontenelle hotel Monday afternoon. Rev. Titus Lowe, pastor of the First Methodist church, offered prayer and Mayor Dahlgren delivered the address of welcome, to

which Dr. J. M. Prime of Oxford, Neb., responded. This was followed by a business session.

The executive council met at lunch at noon and received the report of the constitution and by-laws committee. One of the big questions to be decided at the convention is a change in the constitution providing for societies to be organized in every county of the state, instead of in each of the congressional districts as at present. The executive council will meet every day at noon during the convention, which continues until and including Thursday.

Dentists Bring Wives.
Upward of 250 dentists, from all over the state have arrived to attend the sessions, many of them bringing their wives.

The president, Dr. W. A. Mellgren of Nelson, will deliver the annual address

at 9 a. m., Tuesday. At 10 a. m. Dr. F. H. Skinner of Chicago will lecture on "Pyorrhea and Prophyria." At 11 o'clock Dr. M. H. Casler of Chicago will lecture on "The Conservation of the Alveolar Process with Special Reference to Pyorrhea."

The first of a series of progressive lectures by famous specialists will begin at the afternoon session Tuesday, in the Creighton Dental college.

TRIAL OF JUAN PARRAL IS POSTPONED FOR WEEK

Trial of Juan Parral, Mexican, charged with the murder of Detective Thomas Ring, was postponed one week by District Judge English in order that a larger number of jurors who will be available with the incoming of a new panel may be available.

WRIGLEY'S

is not only the Perfect Gum in the Perfect Package. Absolutely clean and wholesome—the product of scientific manufacture—wax wrapped and sealed air-tight. Not only that, but — on each 5c package the outer band is a valuable Premium Coupon.

These Coupons come with both WRIGLEY'S new Double Strength Peppermint flavored gum and with WRIGLEY'S the Mint Leaf flavored brand.

These SAME COUPONS now come with so many high grade products that you can collect them very rapidly. Substantial premiums are offered for as low as 5 coupons—and from that up.

Articles for men, women, children and the home. Birthday and Holiday gifts. Wearing apparel, furniture—a thousand useful, ornamental, pleasure-giving things. The Spear-men shown here have a few of them.

It Will Pay You To Save
