

NEW YORK STOCK MARKET Except for Some Slight Recovery No Features of Interest Shown. TRADING IS STILL NARROW

NEW YORK, May 20.—Except for some slight recovery from its extreme lethargy of recent sessions, today's stock market developed no features of interest. Trading was of the same narrow and professional character and such advances as occurred were mainly due to covering of short contracts. Foreign exchange was more than ever a factor of importance, the news that Italy had practically decided to align itself with the Allies being accepted as a foregone conclusion. Weakness in the various markets for foreign exchange affected adversely the interest of the unbusiness existing in London and at all continental centers.

Domestic conditions played a part in the low prices. The Chicago, Cleveland, St. Louis and Missouri Pacific being unusually active because of impending earnings affecting the proposed extension of the Missouri Pacific extension plan is believed to rest largely with the Ohio's dividend policy was still an unknown quantity at the market's close. War shares advanced, because of the relative importance in the day's slim business, Bethlehem Steel rising 1/2 point with 3 to 4 point gains in other parts of the group. Standard stocks, including high-grade railroads, scored one point advance, but fell back later, as did also United States Steel.

Total sales of stock amounted to 275,450 shares. Another \$1,000,000 gold shipment from Japan, making a total of \$5,375,000 received from that source thus far this year, helped to swell the recent inflow of the precious metal. Loss of one gold bar by the Bank of Montreal for the week was partly offset by purchases in London's open market for 17 1/2 material receipts in Rock Island and Missouri Pacific junior issues. Total sales, par value, were \$1,675,000.

Table with columns: Stock Name, Price, Change, High, Low, Close. Includes Alaska Gold, Amalgamated Copper, American Steel, etc.

NEW YORK Money Market. NEW YORK, May 20.—MERCANTILE FAIRER—200 per cent. STRIKING—100 per cent; sixty-day bill, \$1.25; for cables, \$1.75; for Germany, \$1.25. SILVER—Bar, 47c; Mexican dollars, 25c. BONDS—Government, weak; railroad, heavy. TIME LOAN—Firm; sixty days, 3 1/2 per cent; ninety days, 3 per cent; six months, 3 1/2 per cent. CALL MONEY—Steady; high, 2 per cent; low, 1 1/2 per cent; closing bid, 1 1/2 per cent; offered at 3 per cent. Closing quotations on commodities today were as follows: R. R. and S. RAIN CONTINUES TO FALL ON NEBRASKA

Steady Rain Since Tuesday Night is of Great Benefit to the Growing Crops.

NO FROST HAS BEEN REPORTED

The official thermometer stood at 15 to 7 Thursday morning, which is a return to something like normal temperature. From the west came news of continued cold. At Cheyenne the thermometer stood at 24 and in northern Wyoming and the Yellowstone Park it was still snowing. Rain-fall here Wednesday night was .58 of an inch.

Rain continued to fall over the entire state of Nebraska all of Wednesday night and yesterday it was still raining, soaking the ground most thoroughly for the benefit of the growing crops and also heading off a possibility of frost.

Winter in the West.

Winter has returned to western Nebraska, Wyoming and Colorado, according to morning reports to the railroads. The Northwestern reports that at Belmont, in Dawson county, snow Wednesday night fell to a depth of twelve inches, coming on top of ten inches already on the ground. The temperature at Belmont this morning was down to 25 degrees above zero. From Crawford west and through Wyoming the new snow ranged from two to six inches in depth. Lighter snowfalls extended east as far as Long Pine. From there east, all through Nebraska and over into Iowa it rained most of the night.

Snow at Other Places.

The Burlington reported new snow from one to four inches in depth most of the way from Broken Bow to Sheridan on its Billings line. East of Broken Bow there was a steady and drenching rain all yesterday and last night. Over the Union Pacific Nebraska and Kansas main lines and over the branches there was a continuous rain since early Tuesday night everywhere east of a line drawn north and south through North Platte. West of this line there was snow as far west as Rawlins, Wyo., ranging from four to six inches. East of North Platte on the Union Pacific and McCook on the Burlington the rain was general, the precipitation over Nebraska and Kansas having been one to two inches during the twenty-four hours ending at 7 o'clock this morning. Generally through the territory along the Nebraska railroads this morning there were indications of clearing weather. The rain was lighter than during the night and at numerous places there were rifts in the clouds. A rise in the temperature was becoming apparent. Outside of the area covered by snow, according to the railroads, there was no frost, the rain and clouds having kept it away.

Jardine to Start Repaving Campaign

Commissioner Jardine of the public improvement department introduced three ordinances to provide for the repaving of Thirteenth street, Howard to Mason streets, and from Mason to Martha streets, also Pacific, Sixth to Tenth streets. This is the first action taken by the city officials under a new paving law, which gives the city council the right to order repaving on any street within 7,000 feet of the city hall. In these cases the expense will be assessed to the adjoining property owners. From Howard to Mason, on Thirteenth street, the signs blocks will be repaved. From Mason to Martha it is believed that brick block will be laid. Mr. Jardine states that Jackson street, Seventh to Ninth, will be repaved soon. Under the "main thoroughfare" feature of the law mentioned, Military avenue will also be repaved. Several petitions have been received, asking that Military avenue be repaved without delay.

JEWELRY STOLEN FROM EPENETER HOME FOUND

While wearing a pin and trying to sell a watch that was stolen from the home of G. T. Epeneter, 513 North 17th street, Sunday night, a youth giving the name of Edward McIndoo, New Home hotel, was arrested Wednesday by Pawnshop Officer Ed Morgan who recognized the valuables as having been reported missing by Mrs. Epeneter. Morgan found a total of \$120 worth of jewelry on his person, which Mrs. Epeneter identified as having been taken from her home. The young man is held in jail as a suspicious character.

Bank Clearings.

OMAHA, May 20.—Bank clearings for Omaha today were \$2,248,763.36 and for the corresponding day last year \$1,777,275.31.

LITTLE PIMPLES ON CHILD'S FACE

Itched and Child Scratched. Could Not Leave Them Alone. Something Terrible. Used Cuticura. In a Month Child was Healed.

Merle Beach, Mich.—"My little daughter was nearly two years old when she had little pimples come on her face. It was just a little red bunch when it was first started. I think they must have been for she would scratch them until they would get to be large sores, nearly as large as a ten-cent piece. It seemed as if the poor girl could not leave them alone; if we held her hands she would try to rub her face on something else. It was just terrible. "I used most everything I could think of and everything anybody told me to use and nothing would help her. I decided to get Cuticura Soap and Ointment and before I had used them one week I could see they were healing. Before a month was up you would never know the child had ever had any sores on her face." (Signed) Mrs. Lewis White, June 22, 1914.

Sample Each Free by Mail With 25-c. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

Cut the Rates Now

As was inevitable, the electric lighting company has secured a court order enjoining enforcement of the rate ordinance rushed through the council for political effect on the eve of election, in total disregard of the conditions and cost of service.

Explaining the move, General Harries again expresses the desire to do the right thing by electricity users in Omaha.

The company has already admitted, in announcing acceptance of the reduction previously proposed, that the rates here are unjustifiably high.

Whether the ordinance is permanent enjoined or not, nothing prevents a voluntary reduction.

Let the company show its good faith by making the cuts to which we are entitled—next year, not next month, but now.

Jardine Submits Jitney Ordinance With Heavy Bond

City Commissioner Jardine has submitted some points he would have incorporated in the proposed jitney ordinance, the chief feature being a sliding bond scale as follows: \$5,000 for first passenger, \$4,000 for second, \$3,000 for third and \$2,000 for other passengers up to capacity of the jitney. On this basis a four-passenger jitney would be subject to a bond of \$14,000, and an eight-passenger car would have to furnish a bond of \$22,000. This is the most stringent bond suggestion yet offered.

He would impose an occupation tax of 6 cents per day for each revenue-bearing seat, based on 365 days a year, which would mean that a four-passenger jitney would incur \$216 a year and an eight-passenger car would be assessed \$144 a year. It is also proposed to assess each driver \$15 a year for "expense of operating the operation of this business."

Another recommendation is that transfers be furnished in cases where owners have cars running in opposite routes. Mr. Jardine suggests that routes be established from city limits to the center of the city and no deviation be allowed and would require that hand baggage be carried without extra charge.

Other provisions are the same as suggested in three ordinances already submitted.

APPOINTMENT OF NEW POLICEMEN CONFIRMED

Upon recommendations of Superintendent Kugel, the city council confirmed the appointment of the following policemen, subject to the usual probationary period of six months: George Goss, George H. Thomas, William H. LaFare, Alexander McCleghen, Percy Sumbler, Nels J. Heland, James Anton, Francis M. Dalton, Oluf V. Thestrup, Arthur English and James E. Beacom. Harry E. Jackson and Felix Dolan were reinstated to the police department.

MONEY AND LABORER ARE MISSED AT SAME TIME

About the time that Chris Fuse, a transient laborer, quit working at 2201 North Sixteenth street, Mrs. Mary Heaton, who lives there, discovered that her trunk had been broken into and \$25 in currency stolen. She reported to the police both her monetary loss and Fuse's departure, and the officers are trying to find Fuse, to ask him if he knows anything about the money.

FRECKLE-FACE

San and Wind Bring Out Ugly Spots. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of chamois-double strength—from Sherman & McConnell or any druggist, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than once needed for the worst case. Be sure to ask the druggist for the double strength ointment as this is the prescription sold under guarantee of money back if it fails to remove freckles.—Advertisement.

WILL OF S. D. BANGS UPHELD BY ESTELLE

Bequests Will Now Go to Hall Family and Various Religious and Charitable Institutions.

PART TO TRINITY CATHEDRAL

The will of the late Stephen D. Bangs, wealthy Omaha pioneer, leaving \$62,000 to religious and charitable institutions of this city, and the remainder of a \$300,000 estate to the family of the late Richard S. Hall, a stepson, was sustained by District Judge Estelle.

George H. Bangs of Wayne and Gilbert M. Bangs of New York, cousins of the late Mr. Bangs, withdrew their contest following discovery of a prior will leaving practically all the estate to the Hall family. The will made the day prior to Mr. Bangs' death, which occurred December 12, 1914, had been sustained by county court and an appeal had been taken to district court by the contestants.

When the case was called for trial the contestants allowed it to go by default. In the belief that it would be impossible to overturn two wills. The former will had been placed in the vaults of the county court.

Trinity cathedral, Gardner Memorial parish house, Clarkson hospital and the Associated Charities will receive a total of \$62,000 from the estate. Mrs. Florence W. Hall, 324 Farm, Richard W. Hall, Dorothy Hall, Janet E. Hall and Jasper L. Hall will inherit the bulk of the remainder.

Beauty More Than Skin Deep. A beautiful woman always has good digestion. If your digestion is faulty, Chamberlain's Tablets will do you good. Obtainable everywhere.—Advertisement.
