By MELLIFICIA. Tuesday, May 25, 1915.

HE return for several days of a former popular member of the younger set has been the cause of interesting conversation among the debutantes.

Rumor had it some time ago that the engagement of this gentleman and one of their set would be among the interesting announcements of the early spring, but the young man's exodus put an end to speculation. Now his return starts things again.

And then you know the well known widower, who has recently purchased a perfectly grand, new, red touring car, the facsimile of one owned by a prominent merchant, has been profuse in his attentions to a charming widow. They are companions on all occasions, dine a deux evening after evening at the Fontenelle. Friends of the pair say an early wedding is to be announced soon.

### Schopp-Norris Wedding.

A very pretty wedding was solemnized this morning at St. Bernard's church in Benson and was that of Miss Helen Norris, daughter of Mr. and Mrs. E. W. Norris and Mr. William Schopp.

The Rev. Father Buckley, pastor of the church, performed the ceremony.

The wedding was small with only relatives present. The church was decorated with palms, ferns and quantities of spring flowers, bridal wreaths predominating.

The bride wore a gown of white satin charmesse elaborately trimmed with princess lace. Her lilies veil was caught with sprays of lilies of the valley and she carried a shower bouquet of bride's roses and pansies.

Miss Mary Norris, sister of the bride, was the maid of honor. She wore a gown of pink pussy willow taffeta and carried an arm bouquet of Killarney roses. The groom was attended by his brother, Mr. J. Schopp, as best man.

The ceremony was followed by a wedding breakfast for the bridal party and a few close friends of the family at the home of the bride's parents.

Mr. and Mrs. Schopp will leave this evening for a trip west and will be at home July 1.

## FOUR INCHES OF RAIN AT TEKAMAH

Entire State is Given the Heaviest Drenching of the Season Monday Night.

### HIGH WINDS IN THE WEST PART

While some localities in the western portion of Nebraska were going through the experiences of having a tornado, or cyclone, later in the night every other portion of the state was having one of the heaviest rain storms of the season. Not only did Nebraska experience a rainfall of from one-half to four inches, but the same unusually heavy precipitation extended well over into Iowa, delaying traffic on the railroads and in many places badly washing the grades.

The Milwaukee suffered the most severely on account of the storm. Its train, No. 15, was held thirty minutes at Manila on account of the severity of the storm and then came through at a slow rate of speed, feeling its way.

Train No. 11, the Omaha express, due to arrive in Omaha early in the morning, was held at Manila on account of a wash-out west of the town that undermined 300 feet of track. It was late in the day when this train arrived.

### Four inches at Tekamah.

The heaviest rainfall reported was in the vicinity of Tekamah, forty-seven miles north of Omaha. There the rain took on the proportions of a water-pour, there being 4.39 inches of precipitation during the night. Fish creek that flows through the town, overflowed its banks and spread over the lowlands. Basements on the high grounds were flooded and on the creek bottom the water came

up onto the first floors of the houses. Crops up the creek valley were washed out and gardens in town completely ruined by the debris that was washed over them.

For several miles south of Tekamah the tracks of the Omaha road were covered with water, in some places to a depth of a foot or more. However, the water ran down quickly and trains came in on time.

Down the Missouri river in the vicinity of Brownville and back in the state in Otoe, Nemaha and Richardson counties, according to the reports to the Burlington and the Missouri Pacific, in many places during the night there was a rainfall of three to four inches. No damage, however, was reported to the headquarters of the roads.

Out in the state, while the rainfall was not so heavy as along the Missouri valley, it was from one-half to two inches. Morning reports to the railroads indicated a cessation of the storm and clearing weather.

### Police Swoop Down on Coin Matchers

Chief of Detectives Maloney, Detectives Devereux and Officer Lester Warner went out on a burry call to Fifteenth and Leavenworth Tuesday noon and returned with W. H. Wilson, no address given, and Edward Nelson, stopping at the Carlton, whom the police declare are such wanted coin men. The detectives found the illustrious pair matching dollars with Carl Dico of Eustis, Neb., who is in Omaha getting his eyes treated. They had \$3 of Dico's money and his watch when the law swooped down on them. Leon Felix, another alleged confidence man, was picked up on the trip back to the station and all three are held as suspicious characters.

### Luncheon at Fontenelle.

Mrs. A. C. Smith gave a luncheon today at the Fontenelle, when members of the Colonial Dames society were the honor guests. Spring flowers decorated the table and covers were placed for twenty-five guests.

### Personal Mention.

### Final Services at First Presbyterian Church This Sunday

Final services in the old First Presbyterian church, Seventeenth and Dodge streets, will be held Sunday, before the edifice is vacated and torn down to make room for a modern structure for the Brandeis stores, which have bought the property.

Rev. Edward Hart Jenks, the pastor, will preach a special memorial sermon Sunday morning, covering the forty-five years since the church was erected. At 4:30 in the afternoon a communion service will be held. The Young People's Society of Christian Endeavor will hold a memorial service at 7 p. m.

As a sort of "house cooling," preliminary to vacating, an old-fashioned social will be held in the church parlors Friday evening by members of the congregation, Sunday school and other organizations of the church.

### Summer Tourist Excursions.

Effective June 1, Nickel Plate road will sell reduced rate tickets to various eastern points. Confer local agent or write John Y. Calahan, A. G. P. A., 26 W. Adams St., Chicago.

### MORE FREEDOM NOW IN HAIR-DRESSING

Hairnets have become as indispensable as hairpins, in dressing the up-to-date coiffure. Never before has fashion permitted women so much freedom in dressing their hair according to individual becomingness, rather than to styles, which were usually originated by women of entirely different type, nationally and facial contour. There is at present but one rigid requirement for a modish headdress—and that is smoothness. "Tasteful" hairpins—all of which are rendered useless by the first gust of wind, or an hour's wearing of a hat.

But any woman will realize that they are not a luxury, even though she has never tested them by actual wear. If properly put on and removed and carefully laid away while not being worn, you will be surprised how long a net will

"I positively hated to wash my hair until I got Lee's Liquid Shampoo."—An Omaha Lady.

Most every one has a dread of the ordinary shampoo;—of the time consumed and labor involved,—of the stiff, arbitrary condition of the hair afterward,—of the unpleasant feeling of soap left in the hair,—the fear of hurting the hair or of taking cold,—the difficulty of obtaining soft water, etc.

All of these troubles are overcome by use of Lee's Liquid Shampoo. A few ounces of soft water is best for the "lather-up" but even that is not essential. A man can take a shampoo while taking a bath and quicker than he can shave. A woman can shampoo in five minutes, hair dry in fifteen to thirty. The hair goes right back to its old training. There is no soap, grease, dirt, or dandruff left behind. There is no unpleasant after-effect or odor. No danger of hurting the hair or of taking cold.
