

Club Society

By MELLIFICIA. Monday, May 31, 1915.

An interesting story is making the rounds of the college set and has been the cause of the greatest speculation among them as to just who she was.

A modestly dressed young woman boarded the Burlington train for Lincoln to attend the last Pan-Hellenic dancing party.

The young lady retired to the dressing room and after a long wait the passengers began to inquire for her safety, when she emerged to dazzle their eyes with a stunning evening gown.

Many guests from Omaha attended the affair and some of them did not arrive in Lincoln until 9:30 in the evening and consequently it was imperative that they be dressed and ready for the dance by the time the train pulled in. It is presumed that most of them either fussed up before they left Omaha, or else waited until they could get to a Lincoln hotel to put on the finishing touches. But at least one of them prepared her toilet in a Pullman dressing room and the question now bothering the fraternity men is:

"Was my girl the one who caused such a commotion on that train?"

At Happy Hollow Club.
The Happy Hollow club had the largest opening in the history of the club Saturday evening. Tables were placed in the ball room and 350 guests were served at dinner. Miss Mabel Morrow gave a luncheon of seven covers today. Mrs. E. O. Hamilton had ten guests and Mrs. H. A. Adams five. Dinners on Tuesday evening will be given by Mr. and Mrs. H. C. Brown, who will have eight guests, and Mr. and Mrs. E. C. Henry, who have reservations for eight, and Walter D. Silver for four.

FAVORS MUNICIPAL DANCE
Dr. Clark Examines Hanscom Park Pavilion and Thinks It Would Be Ideal.
PERMIT FOR PRIVATE PARTY
Zoro D. Clark of the recreation board made an examination of the upper floor of the Hanscom park pavilion on Sunday, with a view to recommending to the board the holding of municipal dances.

"I am not ready to state just what would be the best plan for these dances, but it seems that this would be a desirable feature in connection with the municipal recreational activities. Other cities have found these dances popular and successful. Supervision, of course, is necessary for such functions," stated Mr. Clark.

Part of the upper floor of the pavilion is without walls and the outer space is a wide porch extending around the four sides of the building. This affords plenty of room for dancers.

To Issue Permits.
In this connection Mr. Clark looks with favor on the proposition on allowing private organizations to use this floor on specified evenings and upon the issuance of permits in the same manner as are now granted for the use of ball diamonds in the parks and playgrounds. Such a permit would give the use of this floor for a certain evening and would hold the grantee responsible for the manner in which such permit would be honored. Any misconduct would result in refusing further permits to the organization abusing the privilege. Mr. Clark does not look with favor upon the protest of an improvement club against the proposed municipal dances in the Hanscom park pavilion. He is willing to try the experiment and feels that the recreation board can make a success of the idea.

This matter will be discussed at a meeting of the recreation board Thursday evening in Commissioner Hummel's office, when Cyrus F. Stinson of the National Playground and Recreation Association will speak.
