

VERBAL FIREWORKS AT SUFFRAGE MEET

Dr. Anna Howard Shaw and Mrs. Youmans Clash Over Status of Congressional Union.

ISSUE IS LAID ON THE TABLE

CHICAGO, June 7.—The mid-year conference of the National American Woman Suffrage association was only half an hour old today when verbal sparks began to fly.

The trouble arose over the Congressional union, a suffragist organization said to advocate militant methods, including attacks on parties and individuals which oppose the woman movement.

Mr. Youmans offered a resolution calling for an arbitration committee on which the Congressional union should have fair representation to consider all matters bearing on the subject.

A motion to table, by Mrs. Stanley McCormick of New York carried to 25 above the protests of Mrs. Youmans, who insisted that she had a right to address the delegates on the subject.

"A motion to table is not open to discussion," said Dr. Shaw, as she brought the gavel down and insisted on order.

The vote was taken and the Wisconsin leader obtained recognition long enough to say:

"I wish to enter my solemn protest against tactics which shut off discussion of this most important subject."

Mrs. Upton explained that the tabling of the resolution was not done to oppose to the subject matter in it, but to the necessity of strengthening out the various problems before the conference.

Representatives of the states were called upon to report progress in organizing the congressional districts.

Among other state presidents in attendance at the first session were Mrs. Walter McNabb Miller, Missouri, and Mrs. Draper Smith, Nebraska.

The representation from the south was unimpressively large, while New York and other eastern states, where the women are fighting for the ballot, sent restricted delegations.

Miss Blackwell Predicts Victory. Alice Stone Blackwell of Boston, a veteran suffrage leader, declared that the addition of only a few more suffrage states would bring congress to the point of submitting to the people a nationwide suffrage amendment.

Miss Blackwell said: "Some people talk as though the only difficulty in our way was congress, but that is a mistake. Our real work will begin after congress has passed such an amendment and submitted it to the states for approval or rejection. We shall have to carry thirty-six state legislatures. This will be a much tougher job than passing it through congress, but it can be done. The elder Vanderbilt said that he found it harder to make his first thousand dollars than all the rest of his fortune, and it will be harder to get the first fifteen states than the last thirty-three."

The number of suffrage states has grown from four to twelve in the last five years. This has changed the status of our question in congress from content to serious interest and respect. It has given us a majority vote in the senate and a very large minority vote in the house. Only the addition of a few more suffrage states will be needed, in my opinion, to bring us the necessary two-thirds vote in congress for the submission of the nation-wide suffrage amendment.

"Therefore, if we want favorable action by congress, the most vitally important thing to do now is to get more suffrage states."

National Women's Trade Union League Meets in New York

NEW YORK, June 7.—Nearly thirty trades in which women are employed and more than 100,000 women workers were represented by delegates to the biennial convention of the National Women's Trade Union League of America, which began here today and will continue throughout the week.

Chief among the subjects to be discussed are the organization of all workers into trade unions, equal pay for equal work, an eight hour day, a living wage and full citizenship for women. It was reported also that some of the delegates would advocate a six-hour working day for women.

Delegates from many cities, including St. Louis, Chicago, Philadelphia, Baltimore, Boston, Denver and Los Angeles rode in a procession down Fifth avenue today and gathered at the trade union headquarters for the opening session. Tonight they will attend a mass meeting in Cooper Union.

Leaders in many branches of women's employment will address the session. Among the speakers are Samuel Gompers, Mrs. Carrie Chapman Catt, president of the woman suffrage party; Mrs. Charles Foster Tamm, delegate from the National Woman's Trade Union League; Miss Louise Mittlesteadt of Kansas City and Miss Agnes Nestor.

The woman suffrage party will give a reception to the delegates Tuesday and on Wednesday they will be entertained at the Henry Street settlement. Mrs. Raymond Robin, one of the leaders of the garment workers in Chicago presided as president of the National League.

GERMANS SEND LARGE FORCES TO WESTERN ARENA

(Continued from Page One.)

Paris, June 7.—The French war office this afternoon gave out the following statement on the progress of hostilities: "In the sector to the north of Arras last night was marked by an engagement of artillery of extreme severity, particularly in the vicinity of Loreto, of Abtain, of the Cabaret Rouge, near Souchez, of the Labyrinth and of Ecurie."

"The enemy in this same sector delivered two counter attacks, each of which failed completely. One was against the sugar refinery of Souchez, which was checked by the fire of our artillery, while the other was against the northern part of the Labyrinth, which was driven back by our infantry."

"On the other hand our forces have made further progress. Particularly did we gain ground one kilometer (two-thirds of a mile) east of the Chapel of Loreto and in the central part of the works called 'the Labyrinth' we advanced about 100 yards."

"This morning about 5 o'clock we delivered an attack near Hebruteure against the positions of the enemy located in the neighborhood of the Tonivent farm. Here we occupied along a front of 1,200 yards two successive lines of trenches, made some prisoners and captured some machine guns."

"To the north of the Aisne, not far from Mouth-Sous Youvent the counter attacks on the part of the enemy reported yesterday continued throughout the entire night. In this very intense fighting we have retained our gains, at the same time keeping possession on this front of about one kilometer, the two lines of trenches captured by us from the enemy during the day."

"The endeavor to bombard Verdun, reported the day before yesterday, has not since been repeated."

"There is nothing to report from the remainder of the front."

Berlin, June 7.—(Via London.)—The war office issued the following statement today: "Western theater: The French renewed their attacks on the southern slope of Loreto Hill during the afternoon of yesterday. Their attacks broke down under our fire. Further attempts to make an attack during the night were stopped at the outset."

"The enemy attacked unsuccessfully this morning southeast of Hebruteure, east of Doullens. The battle has not yet come to a conclusion. A French attack along the large front at Mouth-Sous-Youvent, northeast of Soissons, was for the greater part repulsed immediately. In only one place did the attack reach our outer trenches, for possession of which fighting continued."

"Our position at Vauquois was attacked yesterday. Notwithstanding the employment of incendiary implements, which covered our trenches with slightly burning liquid, the French did not succeed in penetrating into our position. The enemy died back into its own trenches, with heavy losses."

"Eastern theater: North of Kurschany our cavalry forced a passage across the Windau and advanced in a southeasterly direction. East of Kurtowiany and in the region east of Radniki our offensive made good progress, and an additional 2,500 prisoners and ten machine guns fell into our hands. South of the Niemen the bank of the river has been cleared of all enemies as far as the line from Tolauis to Salmyskai."

"Southeastern theater: During the battle at Prasnyal 2,806 prisoners were taken. East of Prasnyal the troops of the Teutonic allies continued their victorious battle. They drove back the enemy towards Wyssala, to the northeast of Moplaske. Part of the army under General Von Idzingsen has crossed the Dniester at Zurawna and has taken the hill to the north of the eastern bank by storm. Further south the pursuit reached the Niemen-Kalwa-Tomaszowice line. The number of prisoners taken has been increased to more than 2,000."

OMAHA NURSE WHOSE BODY WAS FOUND AT GLENWOOD

MRS. DORA WALLING-RILEY.

Body of Omaha Nurse Found Near Glenwood in Flooded Waterway

The body of Mrs. Dora Walling-Riley, wife of Joseph Riley, engineer at an Omaha hospital, was found in Keokuk creek, immediately east of Glenwood, Ia., yesterday afternoon, the young woman evidently thrown herself into the water eleven days ago when she was missed by her relatives near Glenwood.

Identification was made possible only by means of a red rubber finger stall which she wore to protect a fresh scar of a treatment for keloid. One foot projecting from the water led to the discovery by a riverman, the rest of the body being imbedded in mud.

Mrs. Riley was living apart from her husband and had been making her home with her brother, Sidney Walling, in West Glenwood during the illness of his wife. She was married in Omaha in January of this year. She left her brother's house May 21, saying that she was going to the postoffice and no one remembered seeing her afterward. She was 27 years of age.

German Subsea Craft Caught in Net Surrender

NEW YORK, June 7.—Three German submarines were trapped and captured in the Firth of Tay, near Glasgow, according to persons arriving here today on the steamer Cameronia from Glasgow and Liverpool. It was not far from the city, had been detected there and trapped by nets dropped in the narrow fairway, through which they would have to leave. They remained submerged for sixty hours, it was said, then came to the surface and surrendered.

No such incident has been mentioned in any of the official British announcements.

When the Cameronia left Glasgow ordinary business there virtually had been suspended and all available men were employed in the government ship yards.

On the outward voyage the Cameronia took more than 1,800 Canadian troops across the ocean. Six torpedo boat destroyers convoyed it through the war zone.

Motorcycle Rider Shot Through Back

VISALIA, Cal., June 7.—A bullet pierced the back of Monroe Brinkley, aged 24 years, while riding a motorcycle yesterday with Alvin Wilson, aged 15 years, perched on the seat behind him. He was instantly killed. The ball clipped the finger of the girl, who had thrown her arms about Brinkley's neck to protect him. John Wilson, the girl's father, is under arrest here today charged with the shooting.

Exports Show Loss in Manufactures Despite War Orders

WASHINGTON, June 7.—"Despite the so-called war orders," says an official analysis of foreign trade issued today by the Department of Commerce, "the exports of manufacturers of all kinds, other than foodstuffs, have been less than in the similar period before the war."

The statement refers to the foreign trade for the ten months ended in April which shows a trade balance of almost \$1,000,000,000.

"The normal sales of manufacturers during peace," the statement says, "were greater than those under existing war conditions. Because of this fact and the extraordinary shrinkage of exports of crude materials it is found that the net increases in our total exports has been wholly in foodstuffs."

One of the outstanding features of the analysis is that more than \$4,000,000,000 worth of American horses and almost \$10,000,000 worth of mules have been fed in the battlefields. Ten million dollars' worth were sent to Europe in April alone.

In Europe alone of the world's grand divisions, has American foreign trade increased. European nations took \$277,000,000 more of American goods during the ten months than during the same period the previous year. North American nations took \$45,000,000 less; South American nations \$2,000,000 less; Asiatic nations \$4,500,000 less; African countries \$200,000 less, and Oceanic countries \$3,200,000 less.

Great Britain took \$204,500,000 more during the period than in the previous year's period; France \$13,000,000 more; Italy \$34,000,000 more; Sweden \$3,700,000 more; Netherlands \$2,400,000 more; and Norway \$2,000,000 more. Exports to Germany showed a \$20,000,000 decrease; Austria-Hungary a \$18,000,000 decrease, and Belgium a \$24,200,000 decrease.

Lincoln Will Have New Orpheum Theater

(From a Staff Correspondent.) LINCOLN, June 7.—(Special Telegram.)—Arrangements were completed today for the early erection of a new Orpheum theater at the corner of Twelfth and O streets. There has been a bitter fight between the south side business interests and lots had already been fought at Fourteenth and N streets for the building, but the north side interests have won the fight. The theater will be erected at a cost of about \$125,000. The old Orpheum will be used as a combination picture and vaudeville theater.

Carranza Troops About to Occupy Capital, Says Envoy

NEW YORK, June 7.—Gustavo Espinosa Mireles, private secretary to General Venustiano Carranza, who reached New York yesterday on his way to Washington on what he terms "a very important mission," issued a statement today in which he said that peace seemed near in Mexico and that the campaign of the Carranza forces against Villa and his followers would not be prolonged more than three months.

He said he had just received a message confirming news of an overwhelming defeat administered General Villa and Angeles near Leon by General Obregon with the capture of all the artillery and trains of the defeated armies. Carranza troops, the statement continued, under command of Pablo Gonzalez, were about to take possession of Mexico City.

Italian Monks Are Arrested on Charge of Aiding Enemy

BARI, Italy, June 6.—(Via Rome and Paris, June 7.)—Certain details of the recent arrest here of five Dominican monks, whose monastery windows looked out over the Adriatic, have been made public.

An army lieutenant noticing the flashing rays of a strong light, traced them to the monastery. The monk in charge declared there were only three monks in the building. A second monk appeared, but the lieutenant could not locate the third. Finally he broke down the door of a cell and found within a monk who had a war map upon which were annotations of military value.

All three monks said the upper story of the monastery was not in use. Investigation showed on the upper floor there had been set up near a window a large reflector for signalling purposes. Here also two more monks were found. All were taken into custody.

The search of the lieutenant revealed a large number of documents and notes prepared by the monks, together with letters from colleagues in Vienna.

Under the law it is impossible for the Italian authorities to search the premises of religious institutions unless they have direct evidence of acts believed to be against the interests of the state.

First Trainload of Refugees Leaves Mexico City Today

WASHINGTON, June 7.—Ninety American, forty-four Englishmen, 127 Spaniards and fifty-seven others of various nationalities will comprise the first refugee party leaving Mexico City today on the special train which the Brazilian minister, acting for the American government, has arranged.

Other refugees from the famine-stricken capital, who will leave later to join the party at Vera Cruz will bring the number to more than 200. The British consul has advised American Consul Gillman that many women and children are among the number.

The Villa-Zapata authorities in Mexico City will send a train to Tizayuca, where it will be met by a train from Vera Cruz, in charge of Consul General Shanks.
