Remedy.

The appearance of pimples, boils, skin sruptions and all evidence of impure blood, calls for S. S. S., the famous blood purifier. Cathartics, purges, bowel movers and lax-

stives won't do.

No amount of bile will destroy certain germs which cause blood and skin eruptions.

They are away down deep in the tissues, perhaps in the very marrow of the bones. And such a condition calls for the searching influence of S. S. S. It is indeed a remark-

able remedy, since it is taken up by the blood stream and never loses its medicinal influ-ence. On and on it goes, through and

through the entire system and always with the same definite action to dislodge germs, destroy their activity and stimulate the liver,

lungs, kidneys, bowels and skin to throw them out completely. It stimulates stagnant blood, provides a

rational exhibitantion to the nerve centers and thereby the natural functions of the body are aroused to cast out intruders, no matter how atrongly intrenched they may be. It refutes

the ancient theory that to destroy within us the germs that eat into our vitals calls for drugs that destroy our very existence. Get a bottle of S. S. S. today of any druggist and for special advice on severe blood disorders write at once to the Medical Adviser, The Swift Specific Co., 103 Swift Bidg., Atlanta, Ge. Do not secret a substitute.
