The final work of the convention consisted of the election of a national chairman and the choosing of the next convention city.

Rev. A. A. Brooks of Hastings, Neb., was chosen national chaplain by a large majority and his election was made unanimous.

**Nemo Annual "Vacation Special" Sale**

The Nemo Vacation Special has all the Nemo points of goodness to recommend it, excepting that it is not a self reducing corset, although it is quite suitable for the average medium full figure as well as for slender figures.

Strong, durable, comfortable, and because it is made of the famous Steatiz fabric it is cool in the warmest weather. Made with medium bust, gored to insure ease and freedom when you breathe.

Do you know that the correct poles of the figure is attained only by the proper fitting corset, throwing the chest forward and the hips well back, giving support to the abdominal walls and throwing the weight of the body on the ball of the foot? When this done every function naturally takes its place.

The most unusual corset value of the season. This Nemo Special is fitted without extra charge at only \$2.
