There were not enough feeders in the yards to test out the market, but the feeling was firm. There was quite a sprinkling of trachy stock cattle, but they are more or less neglected and slow sellers every day.

NEW YORK STOCK MARKET Burglar Crashes

Foreign Affairs Again Take Precedence in the Securities Market.

DECLINE IN CANADIAN PACIFIC

NEW YORK, June 23.—Foreign affairs took precedence again today in the stock market, prices being governed, so far as they manifested any definite tendency, by the Russian defeat in Galicia and further seiling of American securities in London. While these sales were not extensive, they were sufficiently large to effect a decline in Canadian Pacific to 147%, the olwest since 1928, when the stock was on a 7 per cent basis. The present return is 19 per cent.

Conditions abroad were further complicated by renewed weakness here in French and German exchange. Paris checks were quoted at the new record of 5.49, despite the virtual consummation of a new French loan by New York bankers, and remittances to Berlin and Hamburg at 31% duplicated the recent low record for marks. Sterling was fairly steady, firmness resulting from local buying of London bills to meet recent sales there of American stocks. A considerable part of today's sales for London probably was caused by the desire of British investors to participate in the new war loan.

Reading's strength and activity, to-

sire of British investors to participate in the new war loan. Reading's strength and activity, together with advances in other coal shares, furnished one of the few features of the day. Lackawanna added another points to yesterday's gain, making a total of 15 points in two days. Baltimore Ohio and St. Paul also rose moderately, and Rock Island, Western Maryland and Minneapolis & St. Louis gained 1 to 4 points.

points.

War specialties were more variable than usual declines and advances being fairly divided. Coppers were lower, reflecting the stagnant slate of the metal market. Lowest prices were recorded in the final hour, recessions in Union Pacific and United States Steel causing a heavy close. Total sales 28,000 shares.

The effect of additional foreign offerings was apparent in the irregular market for bonds, particularly the international group. Among the minor inactive issues some sharp gains were made. Total sales, par value, aggregated \$2,510,00. United States bonds were unchanged on call.

Through a Screen Door to Get Away

A thief who evidently believes in visiting each house in the particular locality in which he operates accomplished the following Tuesday night: After gaining entrance to the nome of Frank Palo, 1415 North Eighteenth street, and stealing a watch and \$5, he visited Bert Ayres' residence at 1409 North Eighteenth street and carried away \$20. Sam Ricker was the last in the neighborhood to suffer a visitation, and at his home the marauder secured two watches and \$3.

Abe Magile, nephew of Ricker, was awakened by a flash of light from an electric torch, and sitting up in bed heheld the thief in his room.
