Suburban Acres in Benson Gardens

You, no doubt, have dreamed, as thousands of others have dreamed, of some day retiring from active work and thereafter living on your income.

You will admit that you are not accamulating very rapidly. but the longing is daily growing stronger to be independent of the shop, store or office. The man working for wages or a salary is more or less of a slave. He is so dependent upon his pay check; he is so busy making a living that he hasn't time to live.

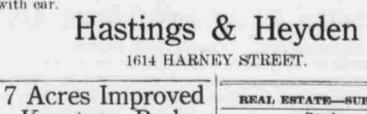

Are you in that class? And haven't you often pictured the time when you could get a small tract of land and live over again the pleasant days of the old farm? Have you and your wife pianned some day to get away from the constant grind of the city ? Have you not thought seriously of getting out where your children could have more room, where you could grow fruit, chickens, keep a cow and grow all the garden stuff your family would need?

Raising children on the city streets is quite a problem. Most of us prefer children with sunburned faces rather than freckled characters.

Benson Gardens is a beautiful tract of land, rolling, fertile, conveniently located and in line with Omaha's future growth.

Benson Gardens is favorably situated, being just West of

Benson Gardens is favorably situated, being just West of Benson, on pavet road and close to car. You can hold your city job and live in the country; you can have country living with city privileges.
 Benson Gardens means that with even a small amount of money you can have a little farm; you can begin NOW to accumulate for the rainy day. You may begin TODAY building that home you and your wife nope to have in your old age. \$10.00 DOWN-\$10.00 A MONTH.
