

C. WHITE, KNOCKOUT ARTIST

Chicago Lightweight Shatters Ring Etiquette by Delivering Sleep Punch Occasionally.

IS HOT ON THE TRAIL OF WELSH

By RINGSIDE.

NEW YORK, June 26.—Charley White (as Charley Anchowitz) is rapidly developing into a modern ringaddy—a genuine honest-to-goodness knock-out.

White, by his many recent knock-outs, has driven fear into the hearts of contemporary lightweights, but his unparalleled performance of five straight knock-outs of class men in about as many weeks has endeared White to the fight-loving populace and has made him the leading contender for Freddy Welsh's lightweight crown.

Pat's Five to Sleep.

Since the new year White has listed among his knockout victims men who had never suffered the sensation of a knockout before. Sam Robideaux, Hal Stewart, Jimmy Murphy, Charley Thomas and Eddie Murphy were among those to crumple before White dead-punch who had never measured their length on the canvas previous to colliding with White.

It was not until White had been dabbling with the padded gloves for six years, from 1907 to 1913, that Nate Lewis, his first and only manager, resolved to make a knockout artist of his clever charge. And how well he succeeded is best attested to by the record book.

In his first year as a demon wallop White put to sleep Joe Thomas (twice), Jake Abel, Mickey Sheridan and Kid Kansas, among others. Then, in 1914, Harry Donohue, Kid Kansas (again), Stanley Yankum, Joe Azevedo and Danny O'Brien succumbed to White's left hook.

Speaking of Yankum and Azevedo, who are considered quite some chunks out west, that reminds us.

Mr. Charley White takes umbrage at our imputation last week that he has not been so very successful in distance bouts. We casually mentioned that he lost decision to Jack Britton and Danny Webster and was held to a fifteen draw by Bobby Waugh. In rebuttal White, or rather Manager Nate Lewis, offers proof of a nineteen-round knockout of Stanley Yankum, and an eighteen-round knockout of Joe Azevedo about three weeks after the Yankum affair. And these bouts took place only a year ago.

Being taken aback by such conclusive evidence, we implored Mr. Lewis to explain.

"When Charley was only 20, and a

featherweight," began Nat. "he lost that hair-line decision to Webster. I didn't mind the verdict, for I was elated to learn that White could go the twenty rounds.

"Against Britton, Charley fought himself out in the early rounds; then again, he was outwitted by many pounds. Satisfactory enough?"

"We agreed it was. Nate then assured us that if ever White got Britton in the ring again he would atone for that other affair. We shall see.

Welsh Dodges Match.

Freddy Welsh has cleverly dodged a match with White for July 5, but Charley is still hopeful of engaging the champion in combat on September 27. Lewis is willing to make any concession to towards Welsh into the match, even if going to the extent of contributing towards Welsh's purse.

So supremely confident is White that he will become the next champion that he will agree to any agreement Welsh suggests in order to clinch the match.

Shugrue to Come Back.

Joe "Young" Shugrue, who put up some astonishingly good battles in this vicinity before his eyes went back on him, necessitating several operations, expects to return to the ring by early September. Joe has regained the sight of one eye, and the other is mending rapidly. Shugrue became temporarily blind after he had outpointed Champion Welsh in ten rounds at the Garden.

Two-Hundred-Mile Motorcycle Race to Be Staged in Omaha

Some time between July 5 and August 15, probably about July 25, a 200-mile motorcycle race will be held on the Omaha auto speedway.

Such is an announcement made by Bert Le Bron, president of the speedway company.

Since the pop-pop boys have been climbing off 100 miles an hour at the motorcycle saucer Omahans have been anxious to see long-distances races such as are held on the Pacific coast. Le Bron, in a conference with the riders now here, decided that such a race could be held, and in a short time the date will be set.

Any rider, be he amateur or professional, will be permitted to enter this contest providing, of course, he is a registered rider of the Federation of American Motorcyclists, under whose sanction the meet will be held. A large purse will be put up for the winner and for several of the subsequent places. The winner will be awarded the championship of Nebraska and Iowa.

It is thought that the first machine will clock home in a little over two hours and the race should be entirely completed in three hours.

All of the riders now at the Stadium Speedway will enter the event. They will have to get different machines from the factory, as the machines they now use are short-distance machines and would burn up after twenty-five or thirty miles. It is expected that some twenty-five machines will be entered in the event when it is staged.

Hirny Wants His Pay.

It is said that Joe Birmingham, the deposed Cleveland manager, intends to put up a fight to collect salary on his contract with President Somers. Birmingham's contract with the Cleveland club holds good until 1916, and he intends to either secure a compromise or fight for full pay.

TEACHES MAISEL HOW TO HIT

Dan Brouters, Famous Slugger of Old, Makes 300 Hitter of Little Yankee Third-Sacker.

Wahoo is to Coach Carlisle

By FRANK G. MENKE.

NEW YORK, June 26.—Dan Brouters, famous as a slugger in the bygone days of base ball, seems to have developed Fritz Maisel of the Yankees into a nifty little clouter.

Maisel's greatest weakness up to the early part of this season was his batting. He used to use a light bat and swing with all his might.

"Don't do that," Brouters told Maisel shortly after the season opened. "You've got a good eye and good judgment and you would be a good hitter if you didn't swing so hard."

"How'll I swing, then?" asked Maisel of Brouters, who is employed at the Polo grounds.

"Get a big club and swing easily," was the answer. "Just sweat the ball; don't try to kill it. Always use a big bat. When you use a light one it's too great a temptation to swing with all your might. That puts you off your balance and you can't hit successfully. All the leading batters of this day and of the old days use heavy bats."

After Brouters had spent about half an hour a day for a week teaching Maisel how to use a big bat and how to swing it Maisel carried the big bat into a game. The result was that Maisel got two hits. The next day he got two more, and ever since he's been hitting at a 300 clip.

Eight Caddies.

Caddies sometimes have a ready answer for disgruntled golfers, as the following story will show:

A dub golfer went on the links one day to practice. He siced in a horrible fashion and his caddy had to run to every quarter to retrieve the ball.

After three balls had been lost the golfer, in an angry mood, snapped: "Boy, I thought you came out here to look after the balls!"

And the caddy responded: "Well, mister, if you thought that way it seems that we both made a sort of mistake, because I thought you came out here to play golf."

Wahoo to Succeed Warner.

Carlisle foot ball authorities probably will name Charley Wahoo, as coach for the 1915 foot ball eleven to take the place of Glen Warner, who resigned during the winter to take charge of the University of Pittsburg outfit.

Wahoo was one of the most famous Indians that ever played an end position. He was on the 1904-05 Carlisle eleven and since then has coached some of the eleven in the south.

Lajoie Teaches Malone.

Larry Lajoie is showing his real manhood by devoting all his leisure time to teaching Ted Malone, the new second sacker of the Athletics, the intricacies of the second basing job.

Malone is a 1915 college graduate and looks like a corner. Lajoie is old and fading. Without Lajoie's aid it might be two or three years before Malone would develop into a real star. For just that length of time Lajoie would be pretty sure of his job as an Athletic regular. But Lajoie doesn't think about himself. He is thinking about the man he is

ing to develop his successor as quickly as possible, not minding what will become of him after Malone pushes him out of his regular job.

John Has Hard Time.

John Retaker, who used to devote himself exclusively to barbering New York's elite, and who later branched off into the managing game, seems to be an unlucky individual. John added the details of Willie Beecher for a considerable period. He yearned to match Willie with Freddie Welsh. He got his chance on twenty-four hours' notice.

Beecher, many pounds over weight and out of condition, was called upon to substitute for Charley White in New York during the winter. Beecher was game; he accepted the bout and battled Welsh for ten rounds, but he was in such poor shape that Welsh shaded him by a mile.

Later on John the barber parted company with Beecher and took upon himself a nifty looking lightweight named Young Brown. This Brown person made a fine showing in and around New York. John the barber had visions of some day being the manager of the lightweight camp of the world. And then Brown tackled Charley White and the dream faded because White knocked out Brown in the first round.

Second Flight of City Golf Tourney to Be Played Today

The second thirty-six holes of the city golf tournament will be played today at the Happy Hollow club. There will be four flights, each of thirty-six holes, the championship flight, the Class B flight, the Class C flight and the consolation flight. Sixteen players compete in each of the first three flights and the remainder of the field in the consolation event. The championship flight will start at 8 o'clock this morning when the first eighteen holes will be played. The second eighteen holes will be played this afternoon, starting at 1 o'clock.
