with old potatoes almost off the market, which made the work a great deal apply the Omaha course of study to the or at least not handled extensively by harder for the horses, and at the same books now in use and as the old books many firms.

Watermelons Here.

Watermelons are on the market at 31/2 the ground was muddy. cents a pound. They come from Texas and are said to be showing good quality. Pineapples are about over. Gooseberries are about gone, cherries are winding up, and strawberies as a thing of the past.

Raspborries, blackberries, currants and logan berries are taking their places.

Lemons are cheap and the indications are that they will be cheaper for the Fourth of July this year than they have been in many years. This will mean that if the man who makes lemonade on the listments, both in the jungles of the he can afford to give one a better grade of lemonade on that day for a nickel than he has been able to do for some years. Last year lemons were as high as 40 cents a dozen on the Fourth of July and the lowest price was a quarter. This year they can be had for 15 cents a dozen up to 30 cents, with 25 cents about the highest price for the best quality.

Rosating ears are here clear from Home grown corn is expected within two never been wounded, though he has been weeks. Field corn will be a little later in some stiff fights in the Philippines. than usual this year.

#### Vegetables Chesper.

Green and wax beans that cost 7% cents burden and assimilating benevolently our a pound iast week are now selling at a nickel, while new peas that cost 7% He has a number of . a nickel, while new peas that cont in cents a quart last week can now be had at a nickel. Turnips, onions, beets, car-rots and radiabes are abundant and can ben had four and six bunches for a nickel.

Butter is up a half cent a pound, but no change has been made in the retail market. It can be had for 50 cents for the best creamery in packages or for 28 cents in bulk.

Lambs are up another \$2 a hundred. ing a strong tendency in the market.
