FIRST honors at present time are being bestowed on the ultra leather hat.

Fashion is a funny jade and pays little or no attention to having things in season. Straw hats came out in droves in the days of snow flurries, and now the mid-summer flurry and excitement of styledom has launched the ducky patent leather hats.

Some are all white, others the black and white combination and some entirely of black patent leather.

They are small and usually tilted saucily over the eye. Mrs. John A. McShane is wearing one of a black and white combination. Mrs. Fred Hamilton has one of all white leather and Mrs. W. D. Hosford wears a becoming one of white, very small and trimmed with a black patent leather stick-up.

Must Be Sold to Make Room

1916 Hupmobile

\$1085 F. O. B. Detroit

More Comfortable, More Beautiful, More Powerful—As Economical as Ever

Just as truly as first impressions are lasting impressions, you will always think of the Hupmobile as a big car—

A car of surpassing beauty—

A car of delightful comfort—

A really extraordinary value at its price.

Your first ride in it will show you performance that proves the car as good as it looks.

And your ownership will give you daily satisfaction in its economy and its never-failing service.

Please let us arrange for your demonstration at your earliest convenience.

Before you do ride in the new car, we want to tell you of some of the things which make it, in our belief, the greatest Hupmobile yet built.

On the score of quality, and resultant durability and economy, it has been difficult to make improvements.

In proof of this, we need do no more than point to the Hupmobile repair cost record of less than 1/4 cent per mile; and its well known fuel, oil and tire economy.

The new car will go as far on a gallon of gasoline and oil, although its power is 20 per cent greater.

This produces a correspondingly better performance; a response to the throttle that is hard for any car to excel.

The five-passenger model retains the generous proportions which set its predecessor apart from the usual five-passenger type.

Its riding comfort is even greater, because the cushions are two inches thicker, built of real curled hair and the finest cushion springs, and covered with genuine leather.

The conveniences which mean so much to the comfort of driver and passengers are also improved.

Perfect protection from rain is assured by the new windshield; the one-man top is even easier to operate than before; the side curtains are the same quick-acting storm-proof type.

But you cannot form a real conception of Hupmobile value by reading about it. An inspection of the car, and a ride in it, will establish the car, in your estimation, for what it actually is—the best value in the market at anywhere near its price.

If you know anything about automobiles, you surely know the esteem in which Hupmobile owners, almost without exception, hold their cars; the complete satisfaction Hupmobile ownership affords them.

This car issues from the same factory—this is produced by the same organization—that has made the Hupmobile famous for its sturdiness and economy.

Let us give you your demonstration now. Your order placed at this time will assure delivery of your new car when a car is the source of greatest pleasure.

Oh! for a Glimpse of a Rainbow of Promise?

There is a theory that the concentrated thought of a people can accomplish almost anything. We, ourselves, were like Felix, almost persuaded. From North Platte on the west to our own fair city on the east, you will find "Drive Dem Clouds Away" the popular song. Yesterday we were in the good color and we are inclined to believe that we will have a good crop after all. One month of Nebraska sunshine will don't get a bumper this year—a wonderful reserve of up, let's apply a little more axle grease and keep the wheels revolving.
