

EZEMA ITCHED AND BURNED
On Ankles, Hands and At Times All Over Body. Red and Inflamed. Could Not Sleep.
HEALED BY CUTICURA SOAP AND OINTMENT

"My eczema began with little hard pimples on my ankles and the back of my hands, and at times all over my body. They were red and inflamed, and itched and burned so severely that I could not scratch or rub them only with a soft cloth. I could not sleep for weeks at a time. I could hardly bear any tight clothing at all, and I could hardly put my hands in water. I suffered for over one year.

"I was treated but got no relief. I sent for a free sample of Cuticura Soap and Ointment which did me so much good that I bought a quantity. I kept on using them, and I am now entirely cured." (Signed) Mrs. John Hyster, R. F. D. No. 1, Cotton, Ohio, Jan. 26, 1915.

This Man Is Growing Bald—"Crystolite" Is Just the Thing for Such Cases.
 In Europe "Crystolite" is called the most wonderful discovery of the century. The judges of the Brussels and Paris Expositions, enthusiastically awarded gold medals to this marvelous hair grower.

Already since we secured the American rights hundreds of men and women have written telling of the phenomenal results obtained by the use of "Crystolite" for balding hair. Prove to me without cost how "Crystolite" stops falling hair, grows new hair, restores dandruff and itching scalp, and restores premature gray and faded hair to natural color. Write your name and address on the coupon below and mail it to Crystolite Laboratories, 24 V. Street, Birmingham, N. Y.

It Ruins Hair to Wash It With Soap
 Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multifid coconut oil (which is pure and greaseless), and is better than soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multifid coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.—Advertisement.

How To Banish Wrinkles Quickly
 If your face is disfigured with wrinkles, no matter what the cause, you can quickly dispel every line, even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered saxolite in a half pint witch hazel— inexpensive ingredients found in any drugstore. Bathe the face in this, and— presto!—you scarcely believe your own eyes when you look into your mirror and behold the marvelous transformation. The remarkable astringent action of the saxolite so tightens the skin, wrinkles are literally pressed out. Best of all, this result is not purely temporary. For the lotion also has a healthful tonic action, which tends to strengthen and tone up the weakened tissue, and added benefit may be expected with continued use. Use this once a day for a while; it cannot injure the most delicate skin; the treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance.—Advertisement.

Storage Grain is Lightest Since the Market Established
 Grain stocks in storage in the Omaha elevators continue to decrease and, according to the weekly report given out each Monday morning, they have reached the lowest point since Omaha came into prominence as a grain market. The condition of the stocks at this time, assert the grain men, is due to the fact that high prices have induced the farmers to clean out their bins. The report indicates a decrease of 453,000 bushels of all kinds of grain, as compared with the same date of last year. The figures in bushels are:

	Nov.	Last yr.
Wheat	12,000	15,000
Corn	305,000	682,000
Oats	11,000	20,000
Rye	2,000	3,000
Barley	15,000	15,000
Total	235,000	445,000

Receipts were light for a Monday, there being twenty-two cars of wheat, seventy-seven of corn and nineteen of oats on the market. Wheat was 1 cent up, with corn and oats, 2 cents down.

Prices on wheat were \$1.52@1.56, corn, 73¢, and oats, 49¢@50¢ cents per bushel.

JARDINE TO ABATE THE DUMP NUISANCE

Suit in Court Against Ohio Street Hole May Not Have to Be Pushed.
CONNELL IS AFTER ANOTHER

The city council deferred for two more weeks the Ohio street dump situation, expecting that in the interim Commissioner Jardine will work out a plan to haul the refuse of the city to Hardwood lake, along the river south of Omaha.

A suit in this connection will be called in district court Thursday morning, but in view of the disposition of the commissioners to abate the dump nuisance as promptly as possible, it is not believed this suit will be pushed.

Attorney Dunn for the protesting citizens served notice that the commissioners must act without delay or court aid will be sought.

While on the subject of dumping places Commissioners Kugel and Hummel engaged in a polemic regarding a dump at Thirty-first and Cumine streets, the sixth protest against this place being received. Mr. Kugel maintained that his health department arrested the owner of this property three times, but in each case the defendant was discharged.

"If the police judge is wrong, I'm not going to be wrong. This dump is a nuisance and should be removed," declared Commissioner Hummel.

The health commissioner was directed to abate the nuisance.

Veteran Dip Nipped Lifting Pocketbook

Special Officer Finn of the Brandeis stores arrested H. X. Williams and Richard Wallace in the act of taking a pocketbook from C. F. Siefert of Waterloo, Neb., as the latter was watching the circus parade. Williams, so Finn asserts, is "the oldest pickpocket" of the trade, being 59 years of age. He is known to the police of the country as "New Orleans Frenchy."

The Real Suffrage Thought of Women

Motherhood is the thought uppermost in woman's mind. And with it, of course, comes the question of comfort, of helpful aids and influences.

Among the best of these is a well-known external remedy, "Mother's Friend." It is gently applied to the surface muscles. These are lubricated, toned, made pliable so they stretch as nature requires without the strain and pain on cords and ligaments. This influence extends through the myriad of nerves to deeper surfaces, the internal organs. And thus a period of repose must be observed in the mind of the mother, but upon the babe to come.

A point upon which all experienced people agree is the accepted fact that whatever an expectant mother may do for herself that is safe and harmless is bound to encourage confidence in herself. And as she applies "Mother's Friend" with her own hand, when ever required and just where needed, she soon learns to forget those apprehensions so often imaginative. Young mothers who have used "Mother's Friend" have written to say how rejected they were at the absence of morning sickness, extreme nervousness, and other distresses of which they had heard and feared. Get a bottle of "Mother's Friend" at any drug store. Simply apply it over the stomach muscles and rest assured of perfect safety and comfort day and night. Write to Bradford's Regulator, 708 Lamar Bldg., Atlanta, Ga., for their handsome and instructive book.

TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple spumax face lotion will find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of spumax in one-half pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent, healthy, youthful appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.—Advertisement.

DEEP PLOWING HELPS CROPS

Land Turned by Great Tractors is Yielding Most Abundant Harvest.

WILL HAVE SHOW IN AUGUST

The biggest crop of wheat ever raised on the fields just north of Fremont is being harvested at this time. This is on the ground that was plowed during the last two summers by the big gang plows drawn by the farm tractors during the farm tractor demonstration. So deeply did these monsters of steam and gasoline tear up the ground that elements of nutrition that never before reached the roots of the grain have come up to nourish

them this year. The farmers who during the last two summers leased their ground to be used in the tractor demonstration witnessed by tens of thousands of persons are now very enthusiastic over the results they have gained quite incidentally.

Learn More Land
 The same farmers have leased large tracts in the tractor demonstration promoters again this year, as they are very glad to get their fields plowed in this way, especially in view of the excellent agricultural results they obtained as a by-product of the show.

Moving pictures are being taken of the harvest activities in progress there now. These will be shown later in the year.

Moving pictures of the tractor demonstration are also to be taken this year. These are to be taken by the Lincoln Highway association as one of the

features to be seen along the Lincoln Highway. It happens that several of the large fields that are plowed every year with the tractors during the demonstration are skirted by the Lincoln Highway. As the Highway association is at present collecting a lot of moving pictures all through the United States along the Lincoln Highway to be shown all over the United States, they have decided this opportunity should not be missed. So they have made arrangements to have their photographers on the ground August 9 to 14 this year, when the biggest tractor show yet held there is to be staged. There are fully 50 per cent more manufacturers entered in the competition this year than last year.
