

BRIEF CITY NEWS

Have Root Print It—Now Beacon Press Electric fans, \$7.50. Burgess-Granden Public Insurance Adjuster—George Schroeder, 403. Ware block, Red 6448. "Today's Complete Movie Program" classified section today, and appears in The Bee EXCLUSIVELY. Find out what the various moving picture theaters offer. Hospital Receipts—Superintendent Kugel of the department of police and sanitation reported receipts of the Emergency hospital on Douglas street were \$1,128.46 for April, May and June. New Park Foreman—John Lynn, former employe of the South Omaha Park department, was confirmed by the city council as foreman in the South Side park service, at \$1,000 a year. For Repairing Alley—The city council authorized setting aside \$24.30 as the city's share of the expense of repairing the alley between Farnam and Douglas streets, Seventeenth to Eighteenth. To Await Grand Jury—Barney Kemmerling waived hearing before United States Commissioner Daniel Monday and was sent to Fremont to await the October session of the grand jury. His bond was made \$1,000. Kemmerling is charged with having thirty-five grains of morphine in his possession without having paid the federal tax. Goes to Elks' Convention—Mr. and Mrs. W. I. Kierstead, who have been visiting the Panama fair for the last week, have moved south to Los Angeles. Mr. Kierstead writes that he would travel until his feet got tired and would then change his shoes and start out again. He will attend the Elks' convention at Los Angeles. He says he is able to get The Bee every day. Anderson with the Milwaukee—W. H. Anderson, former Union Pacific auditor of freight accounts, retired on pension one year ago, has gone to Chicago where he has accepted a position in the general freight office of the Milwaukee road. He goes into the freight auditing department as a clerk, but it is expected that he will become the head of one of the bureaus. His employment starts with July 15. Cannot Force the Reprinting of the Telephone Book The Chicago Laundry company's petition for a writ of mandamus to compel the Nebraska Telephone company to re-issue the June directory or place plaintiff's name on an addenda slip in each book because the name of the laundry had been inadvertently omitted from it was denied in district court. The court held that this would work too great a hardship on the defendant company and instructed the plaintiff that its remedy lies in a suit for damages. The plaintiff will wait until the fourth month of which this book is current have expired in order to calculate the damages to which it has been subjected by reason of the omission. Babst is New Head of Sugar Company An announcement of interest to many Nebraska people in that just made of the election of Earl D. Babst of New York to be president and chief executive officer of the American Sugar Refining company. Mr. Babst paid several visits to Omaha and Lincoln a few years ago as general counsel of the National Biscuit company when legislation affecting that concern was pending, and has also been prominently connected with the Alumni association of the University of Michigan, of which he is a graduate and which conferred on him an honorary degree. He was a classmate of Dr. Roy Cramer and C. L. Thomas. Jitney Ordinance Has Been Withdrawn The city council suspended indefinitely the operation of the jitney ordinance recently passed, and received for consideration a new ordinance, which retains the regulation features of the former measure, without reference to liability insurance or occupation taxes. Objecting to the liability and tax features, the jitney men filed referendum petitions with nearly 3,000 names. City Solicitor Pleharty advised the council he examined the petitions and said the law requires the council to reconsider the ordinance cited in the petitions or submit those ordinances at a special or general election. New City Office is Hot Air Inspector A new position to be created by the city council will be hot air inspector. His duties will be to inspect hot air furnaces. John H. Husis, spokesman for a delegation of furnace men, appeared before the council and represented that during the last year the city building department issued permits for about one-fourth of the actual number of hot air furnaces installed, a condition due, he said, to lack of inspection. It is proposed to make the new job self-sustaining through collection of fees. Suing for Wages of a Minor Child Nelson M. Punched is suing Mr. and Mrs. Charles Foley, in whose home his daughter, May Punched, 17 years old, has been employed since March, 1914, for \$224 wages in county court. The father alleges his daughter's wages should be paid to him because she is a minor child. Mr. and Mrs. Foley assert that they have provided a home for the girl and have paid her \$2 a week wages, in accordance with an agreement with her. Their statement is corroborated by Miss Punched. MARSHAL WARNER GETS THROUGH IN SPITE OF RAIN A note from United States Marshal Warner tells of Mr. Warner's arrival at Rice lake, near McGregor, Minn. Mr. Warner left here in his machine on the 4th, going via Sioux City. The note, dated the 7th, tells of his arrival that evening, having made the 300 miles in three days. The best day's run was 225 miles. The roads were muddy, but not too bad to negotiate, and no delay was experienced.

Nebraska

BRYAN MEN SEEM TO HAVE THE LEAD

Choice of A. S. Tibbets for Temporary Postmaster Throws Big Score.

FIGHT LIKELY TO OPEN AGAIN

(From a Staff Correspondent.) LINCOLN, July 13.—(Special.)—Big chunks of harmony which have existed in the democratic party for the past year or so are again in evidence, caused by the appointment of A. S. Tibbets as temporary postmaster of Lincoln pending the appointment of a permanent official to fill the vacancy caused by the death of Postmaster F. W. Brown. Followers of Senator Hitchcock look upon it as a move on the part of the Bryanites to get a led pipe clink on the job so that when the time comes to make the appointment Judge Tibbets will have gained such a foothold on the job that nobody will be able to get within striking distance of the place and he will remain until a republican successor is named. This coming on top of the leak that Brother-in-law Tom Allen is to have the United States district attorneyship has not struck the Hitchcockites as being just the thing needed to promote a brotherly feeling among the unfettered followers of Thomas Jefferson and it is likely to open up again a fight that many had tried to think was near solution. Stock Boards to Meet. A meeting has been called of the live stock sanitary boards of ten western states to meet in Omaha on Monday, August 2, at 1:30 for the purpose of discussing uniform shipping rules for the middle western states and other matters connected with the shipment of live stock and the needs of sanitary lines in connection therewith. The states to be represented are: Iowa, Illinois, Indiana, Minnesota, Kansas, Colorado, Oklahoma, the Dakotas, Wyoming and Nebraska. New Bank Formed. Articles of incorporation of the Sidney State bank have been filed with the state banking board. The incorporators are Jesse C. McNish, C. H. McNish and H. H. Osterberg. FIGURING COMPENSATION UNDER THE NEW STATE LAW (From a Staff Correspondent.) LINCOLN, July 13.—(Special.)—The Grand Island beet sugar factory has written Labor Commissioner Coffey, desiring to know the method to be used in computing compensation when the disability lasted twenty-nine days. In answer Commissioner Coffey has instructed them as follows: "The actual earning power lost by reason of an injury suffered in the course of employment should be the basis of computing compensation. This computation would include the whole day during which the employe suffered the injury, and all days actually lost by reason of the injury. Fractional parts of days should not enter into the computation. The law provides that compensation shall begin on the fifteenth day and that the injured employe shall be compensated at the rate of 50 per cent of the wages he received at the time of the injury. In computing compensation the first fourteen days are calendar days, compensation starting with the fifteenth day. If an employe worked six days per week for a stipulated wage 'per week,' and suffered an injury during his course of employment which continued for twenty-nine days, he would be entitled to compensation for two weeks and one-sixth, or thirteen days. But if he worked seven days per week for a certain sum 'per week' and suffered an injury that continued for twenty-nine days, he would be entitled to compensation for two weeks and one-seventh or fifteen days. News Notes of Hebron. HEBRON, Neb., July 13.—(Special.)—An inch and forty-two hundredths of water fell last night between 2 and 3 o'clock. This makes three and twelve hundredths inches this month. Wheat harvest is going on under difficulties, but most of the grain is now in the shock. Some farmers worked all night. One, Charles Burkholz, west of town, put two bicycle lamps on his binder and went along as though in daylight. The wheat is turning out well. A scheme is on foot at this writing to curb the business section of the city. The four blocks, one each way from the center of town, a curb and gutter is contemplated. This will be a great improvement to the city with but slight expense. The parking of autos on the streets of Hebron is being agitated and some means will soon be devised along this line. The county commissioners will have their hands full for sometime to come in the replacing of the many bridges that have gone out or been damaged by the heavy winds and high water of the season. They contemplate building all of steel and concrete. AYRES IS APPOINTED DEPUTY STATE AUDITOR (From a Staff Correspondent.) LINCOLN, Neb., July 13.—(Special Telegram.)—Fred C. Ayres, editor of the Holbrook Observer, is to be the new deputy state auditor, the announcement being made today by Auditor Smith. He fills the vacancy caused by the election of W. B. Eastham as insurance commissioner. He was formerly an inspector with the pure food department of the state. Worker Robbed of His Savings. PLATTSBOUTH, Neb., July 13.—(Special.)—Julius Merewick was robbed of his savings yesterday by two men who entered his room while he was at work and made their escape to Omaha. One man, George G. Merri, is under arrest for implication in the robbery, but the other, George Franklets, is still at large. Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is a remedy that every family should be provided with, and especially during the summer months. Think of the pain and suffering that must be endured when medicine must be sent for or before relief can be obtained. This remedy is thoroughly reliable. Ask anyone who has used it. Obtainable everywhere.—Advertisement.

The Bee's Fund for Free Milk and Ice

The Bee's free milk and ice fund is already being drawn upon, and not a cent is to go to pay anything but milk and ice bills.

The generous list of contributions printed today is sent in from the Carleton hotel.

Contributions from 10 cents to \$5 are solicited and will be acknowledged in this column.

Blue River Water Rights Up to Board

(From a Staff Correspondent.) LINCOLN, July 13.—(Special.)—The State Board of Irrigation, which has been in session for a day or so, adjourned this noon, having not accomplished very much except in a general way. George W. Steinmeyer of Beatrice and C. O. Beardsley of Lincoln have conflicting claims for water power sites near Barneston, in Gage county. The Union Pacific is objecting to both, claiming that its tracks are liable to be overflowed in case of high water.

CHICAGO MAN ELECTED HASTINGS SCHOOL HEAD

HASTINGS, Neb., July 13.—(Special Telegram.)—T. W. B. Everhart of Chicago was elected superintendent of the Hastings schools last night at a salary of \$2,500 a year. He has had twenty-four years' experience as a superintendent in Enid, Okl.; Muscatine, Ia.; Paris, Ill., and other places. Membership in the Nebraska Schoolmasters' club was a factor in eliminating a number of candidates.

Auto Upside, Driver Injured.

GENEVA, Neb., July 13.—(Special.)—Alvin Newsham of Carleton, Neb., is at the Gilmore hotel here with a broken leg. He had been to Lincoln and bought a second-hand car and when near Fairmont one wheel gave way and the car turned over, catching Newsham, who was an inexperienced driver. He will be laid up for some time.

Nebraska

Hastings to Secure Current from Loup

HASTINGS, Neb., July 13.—(Special Telegram.)—The city council last night gave the preliminary order for three miles of street paving and appointed a committee to confer with the Chamber of Commerce relative to accepting the proposition of the Central Electric company of Grand Island for supplying electric current to Hastings from the Boevis water power plant on the Loup river.

ALL SECTIONS OF IOWA FREED FROM QUARANTINE

(From a Staff Correspondent.) LINCOLN, July 13.—(Special.)—All sections of Iowa, as far as shipments of live stock into Nebraska is concerned have been released from quarantine and shipments can now ship to the Omaha stock yards without fear of trouble. At the meeting here yesterday the board raised the quarantine against the eastern portion of the state, leaving the whole state free. The Colorado quarantine on Nebraska cattle has been raised, according to instructions received by the board here, so far as cattle are concerned where a certificate will show that they have been in the county from whence they are shipped for a period of thirty days.

LOCAL PASSENGER TRAIN OFF TRACK AT HARBINE

FAIRBURY, Neb., July 13.—(Special Telegram.)—Local passenger train No. 354 was derailed near Harbine leaving the rails and the locomotive and cars leaving the rails. Conductor Henry Duval was in charge of the train. The passengers were badly shaken up, but escaped injuries. This makes the fourth wreck in this vicinity in the last few weeks, due, railway officials assert, to soft track caused by rains. Trains managed to get by the wreck late this afternoon and passenger and freight traffic was restored.

LUTHERAN ASSEMBLY IN SESSION AT BEATRICE

BEATRICE, Neb., July 13.—The southern district assembly of the German Evangelical Lutheran church opened a three-day conference in Beatrice today, which was attended by ministers of that faith from all over southeastern Nebraska. Questions of paramount interest to the church will be discussed at the sessions. Seventeen ministers from counties adjoining Gage arrived in the city yesterday to attend the conference.

Crew of Steamship Choctaw is Saved

DETROIT, July 13.—The crew of the steamer Choctaw, wrecked Sunday night in Lake Huron, reached Port Huron safely aboard the steamer Wahoonah, according to word received here today. It is believed the Choctaw and Wahoonah collided, the former sinking. Reports received in Cleveland last night were that the sixteen members of the Choctaw's crew had been drowned. The steamer belonged to the Cleveland Cliffs Iron company of Cleveland.

Size of Postoffice Buildings Will Be Based On Real Needs

WASHINGTON, July 13.—The Treasury department hereafter will construct postoffices and other federal buildings in accordance with the needs and importance of places where they are located instead of spending all that congress appropriates. In some instances expensive postoffices have been built in towns where the postal receipts were not sufficient to maintain them. Postoffices, Assistant Secretary Newton announced today, will be considered in four classes. Those having receipts of more than \$50,000 a year, those having between \$20,000 and \$50,000, those having from \$10,000 to \$20,000, and those below \$10,000. By following the same plan in acquiring sites, the department on 136 purchases spent \$200,000 less than congress authorized.

York Votes for Paving.

YORK, Neb., July 13.—(Special Telegram.)—At a special election held in the city today to vote \$25,000 intersection bonds the vote was 779 for and 207 against. New districts have already been signed, for which will when complete cover eighty blocks or more than miles to be completed this season.

Youth Drowns in Republican.

MCCOOK, Neb., July 13.—(Special Telegram.)—The Republican river took another toll of life here this afternoon when Lawrence Raine, son of William Raine, was drowned while bathing and boating, near the Republican river bridge south of McCook. The lad was about 15 years old.

Great Price Reduction On the Enger Six-50

It's the same high-class car EXCEPTING that it is better. There have been no radical changes of design, model or mechanism—it is the same standard car which has given scores of buyers absolute satisfaction. And yet it is different; there are many improvements and added refinements—little things here and there about the car, which mean much in added comfort, convenience and excellence.

And if the Enger at \$1,495 sold readily and made good, think what an excellent investment it is now. The same car, only refined and improved! Really, it sounds too good to be true, but it is true! And there's a reason: Increased efficiency and output enabled the manufacturers to give added value at a reduced price.
