**SHOWERS** are not given in these progressive days for brides alone. There was a time when femininity might claim this privilege as one belonging to herself alone, but in the modern advance of the association of equal rights, enter mere man, to receive place. Mr. G. P. Miller of Papillion was agreeably surprised last week upon receiving a hose shower in honor of his then approaching marriage. It was a perfectly dry shower, however, and did no damage whatsoever. The net result was a deluge of socks—large, medium and all sizes, which, as his friends emphasized, "would keep him well heated for a long time to come."

## Webster Formally Loans Paintings to Art Society

The Friends of Art association, through its president, John L. Webster, has formally loaned two fine pictures it has just purchased to the Omaha Society of Fine Arts. Mrs. Charles T. Kohnen, president of the latter organization, received the pictures formally for the society at the art room of the Public Library, where they have been hung pending the establishment of a definite home for the fine arts of Omaha.

The two paintings are by Charles T. Gruppe. They are "Overachie, Holland," and the "Connecticut Road."

"The Friends of Art association," said Mr. Webster in his letter to Mrs. Kohnen, "to evidence the fact that it came into existence for the purpose of aiding the Omaha Society of Fine Arts in the accumulation of paintings and adding to the public interest in works of art, is pleased to inform you that it has purchased and is prepared to loan to your association, two paintings, which it has taken the liberty of hanging in the art room of the public library."

"The collection of paintings owned by your society and others in your custody are sufficient in number and in artistic merit to create a renewed interest in works of art and to attract visitors to the art room in the public library building. We believe that by our combined efforts you shall have within a year a collection of paintings that will induce the general public to believe that the time is at hand when Omaha should have a building devoted exclusively to works of art, over which your society should have a supervisory control."

## Bituminous Coal to Cost More Here

It will cost \$1.10 a ton now to ship coal from the bituminous district of Indiana, Ill. to Omaha and surrounding territory, instead of \$1.00, as it did heretofore. The Interstate Commerce commission has decided that this will mean a 10 cent increase in the price of bituminous coal in Omaha in 1915, as the advance in freight rates is customarily passed on to the consumer.

It was the Webbs and the southern railroads that filed a petition for the increase, and some of the Omaha companies protested, but to no avail.

## APPEAL DECISION OF EQUALIZATION BOARD

A test case to determine whether real estate mortgages and stock in companies incorporated in other states are subject to taxation has been initiated in district court by the City Trust company. The company appealed from the decision of the board of equalization that it should be taxed on mortgages and stock in the company which controls the City National bank building. The plaintiff maintains that the securities exempt to a share in real estate which is directly taxed.

A Dish in Itself a Full Meal.

2 Tablespoons Butter  
1/2 Cup of Cottage Milk  
1/2 Cup of Milk  
1/2 Teaspoon salt  
Pinch of pepper  
1/2 Teaspoon grated cheese  
Butter to taste

Clean the butter and flour. Add the diluted Cottage Milk. Place on stove and stir until it comes to a boil. Season with salt and pepper. Cover bottom of baking dish with one-half of the mixture. Break into it six eggs. Cover with remainder of mixture. Sprinkle over it grated cheese. Place baking dish into another dish containing hot water. Bake in oven 15 minutes.

For breakfast, lunch or dinner baked eggs are a most appropriate and wholesome dish—rich in body building value. Made with Cottage Evaporated Milk it is doubly nourishing for Cottage Milk has twice the food value of bottle milk. Cottage Milk is rich, creamy, pure, economical and convenient—always germ-proof and safe and uniform. Keep a supply in your pantry and forget the milkman. American Milk Company, Chicago.

## A Remedy For All Pain

"The efficiency of any drug," says Dr. C. P. Robbins, "is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we certainly are warranted in its use. One of the principal symptoms of all diseases is pain, and it is when the patient most often applies to us for, i. e., something to relieve his pain. If we can arrest this promptly, the patient is most liable to trust in us for the other remedies which will effect a permanent cure. One remedy which I have used largely in my practice is Anti-kanna Tablets. Many and varied are these cases. I have put them to the test on many occasions, and have never been disappointed. I found them especially valuable for headaches of malarial origin, where ordinary means were being taken. They appear to prevent the bad after-effects of the quinine. Anti-kanna Tablets are also excellent for the headaches from improper digestion; also for headaches of a nervous character, and especially for women subject to pains at certain times. Two Anti-kanna Tablets give prompt relief, and in a short time the patient is able to go about as usual." These tablets may be obtained at all druggists. Ask for Anti-kanna Tablets. They are also supplied by druggists, chemists and oil painters.

## NEARLY CUTS FOOT OFF WITH AN AXE

Farm Hand from Blair Drives All the Way to Omaha to Have Injured Member Treated.

### HAD TOES FROZEN BEFORE

Making his way home from a farm near Blair, Neb., with a foot which he had all but severed with an axe, Jack Shofeldt of Huntington, Ind., received medical attendance at police headquarters at the hands of Dr. Charles Shook. Shofeldt was chopping some wood on a farm where he had been employed and let the axe slip, with the result that his foot was fearfully gashed. After binding the wound himself he hitched a team unaided, and drove to town. "I have had a pile of bad luck with this hoof," remarked the fellow as the doctor completed dressing the hurt, all the toes on the injured member being absent. It seemed that in December, 1913, Shofeldt and his wife lived on a ranch some twenty-five miles from Valentine, Neb. She was stricken with pneumonia, and with the temperature far below the zero mark, Shofeldt made his way through a blinding snowstorm to town, where he went to get a doctor. "When we got back my wife was dead," he remarked simply. "It was some time before I discovered that I had frozen my toes. That's how I lost 'em. Do you think I can save a piece of this no-account foot?" He was told that with care he could. Shofeldt has no children, and since the death of his wife has been working as a farm hand about the state. He is 26 years old.

Plummer brought suit against Harry L., charging cruelty. Mrs. Mary K. Potter charged Aubrey with desertion and nonsupport. Mrs. Ethel M. Lanberry sued Edward T., alleging nonsupport. OMAHA'S resources and advantages are unlimited; its prosperity unbroken—it is one facturing business of nearly \$200,000,000 annually.

THIS is a store which has kept pace with the city's growth and increased needs. The combined floor space of the Brandeis Stores is 247,000 square feet, or practically a quarter million. The store employs an army of 1,200 workers.

WE do not mean to appear boastful when we say our ability as collectors and distributors of merchandise entitles us to the premier position we occupy as Omaha's representative store. In fact, this store will compare favorably with any other in the United States in volume of business and in resourcefulness.
