

PETER SCOTT WINS THE OHIO STAKE

Event for Two-Nine Trotters at Cleveland Brings Out Real Talent of Country.

PETER M'COORMICK IS SECOND

CLEVELAND, O., July 22.—The Ohio stake for 2:09 trotters, which brought out the real trotting talent of the country for its first 1915 brush, was the feature of yesterday's grand circuit program at North Randall.

Peter Scott, Tommy Murphy's \$30,000 beauty, took the honors, but was given a real battle by Peter M'Coormick. Following the third heat, protest was made to the judges that Dick McMahon, driver of King Clansman, had aided Peter Scott to win by letting him out of a pocket and forcing Peter M'Coormick wide by so doing, but no action was taken.

Every one of the twelve heats on today's card went in better than 2:09. In the opening event Lou Jennings, fresh from a string of victories on the big half-mile tracks, annexed first money, but was forced to stop the second heat in 2:06 1/2 to beat Guy Nells.

Bingen Pointer, the favorite, was an easy winner in the 2:16 pace. In the 2:09 pace, however, the talent received its hardest bumping of the week, Fred W., the favorite, failing to push his nose in front until the third mile. Major Ong showed the way in the other two heats.

MATCH RACE ON CHICAGO SPEEDWAY AUGUST SEVEN
PEORIA, Ill., July 22.—Illinois representatives of the contest board of the American Automobile association today issued a sanction to the Chicago Motor speedway for a match automobile race between Dario Resta, winner of the first annual automobile derby at Chicago in June, Ralph De Palma, winner of the 1915 Indianapolis 500-mile sweepstakes

race, and Barney Oldfield, the noted California driver. The race will be held on Saturday, August 7, at Chicago. The race will be over a distance of 200 miles for a purse of \$2,500.

Sears' Pacers Race Well at Tekamah; Are Full Brothers

TEKAMAH, Neb., July 22.—(Special Telegram.)—Two Omaha horses, full brothers, both owned by Judge W. G. Sears, were contenders in two pacing races here today, and each made the winner step the fastest mile of the contest in which he was engaged.

They were Shadeline and Charline, both being by the former Grand circuit winner, Shade, on 2:05 1/2, now dead, and out of the great brood mare Lina V., 2:17 1/2, which was by a son of old Daniel Lambert, 192. Both are entered in the races to be held at Omaha August 4, 5 and 7. Shadeline is a veteran, but his younger brother, which is a green horse, forced Brown Betty in the first heat of the 2:22 pace to step in 2:12 1/2, the season's record in Nebraska in a slow class pace, while the fastest heat in Shadeline's race was 2:15. Brown Betty was afterwards drawn.

The second day of the Tekamah meet was one of the best in the history of the local association. The day was ideal and the track was in excellent condition. The attendance was large and some of the best and most closely contested races ever seen in Tekamah were presented. Summaries:

STARVATION TAXES ENRICH CHIEFTAINS

Export Duties on Foodstuffs Sent Out Collected While the People Suffer.

CONSTANT WOE EVERYWHERE

WASHINGTON, July 22.—In a report to the War department today on efforts to relieve famine conditions in Mexico, Brigadier General Devol, general manager of the American Red Cross, declared that while noncombatants were suffering for want of food, military leaders of both the Villa and Carranza factions had reaped a harvest from export taxes on Mexican grown food products shipped into the United States.

"Both General Hernandez and General Villa," said the report, "prohibited the purchase of food supplies in Mexico for relief of the Mexican people stating that any such supplies must be purchased outside of Mexico. The reason given is that the food in Mexico is required to feed the Mexican soldiers. The real reason, in my opinion, is that there is a military export tax or, in other words, that a charge on all exportations amounting on the northern border, to \$60 to \$80 for each car that crosses the border. This money is paid direct to the military leaders.

Cost of Bushel of Corn.
"For instance, at the time supplies were being purchased for Atoculco, three carloads of corn could have been purchased on the Mexican side for 80¢ per bushel; the actual supply cost the Red Cross 30¢ per bushel. The difference in the price per bushel indicates the amount of revenue accruing to the military authorities from export products. Relatively the same difference applies as regards beans.

"There are still large quantities of food supplies assembled in various parts of Mexico and held by the military authorities and not permitted to reach the people.

"At the present time there may not be any actual cases of starvation in Mexico. The Mexican people can live on little or nothing and when driven to it can subsist for some time on cactus and other plants. There is in nearly every part of Mexico, destitution and constant misery. People outside the military factions subsist only by suffering and only when permitted to do so by the military leaders. It is evident that not 50 per cent of a crop has been planted generally throughout Mexico. Continual suffering obtains and is growing worse from day to day."

Geopay Race in Mexico.
WASHINGTON, July 22.—Occupation of the Mexican side of the town of Nacon, on the Mexico-Arizona border, by Carranza forces, was brought to the attention of the State department today by Secretary of War Garrison with the recommendation that the Carranza commander be requested to withdraw in accordance with the agreement entered into last winter that there should be no fighting there. No action had been taken to night by the State department.

The situation at Mexico City and surrounding territory continued today to

PLAYGROUND BALL PLEASES KIDDIES

Are Enthusiastic Over New Games Distributed by Superintendent English for Their Use.

GIRLS TRY OUT AT RAFFIA

Superintendent English created a stir yesterday afternoon when he distributed croquet and playground ball sets to the seven supervised play centers.

"I'm going in that game, boy!" remarked an enthusiastic youngster to Miss MacDougall, supervisor at the Kountze playgrounds. He was eyeing the new playground ball and bat.

At Fontenelle park Mr. English started to explain to a group of boys the rules of playground ball, when one freckle-faced potential Hans Wagner spoke up with pride: "Say, mister, don't you suppose we know how to play base ball?"

Mr. English thereupon explained he was allowing to playground ball, using a large, soft ball and shorter base lines.

Miss Scott at Hanescom park is organizing a playground ball team among her boys. The plan is to have games between the teams of the play centers.

Mrs. King, supervisor at Fontenelle park, has started her story hours. She told the children the story of Hansel and Gretel and then allowed the boys and girls to play it out in abbreviated form, the park surroundings lending an appropriate setting for the enactment of the story. She intends to have other stories played out, with the children representing birds, animals and flowers.

The playground tract at Thirty-fourth and Leavenworth streets has taken on new activity with a regular supervisor in charge, Richard Thomas Carrington, jr., 2 years of age next month, has joined this group of players and is missing nothing of interest.

Another feature of the Fontenelle play activities is the making of doll hats and baskets by the girls, who use raffia in this work.

Several boys at Kountze park asked Mr. English if he had brought them something to eat, noticing the boxes of play apparatus in his automobile. It is not intended to furnish lunches to the children at the play centers.

During one of the story hours yesterday a group of children were allowed to take turns telling all the riddles they knew. One of the small boys says he knew a riddle about a certain popular type of automobile.

Superintendent English plans to meet his supervisors at 5:30 a. m. twice a week in the city hall for conference.
