SOMEONE FIGURES EARTH MAY CHANGE ON ITS AXIS

Now that the weather has somewhat settled, Forecaster Welsh has begun a little reading that he has wanted to start on for some time. The first of the series is "The Philosophy of Cosmic Revolution," and explains in detail just how the earth is going to act when we have burned up a little more of the coal and wood in the northern hemisphere. After a while, if we continue at the rate at which we are now going, the earth will become much lighter north of the equator than south of it, and then the poles will suddenly shift, and all weather conditions will change.

How Mrs. Harold Got Rid of Her Stomach Trouble.

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them from our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harold, Fort Wayne, Ind. Obtainable everywhere.—Advertisement.

GERMAN INVASION CAPTURES OMAHA

Massive Bank of Male Chorus, with Sixty in the Orchestra, Ready for Its Part.

MANY CITIES ARE REPRESENTED

The twenty-sixth saengerfest of the Saengerbund of the Northwest is now in full swing and a real musical atmosphere is pervading Omaha. Brides showing singers from nearly every city of importance in the west are to be seen on the streets and in the hotels and all seem pleased with the magnificent reception which is being accorded them by the local committee. So great is the number that the committee has lost all count, but the visitors run into thousands.

Morning Rehearsal.

The great mass male chorus of 1,000 voices of the Saengerfest was at rehearsal in the Auditorium at 9 o'clock yesterday under the vigorous direction of Conductor Theodor Kuhn of Milwaukee and with the full orchestra. The entire program for the evening was gone through.

The directors and local committees are simply so busy they don't know which way to turn. The saengerfest has assumed such huge proportions that it takes every minute of their time and they are hardly stopping even to eat or sleep.

Noted Soloist is Cool.

Prof. Stedinger caught the conductor by the arm and presented him to Henri Scott, who was standing near looking as cool as a cucumber in his soft white collar. The conductor waved a nervous hand and laughingly referred to his exhausted condition. "Ah, if I would get \$1,000 a night like you, I would not need to care," he laughed.

Robbed of His Roll While Fast Asleep

While Henry Snyder, giving his address as Winnipeg, Canada, was sleeping the sleep of the just in Jefferson square shortly after midnight, a bold prowler lifted the sum of twenty bucks, his entire fortune, from Mr. Snyder's person and was just preparing to divest Mr. Snyder of a few of his personal effects, starting on his shoes, when William Jay, 412 North Fifteenth street, appeared on the scene and frightened the thief away. Snyder reported his loss at police headquarters.

How Heat Affects the Vital Organs

Hot Weather Conduces to Chronic Constipation and Diarrhea.

A disposition to confine one's diet to cold food and to indulge freely in cold drinks, is one reason why constipation and diarrhea is so prevalent in summer, and there is no reason when bowel disturbances should be more carefully avoided, as much serious disease is directly traceable to these conditions.

To regulate the bowels and quickly relieve even an aggravated case of constipation, the combination of simple laxative herbs with psyllin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is highly recommended by many physicians and all those who have used it. Unlike cathartics and violent purgatives, Dr. Caldwell's Syrup acts gently on stomach, liver and bowels, without griping or other discomfort, and brings relief in an easy natural manner. Mild, pleasant to the taste, and inexpensive, it is the ideal family laxative. By cleansing the bowel tract and eliminat-

LAD AT THE TRACTOR SHOW Will Drive Smallest Auto as Well as One of the Giant Tractors.

WILL PLOW IN THE FIELDS

A diminutive automobile driven by a diminutive boy, Master A. J. Sweeney of Kansas City, is to be a feature every forenoon at the National Farm Tractor demonstration at Fremont, August 9 to 14.

Master A. J. Sweeney was born just a decade ago. In other words, he is 10 years old now. The Sweeney Tractor company of Kansas City, of which young Sweeney's father is boss, has built an automobile to order for the favored son. This automobile is five feet long.

No, stress, it is not just a toy Christmas automobile to be propelled by foot power. It is a real gasoline-consuming, snorting, self-starting, spark-plug, carburetor-equipped, six-cylinder little giant. It even has electrically lighted headlights.

The little lad will drive it about the big fields of the tractor demonstration and about the streets of Fremont every forenoon during the tractor show, while in the afternoon this sturdy lad will mount the big tractor recently put out by his father's company, will jerk the throttle of the big 4,500-pound "Sweeney Iron Horse," will manage the levers and guide wheel and will proceed to tear up several acres of ground with the big gang plow attached. Thus the boy will not only demonstrate his ability with the big machine, as well as with the little one, but he will also demonstrate the ease with which the giant tractor can be handled.

ing the foreign matter and poisons that irritate and inflame, it will quickly check an attack of diarrhea and restore normal conditions. Dr. Caldwell's Syrup Pepsin has been the standard remedy in countless homes for more than thirty years, and is sold in drug stores everywhere for fifty cents a bottle. A free trial can be obtained by writing Dr. W. B. Caldwell, 433 Washington St., Monticello, Ill.
