GUARD AVIATOR FLIES AT CAMP

Governor Morehead Watches First Exhibition Practice of Captain McMillan.

LACK OF FUNDS STILL HAMPEERS

(From a Staff Correspondent.) LINCOLN, Aug. 6.—(Special.)—The first public flight of the Nebraska National Guard aviation corps took place last night at the aviation camp at the state fair grounds.

The Nebraska guard is the first state guard to organize the new method of warfare and the flight last night was in every way a success. The corps is composed of units with each having one machine. The corps is in charge of Captain Shaffer, who has one machine in charge of corps unit No. 2. The other unit is in charge of Captain McMillan, who, like Captain Shaffer, is an experienced flyer.

Accidents to McMillan.

Captain McMillan has had two accidents since his entry into aviation. He dropped 100 feet and sustained a broken shoulder, while another drop broke a leg in two places. However, such things do not seem to have lessened his ardor in the cause and when he heard that General Hall had organized an aviation adjunct to the Nebraska guard he wired him from his home in Iowa that his services and machine were at the call of the general. Glad to secure such a valuable assistant to Captain Shaffer General Hall wired him to come. Captain Shaffer receives no pay other than his board.

Morehead Sees Flights.

Governor Morehead was present last night and expressed himself as more than pleased with the work that is going on. Unfortunately the guard is badly cramped for funds because of the penurious system of the last legislature in refusing to appropriate funds sufficient. Had the guard a thousand or two to put into this work the chances are that Nebraska could take the front rank along the lines of military aviation.

Much of the success of the present school must be given Captain Shaffer, formerly instructor at the Curtis school of aviation at San Diego, Cal. He has taken an active interest in the work and has already expended nearly \$2,000 for material and other things which the Nebraska school needed, from his own private funds. As a partial recognition of that service General Hall has commissioned him a captain in the National Guard of the state and made him chief of aviation.

Another flight will be made next Sunday afternoon or evening.

STABBING AFFRAY RESULTS OVER SUIT FILED IN COURT

GRAND ISLAND, Neb., Aug. 6.—(Special Telegram.)—C. C. Williams, a Union Pacific engineer, is in the hospital, and William Bowman, who has maintained a gambling room in the Palmer hotel for the last few years, is under \$1,500 bond for his appearance in court on account of a cutting scrape in the Palmer house lobby today.

Williams declares troublesome grow out of an attempt of Bowman to blackmail him and Bowman declares that it grew out of a suit to recover money loaned and aspersions cast upon Bowman's private affairs, though admitting that when the suit was brought he made no appearance because it was to recover a gambling debt.

IRRIGATION DISTRICT ACCEPTS CONTRACT

SCOTT'S BLUFF, Neb., Aug. 6.—(Special.)—The Farmers Irrigation district, by a vote of 25 to 18, has adopted what is termed the "carriage contract," whereby the government acquires the right to one-fifth of the capacity of the district's big canal. This is for the possible extension of federal irrigation of 30,000 acres north of Bridgeport using Pathfinder storage water. The practical unanimous vote is a strong factor in favor of the government taking over the system of the district on some such basis as the twenty-year extension plan, the holders of the bonds—which is the old Tri-State Land company—being favorably inclined.

GERMAN WRITES INJURED BY 'MESSAGE FROM AMERICA'

FREMONT, Neb., Aug. 6.—(Special.)—A brother-in-law of Henry Peters, with the German army in the Rhineland, writing to the Fremont states that he is in a hospital there suffering with an injury caused by an American shell fired by a German. The theory is advanced that if America had put an embargo on the shipment of arms at the beginning, the allies would have been compelled to have sued for peace before the war had lasted six months. He referred to the shell as "the message from America." A nephew of Mr. Peters had been killed in one of the battles recently.

CHEYENNE SMALL GRAIN CROP WILL BREAK RECORD

SIDNEY, Neb., Aug. 6.—(Special Telegram.)—The biggest wheat crop that has ever been harvested here is now in full blast and many fields will run from thirty-five to forty-five bushels to the acre. Hands are scarce and the farmers begin work at 5 o'clock in the morning and remain in the field until 9 o'clock. Men and boys are receiving \$3 per day and board. It will take fully thirty days to harvest the small grain.

Edgar Trounces Superior.

SUPERIOR, Neb., Aug. 6.—(Special Telegram.)—Edgar defeated Superior today, 18 to 5, in a ragged game marked by many misplay on both sides. Superior batters were unable to hit Scouces' delivery safely at critical times. Batteries: Edgar, Scouces, McClinty and Nesbit; Superior, Groves, Marshall and Horton. Umpire: Lehman.

Child Breaks His Arm.

BRADSHAW, Neb., Aug. 6.—(Special.)—Little Bernard Palmer, the 5-year-old son of Mr. and Mrs. C. B. Palmer, Jr., met with a serious accident yesterday evening while playing in the Strahla furniture and hardware store, where his father was superintending the invoicing, by falling from a counter and breaking his left arm.

Madison Woman Asks Divorce.

MADISON, Neb., Aug. 6.—(Special.)—Mrs. Clara Vollbrecht has brought action in the district court for divorce from her husband, Otto F. Vollbrecht. They were married at Madison in 1907 and have three children. Mrs. Vollbrecht in her petition charges cruelty. She also asks for the custody of the children.

HARMAN NOW IS PUBLISHER

State Food Commissioner Issues Paper Devoted to Doings of His Department.

BOARD GIVES EIGHT PAROLES

(From a Staff Correspondent.) LINCOLN, Aug. 6.—(Special Telegram.)—State Food Commissioner Harman has entered the journalistic field and has begun the publication of the Nebraska Food and Dairy Journal. The paper will be a monthly publication and will be edited by the food commissioner himself. It is an eight-page, four column sheet, and is intended to be of assistance to the department in getting closer to the dairyman and the creameryman. In order to show that he is not ashamed of the first number, he has his picture at the head of the editorial column.

State Board Invested.

The state board which has in charge the buying of bonds and the investment of the state's money, met this morning and bought a number of bonds of school districts. FIRE ON WARSHIP DUE TO SPONTANEOUS COMBUSTION

PHILADELPHIA, Aug. 6.—After a thorough examination, while the damage was being repaired, officials of the New York Shipbuilding company are convinced that the fire which swept the hold of the dreadnaught Oklahoma several weeks ago, was caused by spontaneous combustion. Reports to this effect have been sent to the Navy department at Washington and insofar as the government is concerned the probe to determine the cause of the fire is completed. Work on the latest dreadnaught is being rushed. The Oklahoma was to have been ready for delivery in October, but it is expected the fire will delay completion until early in January.
