GRAIN AND PRODUCE MARKET

Sentiment Bearish on Wheat Market and Old Drops Five and New Three to Six Cents. OATS CROP IS BIG THIS YEAR

OMAHA, Aug. 9, 1915. The wheat market was very bearish today. New wheat declined again, while the old wheat sold at lower prices. This weakness in wheat is probably due to the present favorable weather conditions, as there was a fairly good cash demand for that crop. There was very little demand for old wheat, and the price was lower. Corn was quoted at \$1.00 for white and \$1.00 for yellow.

The speculative world has before it the most anomalous crop of oats raised in the United States in years. The willingness on the part of farmers to ship through their grain elevators is present at a goodly portion of surplus to slip through their fingers around the present price level. It is said that four grains of wheat will make purchases of oats on a liberal scale, but that they are waiting for the new crop to move, and expect lower prices. Wheat and flour equal to \$8.00 per bu., corn, \$5.00 per bu., and oats, \$1.00 per bu.

Liverpool spot: Wheat, 1/2 to 2d higher; corn, unchanged to bid higher. Primary wheat receipts were 1,064,000 bu., and shipments were 800,000 bu. Corn receipts were 2,500,000 bu. and shipments were 2,000,000 bu. Oats receipts were 300,000 bu. and shipments were 200,000 bu. The following table shows the receipts and shipments for the last week and for the year to date.

FRENCH AND BRITON OFFICERS QUARREL

Berlin Agency Says Gauls Accuse English of Having Lost Courage in Gallipoli. NOT ALLOWED TO CONVERSE

BERLIN, Aug. 9.—(By Wire) The following news items were given out today by the Overseas News Agency: "Telegrams from Athens report increasing friction between French and British officers on Gallipoli peninsula. It has been necessary to forbid them to converse with each other. The French accuse the British of having lost courage on account of losses.

"A Milan dispatch says the British have purchased five Italian ships, filled them with ballast and sunk them off the coast of the peninsula to form a bridge for landing heavy artillery.

The Vostok Zeitung learns from a reliable source that there is no truth in the rumor that a British submarine blew up the bridge between Gallata and Stamboul. "Newspapers of Athens say King Constantine has determined personally to open the new session of Parliament with a speech emphasizing the necessity for Greece preserving unconditional neutrality, as the only guarantee of welfare.

"The Lokal Anzeiger prints a letter dated Hoboken, Belgium, July 14, saying that when the Dutch steamship Rotterdam was detained by the British admiralty in June it was compelled to make several trips at night between Dover and Calais, apparently in the hope that it would be mistaken for a British troop ship and torpedoed by a German submarine."

Here's Variation of Garden of Eden Yarn PHILADELPHIA, Aug. 9.—It was not Adam and Eve who brought about the fall of man, but Noah, according to a translation of a tablet now in the University of Pennsylvania museum. Announcement to this effect was made today by an official of the museum.

According to the Sumerian mythology found on the tablet, which is said to have been written before the days of Abraham, and translated by Dr. Steven Langdon, professor of Assyriology in Oxford university, England, Noah was ordered not to eat of the cassia tree in the garden of Paradise, and when he disobeyed the curse fell upon him.

Howard Drew Will Leave Racing Game SPRINGFIELD, Mass., Aug. 9.—Howard P. Drew of this city, the track athlete, announced his intention to retire from racing in a signed statement published here today.

Telegraphing from the Panama-Pacific exposition field, where yesterday he was beaten in the 100-yard dash event of the Amateur Athletic union track and field meet, Drew said: "I was bothered with my legs a great deal today in the race, so that I pulled up lame at the finish. I have been in poor physical condition, but I now weigh only 150 pounds, and that is much better than my normal. I want to say right here that I am through with open competition after this year."

GERMANS IN RUSSIAN FACTORIES PACK SHELL Cases with Rubbish

LONDON, Aug. 9.—"Thousands of cases of ammunition of every kind when opened at the front, were found to contain rubbish," says the Daily Mail in an account of the conditions under which the Russian army has been fighting. "This situation is popularly ascribed to the work of German agents in Russian munition factories."

Petrograd is full of wounded, the Daily Mail asserts, and the Russian casualties are unofficially estimated at 250,000 up to the middle of July, in killed, wounded and prisoners. The paper says, however, that this estimate seemed guess work, as the military authorities do not know the real total.

Understanding the tremendous casualties, the Russian people are cheerful and confident for they believe Germany's financial collapse is near.

ITNEY MEN NOW CALL THEIR MACHINES TAXIS

"Special Tax Service" was the slogan advanced by some of the Itney men yesterday. It was evident that they had taken this method to use instead of hauling their fares free as was done by the Itneys Saturday to get around the pending ordinance situation.
