White Sox Win in Thirteenth.

White Sox Win in Thirteenth. CHICAGO, Aug. 34.—John Collins broke up a thirteen-inning battle today. Chi-cago winning from Washington. 6 to 5. Ayres weakened when he started the thirteenth and he was unable to hold the one-run lead which his teammates ob-tained for him in the visitors' half. Felsch started the local thirteenth by beating out a slow grounder. After Weaver flied out, Russell batted for Blackburn and Murphy waited for four balls, which forced in Felsch with the tieling run. J. Collins' single was next and Russell scored, engind the game. Score: Wientwores Wientwores

This region through here and adjoining states has more horses than any other part of the country. Iowa, however, is a state of heavy horses, and it is the lighter horses which are in de-

Senator Joseph G. Camp of Atlanta, Ga., who is in Iowa on the chautauqua lecture platform, pointed out some facts in the Frank case in an interview recently not heretofore published. He stated that Governor Slaton was a member of the law firm of Rosser, Slaton and Phillips, and this firm was counsel for Frank from the very beginning of his

primary election. Some of the counties, which have the cities, spend much more than this. Polk county spends the most, the cost being over \$15,000 for the primary and the election in 1914. Of this amount, \$5,000 was spent on the primary

#### trouble. He said also that there were four members of the Jewish race on the jury which convicted Frank, which would indicate that race prejudice did not affect the case. He said the people of

Georgia were especially indignant over the attempt of people all over the country to secure reprieve for Frank, and thus render without effect the verdict of the Georgia courts, which had at the time been passed upon by the highest courts of the United States. He said Governor Slaton's term of office expired two weeks after he exercised his power to commute Frank's sentence, and

## To the Motor Car Buying Public

We believe the Oldsmobile is one of the best constructed cars regardless of price.

We believe no matter how high your station in life, how ample your financial resources, or how extensive your motor car experience, that you can own an Oldsmobile with the greatest pride, pleasure and satisfaction.

Let price be your last consideration in judging the Oldsmobile, as it might easily be taken for a \$2,000 or \$3,000 car. In fact, we prefer that it be compared with cars of the above prices.

# Luxury and Comfort

The new Oldsmobile, like all its predecessors, is a delight to the senses. Not only has every mechanical desire been satisfied, but your artistic sense will be strongly appealed to, and you will immediately recognize that the Oldsmobile is a car of taste. The cabinet work is of as high quallty and as rich finish as an elegant piece of parlor furniture. The deep cushions have that same comfortable "feel" as your favorite library chair. There is room to lounge comfortably in the car. Special attention has been given to spring suspension with a result that the road action of this new Oldsmobile is almost perfect.

## Safety and Serviceability

Even an inattentive driver can hardly go outside of the factor of safety of the new Oldsmo-bile. The braking system is one of powerful action and positive effect. The flexibility of its high efficiency motor makes its management as safe and dependable as an electric. The steering is of the irreversible type, offering a high degree of leverage to the front wheels, and the steering wheel is corrugated in such a manner as to give very secure hand hold. Powerful electric lights supplied from an unfailing source make night driving a pleasure.

We want you to make the acquaintance of the Oldsmobile. The seventeen years of Oldsmobiles' experience behind it guarantees its success. Let us show you the Oldsmobile or receive an inquiry from you for descriptive printed matter.

The Oldsmobile Sales Co. has been organized to distribute Oldsmobiles exclusively in the entire state of Nebraska and western lowa. It is a very valuable agency as the car will sell to any man who knows automobile value and who wants to buy a good car. We want a live man in every section. Maybe Mr. Reader, you're the man. We will be glad to talk this agency matter over with you.

The Body

No

2222

222

Has high sides and deep seats upholstered in the finest long-grain, hand-buffed leather, stuffed with selected curied hair. The dash panel is imported Circassian walnut with all instruments set flush. The doors are extra wide with no exposed handles or hinges. The body finish consists of twenty-four hand operations-not paint aprayed on and kiln dried. Unusually roomy.

## The Chassis

The chassis embodies the latest accepted prin-ciples of engineering practice. High speed European type valve-in-head four-cylinder motor-long wheel of 120 inches-floating type rear axis-nickle steel liberally employed—soft riding three-quarter elliptic rear springs four feet long—aluminum run-boards and toeboards, and genuine honeycomb radi-ator mounted with solid German silver shell.

In equipment, the best known units are em-ployed. Delco starting and lighting system—Stewart vacuum gasoline supply with large gasoline tank in rear of car-Stewart-Warner speedometer-eight-day clock-one-man leak-proof top.

Price The price through increased production is \$190 less than last year, nothwithstanding the increased size of the car and many refinements and improvements. An experienced organization of the highest

efficiency makes possible a figure unexpected in a **Oldsmobile Sales Company** motor car of such rare quality. 2206 Farnam Street, Omaha f. o. b. Lansing, Mich. Distributors for Nebraska and Western Iowa **Oldsmobile Eight Ready for** OLDS MOTOR WORKS -:- Lansing, Mich. Fall Delivery, \$1295
