Dale told the children that two crops of beans could sometimes be raised in the same season if there is moisture enough and they are planted at the same time Estella determined to raise the seed this year for her second crop. She now

has a second handsome bean patch. Herbert Specher thus far has the honor of having raised the largest bean pods of the season. He has exhibited some at the Young Men's Christian association rooms the pods of which were eighteen inches long.

Leaf spot is still ruining many tomato patches. This disease has attacked the tomatoes quite generally in Omaha this

year, Mr. Dale says, and is doing a great deal of damage. It attacks both leaves and stems and in many cases strips plant bare. To check the spread of the trouble Mr. Dale recommends spraying with Bordeaux mixture, made according to standard formula.

Omahans Experience Chilly Twinges and Realize That **Fall and Winter Garments** Must Be Cleaned.

Dresher Bros. Already in the Midst of Pre-Fall and Winter Rush.

Feels sort of "Fall like" every once in a while, doesn't it? Makes you sort of hustle around for warm wraps and heavier garments, isn't it a fact?

But, when you go for your heavier garments you find them packed away in moth balls; you haven't looked at them since last winter; they don't look fit for immediate Wear

That shows where you were neglectful last season; you should have sent those garments to Dresher Bros. the moment the winter season ended last year: had you done so you would have had a neat clean lot of winter

clothes to jump right into. But you didn't, so what's the use of talking over it! Best thing you can do now is to get all of your Fall and Winter suits, overcoats, dresses, skirts, furs, etc., together as quickly as you can now, and send them to Dresher Brothers' \$57,000 Cleaning and Dyeing plant at 2211-2213 Farnam St. and mark the package with a big "Hurry' mark.

It must be remembered that Dreshers' service covers anything and everything you want it to cover; if you want your garments restyled. or made over, as it were, all you have to do is say so; if you want this or that dyed you will find the Dresher Dyers equal to any in this whole broad world; if you want a mere cleaning and pressing, all well and good.

Don't lose any more time; stop and reason with yourself; know that those garments you have must be put into shape for winter some time soon anyway; why not now?

Phone Tyler 345 for a Dresher man or leave work at Dresher The Tailors, 1515 Farnam St., or at the Dresher Agencies in the Brandeis Stores and Burgess-Nash Co. stores. Or send in your work if you live out of town. Dreshers pay express or parcel post charges one way on any America.
