

Nebraska DEMS BARRED OUT FROM TREASURY

State Strong Box Keeper Refuses to Budge Position on Food Commissioner Pay.

HOFFMEISTER HOLDS A SEANCE

(From a Staff Correspondent.) LINCOLN, Aug. 30.—(Special.)—State Treasurer George Hall still stands pat on his determination not to pay warrants of the pure food commission coming to him after being audited by the auditor and approved by the secretary of state.

Unable to Move Hall.

The Chase county man was unable to make any impression on the state treasurer and the edict which has gone forth from the finance department of the state that Tom and George are bigger men than Attorney General Wood, will have to stand. Just how relief will come is up to the attorney general and the governor.

How the Law Reads.

Chapter 24, section 21, covering fees of the pure food department, reads: "Said fees shall in each case be paid into the treasury of the state and be credited to the general fund as provided by law in advance of the issuance of any permit."

Democrats in Bad Muddle.

They appear to be of the opinion that it would furnish unfavorable comment to have a democratic administration compelled to call upon republicans to help them save the state from democratic inefficiency, and so in order to get around that point about the only thing to do is to call a special session and let the fellows who are responsible for the muddle in the democratic roadway fill them up as the old machine can get over the road without having to call on the republican elephant to pull them out.

Holt County Dispute Over Taxes in Court

(From a Staff Correspondent.) LINCOLN, Aug. 30.—(Special.)—M. T. Hart and H. M. Citley, taxpayers of Holt county, have appeared in the supreme court from a judgment of the Holt county district court where they brought suit to compel the Board of County Supervisors of that county to require certain state officers of the county to pay over to the county treasurer quarterly fees received in their offices.

NOTES FROM WEST POINT AND CUMING COUNTY

WEST POINT, Aug. 30.—(Special.)—S. Wasyhovsky, the man who is accused by Schluscock Bros. of this place with having defrauded them out of over \$2,000 by means of a worthless check, given in payment for a carload of horses, last December, and who was captured at Sioux City and extradited by Governor Wood of Iowa, has surrendered himself to Sheriff Sexton and is in jail until he can furnish satisfactory bonds.

Cuming county will be well represented in the live stock section of the Iowa state fair in Des Moines this week. Charles Graff, the well known breeder of Red Polled cattle has shipped fifteen head, the pick of his herd, and will place them on exhibition at the fair.

Corn is still backward in this section. Cold nights and days of very little warmth have been the rule for the last three weeks and corn has made but little progress. There will be some fields of corn which will ripen in perfect shape, but the great majority of the acreage of Cuming county will be more or less soft and immature.

A marriage license has been issued to Henry W. Adel of Wren, E. D., and Miss Vera E. Donohoe of Bancroft.

Judge Nutzman deferred the case until September 14. This is one of the largest estates ever probated in this county and arises over the will and testament of Maria Blausner of Diller, Neb., before her death last January.

In this instrument she bequeathed a half section of land to C. Leo Blausner, a quarter section to four sons and daughters and \$100 in currency to another daughter. Contestants and proponents in the estate have retained the best counsel in Jefferson county.

Summer Suggestions for Baby's Mother

Seas-nable Advice on the Health of Child in Hot Weather

No one requires as much food in summer as in winter. Do not overfeed children during the hot weather. Serve only the lighter and more easily digested foods, and make sure the bowels keep normally active. Most of the troubles to which children seem particularly susceptible in summer have their origin in a constipated condition. The first care of the mother should be to see that the children are regular. At the first sign of a disposition to neglect this important function a mild laxative should be administered promptly. Cathartics and purgatives should never be given to children as they are harsh and violent in their action and tend to upset the entire system.

Swap Anything in the "Swapper's Column"
