OMAHA DAY AT FAIR TO ATTRACT MANY

Automobile Parties in Large Numbers Will Witness Attractions at Lincoln Thursday.

HUNDREDS WILL TAKE TRAINS
"Off for Lincoln."
That is to be the program of Omaha boosters next Thursday.

That is to be Omaha day at the state fair. Special trains are to make the trip besides the many regular trains on these lines.

Automobile parties in great numbers are planned for that day. Automobiling has not been the best in the world this summer, and now that the rains have ceased and the roads have had an opportunity to dry everyone is anxious to get his machine out and take a spin before the season closes.

That being the case, and Lincoln having an especially attractive state fair scheduled for the week, and having an especially enticing program mapped out for Omaha day, the autos are being oiled up and tried out for the trip to Lincoln.

There were over 700 of these Lincoln fellows over here for Lincoln night at Ak-Sar-Ben Den. Is what is being quoted on the lips of every Omaha booster, "and we've got to make a showing on Omaha day at the state fair."

State Fair Attractions.
De Lloyd Thompson, "The Tumble Bug of the Air," is to tumble in the air in his aeroplane.

Patterson's shows are to be in continuous progress on the midway. Moving pictures are to be shown constantly in the north end of the Agricultural hall. George Green's band is to give a concert in the auditorium. At the Automobile Hall Hagenow's band is to be playing. The Fifth Regiment band is to play at the coliseum.

Barney Oldfield will roar out upon the race track with his car and try to lower the world's record.

Harness and running races are to be held in the afternoon with some especially good horses.

Vaudeville performances will fill in the waits between the races in front of the grandstand. The Six Cornells, the acrobats, are to perform. Motor madness, the scene of daring, is to be exhibited. The Flying Kays in their comedy bounding bar act are to be there. The Four Blactions in their challenge bicycle art are to be there with all their wondrous feats.

Other vaudeville features are to be shown in the evening, with Barney Oldfield again racing around the track in the dark. Fireworks, the best on the road, are to be shown in Pain's great spectacle.

Excellent train service will be maintained from early morning until night.

CURTAIN MAIL SERVICE IN OMAHA ON LABOR DAY

The postoffice will be open on Labor day from 7:30 a. m. to 10:30 a. m. only, and mail will be delivered twice in the business districts of the city. All other offices in the federal building will be closed all day Monday.

MANY JOIN CADET DRILL

More Than Six Hundred Students Are Enlisted in High School Battalion.

TO USE PARKS FOR FIELD WORK

This year the high school boys are taking great interest in the cadet drill and already more than 600 have enlisted in the battalion, whereas heretofore the greatest number has been around 500 to 600. At the high school a regular recruiting office has been established, in charge of the commissioned officers of the battalion, and physical disability is the only excuse that a boy can offer that will exempt him from joining the colors.

The drills will start practically with the opening of the school year. School starts Tuesday morning and Thursday afternoon the first drill of the year will be held. Last year drills did not start until two weeks after the beginning of the school sessions. The idea of starting early this year is that the boys may be able to take part in the civic parade of the Knights of Ak-Sar-Ben.

Fifty in High School Band.
The high school band is going to be more of an important factor in connection with the school than ever before. It will have a membership of fifty, most of whom are already proficient musicians.

Major Elmaser, commandant of the high school battalion, says that owing to the limited space afforded on the high school campus, he will have to look elsewhere for grounds for field work and drilling in extended formation. Hence he is considering the plan of taking the boys to some of the parks during certain afternoons.

Major Elmaser is also lining up a plan for taking the boys out on hikes at least one or two Saturdays each month. These plans contemplate moving in company formation and going out around Florence, Bellevue, Child's point and other places of interest within five to ten miles of Omaha. On these trips the boys will be given work in scouting, camp duties and living and cooking in the open.

At the high school building the lockers assigned to the cadets will all be open.

The first floor. Boys who are not in the battalion will have to go to the third floor for their lockers.

M'VANN TAKES UP CASE FOR IMPLEMENT MEN
The proposed advance in freight rates on agricultural implements would raise the rates into Omaha from Chicago, for example, from 30 cents a hundred pounds to 32 cents. In many places throughout the west and northwest the increase will exceed 2 cents.

The implement dealers of Omaha are greatly interested in the case, and the traffic bureau of the Commercial club filed a protest against the proposed advance in behalf of the Omaha implement men some time ago.

Now it develops that the National Implement and Vehicle association is taking up the fight for the implement dealers all over the United States and this association has retained E. J. McVann, manager of the traffic bureau of the Omaha Commercial club, to handle the case for them. Thus it will not be necessary to follow up the individual protests of the Omaha dealers since the case is to be handled for the national association and by an Omaha man.

Jewish New Year Begins Wednesday

Rosh Hashonah, the Jewish New Year, will be ushered in at sunset Wednesday. The new year will be 5675, according to the Jewish calendar. Services will be held at Temple Israel and in the three orthodox Jewish synagogues of the city, Wednesday evening at 7 o'clock and Thursday morning at 10 o'clock, with additional services Thursday evening and Friday morning in the orthodox worshiping places.

At the request of the Central Conference of American Rabbis, Dr. Frederick Cohn will speak on "Peace," which will be the pulpit subject of rabbis all over the country Wednesday.

Special prayers for war sufferers will also be offered at the Russian synagogue, Eighteenth and Chicago streets; the Beth Hamedrosh synagogue at Nineteenth and Burt, and the B'nai Jacob house of worship at Twenty-fourth and Indiana avenue.

Services for Yom Kippur, the Day of Atonement, will be held Friday evening, September 17, and all day Saturday, September 18. The Feast of Succoth will begin Wednesday evening, September 22, with closing services September 29 and October 1. This concludes the holy season.

Nujol

REG. U.S. PAT. OFF.

A PURE WHITE MINERAL OIL

WHEN war broke out last August, importations of Russian mineral oil ceased abruptly. Prices in this country doubled, tripled, and soon Russian mineral oil could not be obtained at any price.

At that time no mineral oil was produced in this country equal to the imported product, but in Nujol we can now offer an American oil equal in every respect to the best of the imported oils.

Nujol is odorless and tasteless, absolutely neutral, and is not digested or absorbed into the system. It acts merely as a mechanical lubricant.

Nujol is not a drug. Its use will not give quick, temporary relief. But Nujol is a genuine remedy in that it relieves constipation in the most natural way by lubricating the lining of the intestines, softening the intestinal contents, and thus promoting healthy and normal bowel activity.

Write for "The Rational Treatment of Constipation," an informative treatise on constipation. If you cannot get Nujol from your druggist, we will send you a pint bottle prepaid to any point in the United States on receipt of 75c—money order or stamps.
