By MELLIFICIA. Monday, September 6, 1915.

The school bell sounds the knell of passing summer. With tomorrow's morn the younger set, who attend the home schools, will saunter forth to take up their troubles again, and those who go east, have but a week's respite.

The gayety of this set has kept the social spark alive this summer more than any other year. As one matron was heard to remark: "Things would certainly be dead without them. They have been fairly under one's feet."

The first to start the exodus will be Miss Naomi Towle. She will leave tomorrow evening for the east, where she will enter Bradford academy. Miss Helen Pearce leaves one week later for Dana hall. Miss Pearce will be accompanied by Miss Corinne Elliott, who enters her first year at the hall.

The Misses Elizabeth and Erna Reed and Miss Esther Wilhelm plan to leave together in two weeks. Miss Elizabeth Reed will enter Vassar college and Miss Erna, the Bennett school in Milford, N. Y., while Miss Wilhelm will spend this year at Miss Spences' school in New York City. Miss Josephine Congdon leaves the eighteenth for Vassar college, where she enters her senior year.

PHILBIN TO BUILD HOTEL ON DOUGLAS

Plans Fourteen-Story Structure on Corner Leased from Kennedy on Sixteenth Street.

HAS NINETY-NINE-YEAR LEASE

Announcement is made of the transfer of the lease of the site at the northeast corner of Sixteenth and Douglas street, from John L. Kennedy to P. H. Philbin, for ninety-nine years, on a basis of a valuation of \$500,000. A year ago Mr. Kennedy secured a lease on basis of \$40,000 valuation.

Mr. Philbin, who is now proprietor of the Schlitz hotel, says a fourteen-story hotel will be erected on the site, which is 66x132 feet.

Work Begins in April.

Work on the building, which is to be of steel construction, will start when the present lease expires on April 1, 1916. The hotel will contain at least 200 rooms and will embody all of the latest features of the big eastern establishments. The building will be finished in one year's time and on April 1, 1917, Mr. Philbin's lease on the Schlitz hotel will expire and occupation of the new hotel will take place. The entire transaction involves \$1,000,000.

In conjunction with the hotel Mr. Philbin will conduct a cafe in the Empress Garden, upon which location he has also secured a long-time lease. This will be opened within the next ninety days. Mr. Philbin leaves for the east the latter part of the week to visit some of the largest cities to gather ideas for the construction and equipment of the big project.

OMAHA MAN DISAPPEARS FROM SIOUX FALLS S. D.

SIOUX FALLS, S. D., Sept. 6.—(Special.)—Mrs. Fred Chase of Omaha, has arrived in Sioux Falls in search of her husband, whom she fears has been the victim of foul play, as he appears to have mysteriously disappeared. Herself and husband have been corresponding regularly by mail, and arrangements were made for her to come to Sioux Falls and join her husband, who had secured employment on a farm near the city. But when she reached Sioux Falls her husband did not meet her, and she has been unable to find any trace of him. She has ascertained that her last letter to him, written a day or two before she left Omaha to join him here, remains unopened in the Sioux Falls postoffice.

In and Out of the Bee Hive.

Mrs. George F. Slavin returned Sunday from a five weeks' visit in Denver, where she was the guest of her sister, Miss K. Leach. Auto trips to Estes Park, Colorado Springs and the Leach ranch, near Sterling, Colo., were thoroughly enjoyed.

State Editors Are Guests of King Ak

The Knights of Ak-Sar-Ben entertained the state editors in Omaha Monday afternoon they lunched at the South Side stock yards, and after a tour of some of the interesting points in the city they had dinner in the banquet room at the Rome Hotel. About 100 are in the party, arrangements for which had been made by "Dad" Weaver. The entertainment of the editors by the Ak-Sar-Ben board of governors is a yearly affair, and they are put through all the horrors of the initiation at the den before they are allowed to depart to their respective journals.

After Vacation Peel Your Discolored Skin

Women returning from the seaside with bronzed or freckled or freckled complexions will be wise in immediately taking up the merrillized wax treatment. Weather-beaten skin and best come off for no amount of "beautifying" will ever make such skin pretty to look at. The surest, safest, easiest way to shed the spoiled cuticle is with the treatment suggested. Put the wax on before retiring, as you would soap and rinse off next morning with warm water. Minute particles of soiled skin will peel off day by day and it is enough to make any discolored or spotted complexion clear, white and satiny soft. Its action is so gentle no injury is caused and the face shows no trace of its use.

Burning heat, irritating winds and dirt are such wrinkle-makers that the daily use of the following astringent-tonic lotion at this season is highly advisable: Powdered masticin, 1 oz. dissolved in witch hazel, 1 pt. Used as a face bath this is a splendid wrinkle remover and preventive.—Advertisement.

MASS MEETING OF TEACHERS IS HELD

Superintendent Graff, Assistant Graham and Three High School Principals Make Talks.

PROF. DRIGGS GIVES ADVICE

Approximately 900 public school teachers of Greater Omaha assembled in the auditorium of Central High school, where they were addressed by Superintendent Graff and Principals Masters, Adams and Moore of the three high schools.

Prof. Howard Driggs of the University of Utah gave a short talk on grammar and the practical side of language education.

This was the first meeting of the teachers of Omaha, South Omaha and Dundee under the consolidated school system. Principals Masters and Adams of Central High and High School of Commerce were introduced by the superintendent as new members of the administrative force of the school system.

As Principal Masters stepped forward to say a few words, one of the teachers whispered to her companion, "He isn't at all bad looking, is he?"

Mind Personal Element.

Addressing the teachers, Superintendent Graff urged that the teachers be mindful of the importance of the personal element which he regarded as important. He pointed out a tendency as a school system grows to lose sight of the personal acquaintance between pupils and teachers and the supervising officers. "The merger presents difficult problems. I will be satisfied if, within a year, or even two years, we have found our stride as a thoroughly organized school system. We must contribute good will and patience and retain our acquaintance and sympathy," was the superintendent's advice.

Leaves Million-Dollar School.

Principal Adams mixed the ray and the grave in a happy little talk. He said Omaha is not only the Gate City of the west, but the Gate City of the east. He said he let a new million-dollar high school of commerce at Springfield, Mass., to enter what he believed to be a greater field here.

"Omaha does not let its stragglers get lonesome. Sunday morning at 10 a. m. Sunday-getting-up time three brass bands passed beneath my window and my little girl wanted to go down and give them a nickel," said Mr. Adams.

In introducing Principal Masters of Central High, Superintendent Graff said he felt largely responsible for his selection.

Prof. Driggs Speaks.

Prof. Driggs contended that the teaching of language should be on a more con-

structive basis. "Our system has been one of the repression rather than of expression. There are too many rules and definitions; we need more practical training," said the visitor. He made reference to a recent article in *The Bee* on grammar and commended it to the teachers. He referred to the importance of a correct and effective use of English as a business asset.

"The old pedagogy regarded the child as a cistern into which should be poured a lot of information and when the cistern was eight notches full, then the child passed out of the eighth grade; modern pedagogy regards the child as a living spring," was another thought of the Utah educator.

Superintendent Graff announced that substitutes will be sent Tuesday morning to fill the places of all teachers not at the meeting, and who did not return cards which were distributed.

Assisting Superintendent Graff in the work of getting the consolidated school system ready for the opening was Assistant Superintendent Bell Ryan.

All schools will be ready for opening Tuesday morning.

The Real Suffrage Thought of Women

Motherhood is the thought uppermost in woman's mind. And with it, of course, comes the question of comfort, of helpful aids and influences. Among the best of these is a well known external remedy, "Mother's Friend." It is gently applied to the surface muscles. These are lubricated, toned, made pliable so they stretch as nature requires without the strain and pain on cords and ligaments.

This influence extends through the myriad of nerve and surface, the internal organs. And thus a period of repose must reflect itself not only in the mind of the mother, but upon the babe to come.

A point upon which all experienced people agree is the accepted fact that whatever an expectant mother may do for herself that is safe and harmless is bound to encourage confidence in herself. And as she applies "Mother's Friend" with her own hand whenever required and just where needed, she soon learns to forget those apprehensions so often imaginative.

Young mothers who have used "Mother's Friend" have written to say how rejoiced they were at the absence of morning sickness, extreme nervousness, and other distresses of which they had heard and feared. Get a bottle of "Mother's Friend" at any drug store. Simply apply it over the stomach muscles and rest assured of perfect safety and comfort day and night. Write to Bradfield Regulator, 708 Lamar Bldg., Atlanta, Ga., for their handsome and instructive book.
