Drill Team Ladies' Auxiliary N. A. L. C.

LANE STUDIO PHOTO

The drill team of the ladies' auxiliary No. 78 of the National Association of Letter Carriers received much favorable comment when they put on the fancy "flag drill" at the reception tendered the delegates and visitors at the Scottish Rite cathedral last week, during the national convention of the National Association of Letter Carriers and the ladies' auxiliary. So well was the drill received that the carriers made a special request that the performance be repeated at the grand ball given at the Omaha Auditorium on Thursday evening, to which the ladies responded, and received loud and prolonged applause.

Y. W. C. A. Notes.

The household arts department has planned an attractive group of classes for the fall term, both in cooking and sewing. The regular classes in cooking are offered and there are two special courses, one for housewives and the other for nurses in invalid cookery.

Cookery I is for those who know little of cooking and need to start from the foundation. It can be combined with one of the more advanced courses, thus enabling one to cover more ground in the short time.

Courses II and III give the more advanced cooking and demonstrate the fancier and more expensive dishes. In these courses the serving of meals is taught.

The special courses are not exclusively for miss or for nurse, but are open to a time when they can be accommodated and the cookery offered is supposed to meet their requirements.

In the sewing department there is a class for plain sewing and one for fine handwork, both of these being given in the morning and the evening. Mrs. Catterton will have the classes again this year.

Miss Moore, the household arts director, is in her office every day except Wednesday between the hours of 12 and 2 o'clock.

WARNING TO USERS OF HAIR REMOVERS

Don't Experiment With So-Called Superficial Hair Removers.

If you use a simple toilet preparation and it proves to be worthless you only lose money. It is a very serious matter, however, when a doubtful hair remover, because it will either result in permanent disfigurement or cost you many dollars and take months or possibly years to gain control of the growth after it has been stimulated by the use of such preparations.

It is a waste of time to use pastes and rub-on preparations which merely remove hair from the surface of the skin. To rob hair of its life sustaining force, you must devitalize it by attacking it under the skin as well as on the skin. Nothing but DeMiracle, the original liquid depilatory, can accomplish this.

Imitations of DeMiracle are as worthless as paste and rub-on preparations because they lack certain ingredients that DeMiracle alone contains which give it the power to rob hair of its vitality. Remember, DeMiracle is the only depilatory that has a binding guarantee in each package which entitles you to your money if it fails. Insist on the genuine DeMiracle and you will get the original liquid hair remover. Others are worthless imitations—refuse them.

DeMiracle is sold in \$1.00 and \$2.00 bottles. The larger size is the most economical for dermatologists and large users to buy. If your dealer will not supply you, order direct from us. The truth about the treatment of superfluous hair mailed in plain sealed envelopes on request. DeMiracle Chemical Company, Dept. E, Park Ave. and 12th St., New York—Advertisement.

TO PRESIDE AT GRAND ISLAND MEETING

MRS. M. M. CLAPHAM OF LINCOLN, PRESIDENT OF THE NEBRASKA WOMEN'S CHRISTIAN TEMPERANCE UNION, WILL PRESIDE AT THE STATE CONVENTION AT GRAND ISLAND TUESDAY.

Big Benefit at Luna for Fred Thompson Nets About \$30,000

When Frederic Thompson conceived Luna park he little thought that it would be the means of furnishing him a home at a time when Dame Fortune had ceased to smile upon him. But the events of Friday, September 10, showed that such was the case.

Friday, September 10, was Fred Thompson day at Luna park and the entire proceeds of that day, from noon till midnight are to go toward building a home for the ex-ammusement king.

In his day, which was not so long ago, Mr. Thompson was a unique figure in the amusement world, and it is to his genius that Luna park is the Coney Island of Omaha. It was Luna park, the creation of Frederic Thompson, that changed that "city-by-the-sea" from a resort of rowdies to a place that appealed to the best people of the land and a resort for women and children—an endless fairland for the little folk and a place of relaxation for the workaday world in general.

This creation of Thompson's won a world-wide fame. It was copied all over the United States and found its way to England and continental Europe. It was the most copied amusement creation the world ever knew, and it is little wonder that its creator should now be rewarded at a time when he needs it—for who is there to say he deserves it not?

Frederic Thompson is broke to use the vernacular. His Toyland venture at the Panama exposition failed, through no fault of his, but because of the general conditions that kept down the attendance

at the exposition itself, and a month ago the former amusement king went back to Coney Island.

The directors of Luna and the business men of Coney Island planned the benefit. The admission price to Luna was raised from 10 cents to 25, though for the additional price admission was provided to all shows within the big resort and more than 6,000 persons visited the place.

According to Tody Hamilton, who checked up the gate, there will be about \$30,000 left, when all expenses have been paid, to provide a home for Thompson at Coney Island—New York Clipper.

Low Class Elects Officers—Junior law class of the Poutelle university held its class election last evening, when E. D. Shirley, president; J. V. Hayward, vice president; E. Johnson, secretary; T. H. Daniels, treasurer, were elected as officers. The class meets Monday and Thursday evenings.

If I Can Sell This Overload of Ladies' Tailored Suits and Smart Blouses Monday, I'll POUND the Prices!

"Overload" expresses it about rightly! What AM I to do with the HUNDREDS upon HUNDREDS of Ladies' Fall Suits and Blouses that arrived here as late as Saturday? Carpenters are hemming us in on all sides; I haven't even as much elbow room as I had a week ago. It's a desperate state of affairs that forces me to CUT the prices on wearables that have scarce seen the light of day in Omaha, but, nevertheless, I CUT, and some of these lines will not bring over half price. It's my dilemma; it's your time to win; it's the garment chance of THIS year and of years to come.

The "Out-From-Under" Sale Must Help Out!

Brief hints in regard to the waist styles to be shown here Monday--

The beautiful Blouses to be shown here Monday for the first time run into the THOUSANDS. There are Lace Blouses, Gorgeotte Blouses, Crepe de Chine Blouses, Organdies, etc. My reputation as a provider of proper Waists and Blouses has long been established; I could not afford to show ANY other than the latest at this establishment.

BLOSSOMING OUT Look at the scope of remodeling and enlarging operations as you pass by, note, for instance, what a broad expanse of beautiful show windows this store will have.
