ARDMORE, Okla., Sept. 27.—At least twenty persons were killed and it is estimated 200 others were injured dangerously here this afternoon when a 250-barrel tank car of gasoline exploded. The forces of the explosion shook down many buildings and threw burning oil in every direction, causing scores of fires in every part of the city. At 8 o'clock the fires were under control and the city was under martial law.

At 6:30 o'clock tonight the fires had been extinguished.

Fifteen bodies had been recovered at 6 o'clock tonight. Two of them were taken from the Santa Fe freight depot, near which the explosion occurred, and five from nearby cafes.

The force of the explosion threw burning oil over the city and more than thirty fires were burning at one time. A dense smoke pall settled over the city, adding to the confusion.

KANSAS CITY, Mo., Sept. 27.—Two score of persons are reported to have been killed and a number estimated at from fifty to 100 injured as a result of the explosion of a 3,000-gallon car of gasoline at Ardmore, Okla., late today. Communication with the town, which is reported in flames, has been cut off. The report claiming the heaviest casualties, twenty-five killed and 10 injured, came from Oklahoma City.

Caused by Explosion.

DALLAS, Tex., Sept. 27.—Ten blocks of business buildings are burning at Ardmore, Okla., according to reports received here late today. The fire is said to have been started by a gas explosion. All wire communication with Ardmore is reported out of commission from points south of Ardmore.

Last reports from Ardmore said a big natural gas storage tank had exploded, destroying the greater part of the town and completely wrecking the passenger station, where the telegraph lines are located.

The telegraph operator, who furnished the information, according to a local telegraph company, walked three miles south of Ardmore, where he tapped a wire and notified Dallas headquarters. The operator said the town was darkened by smoke and he did not know the extent of the damage.

The Atchison, Topeka & Santa Fe passenger station at Ardmore was destroyed by the explosion, according to a report here over railroad wires. It was stated every person in the station was killed.

MINISTERS FINISH THEIR ELECTION

Rev. Titus Lowe and U. G. Brown Are Omaha Men Selected for the Honor.

CHURCH IS MORE PROSPEROUS

After taking eight ballots, the Nebraska Methodist conference finally succeeded in completing the election of nine ministerial delegates to the next general conference of the church, as follows:

Rev. I. B. Schreckengast, vice chancellor, Nebraska Wesleyan university, University Place.

Rev. E. E. Hosmer, superintendent, Norfolk district.

Rev. J. W. Embree, superintendent, Tecumseh district.

Rev. U. G. Brown, superintendent, Omaha district.

Rev. E. W. Marsh, superintendent Hastings district.

Rev. H. H. Millard, pastor, Norfolk.

As reserve or substitute delegates, to serve in case any of the regular delegates are unable to do so, the conference elected Rev. A. A. Randall of Broken Bow and Rev. J. R. Getty of University Place.

Choice Is Popular.

The choice of Rev. Dr. Lowe of Omaha and Rev. Dr. Brown, superintendent of the Omaha district, is popular with the ministers and regarded as special honors in recognition of merit, as both men have been in the Nebraska conference only a comparatively short time. The election of Rev. Dr. Furman was also in special recognition of his work as secretary of the conference.

According to a preliminary report by Rev. H. G. Langley of Laurel, treasurer of the conference, Nebraska Methodists have been even more liberal than had been supposed, in giving to the various national benevolent funds of the church. He said that a total of \$8,756 had been contributed during the last year by the churches of the Nebraska conference for (Continued on Page Twelve, Column One.)

ENCAMPMENT OF VETERANS BEGINS

Commander-in-Chief Palmer Opens Headquarters of Reunion in Old Census Building.

DAY GIVEN TO RECEPTIONS

WASHINGTON, Sept. 27.—The forty-ninth annual reunion of the Grand Army of the Republic began here today with thousands of veterans participating. The celebration will continue for a week and will include a procession of veterans from the capitol to the White House in commemoration of the grand review which marked the close of the civil war. Plans had been perfected for entertaining 100,000 visitors.

Public Buildings Draped.

All public buildings, including the White House and the capitol and business houses along Pennsylvania avenue, were draped in the national colors.

The day's ceremonies began with the formal opening by Commander-in-Chief Palmer of Camp Emory, official headquarters of the reunion, established in the old census building near the capitol, and the welcoming by the commander and his staff of Lieutenant General Nelson A. Miles, retired, who is to be the grand marshal of the parade on Wednesday. This was the only formal ceremony held, the day being devoted largely to the informal reception of incoming delegations.

Thirty thousand veterans are expected to participate in the grand review on Wednesday. President Wilson will review the procession.

Wednesday Will Be Holiday.

It was a clear, crisp day for the veterans, thousands of whom gathered at headquarters for the dedication of the Camp Emory building. Addresses were made by Theodore W. Noyes, president of the Washington Oldsters' association, and others.

Most of the day was given over to registration of the veterans. On the streets were seen many former Confederate army officers, especially invited to attend the reunion. President Wilson issued an executive order for a holiday in all government departments Wednesday, when he will review the procession.

LONDON, Sept. 27.—Emperor William intends to remove his headquarters to Luxemburg in October, it is declared in a dispatch from Amsterdam to the Exchange Telegraph company. Instructions already have been issued regarding the transfer, according to advices from Berlin, the dispatch adds.

BERLIN, Sept. 27.—(Via London.)—The German war office announced today that the new offensive movement in the neighborhood of Lille, northern France, had been brought to a standstill by fierce German counter attacks.

The British attack in other sectors also is said to have broken down with very heavy losses to the attacking forces. The war office states that the French offensive has made no further progress between Rheims and the Argonne.

The statement follows:

"The day's fighting was fiercer than the night. Only a few shots were fired on the front of Middeldierke by vessels of the enemy, which was lying in the far distance, and these were without result.

"The enemy has not repeated its attacks in the Tynes sector.

"Southwest of Lille the great enemy offensive has been brought to a standstill by a counter attack. Fierce separate attacks by the enemy north and south of Loos broke down with very heavy losses to the British. In the region of Souchez also, and on both sides of Arras, all attacks were repulsed with sanguinary losses.

"The number of prisoners has been increased to twenty-five officers and 3,000 men. The booty in machine guns has been increased to fourteen.

"The French offensive between Rheims and the Argonne has made no further progress. All attacks of the enemy, which were very fierce, especially on the Somme-Py road, well north of Beaumont, and at Fermanmies, and east of the Aisne, failed with very heavy losses to the enemy. The number of prisoners taken there has been increased to more than forty officers and 3,000 men.

U. S. Takes Steps to Keep War Munitions from Mexican Bandits

WASHINGTON, D. C., Sept. 27.—Orders have been issued to all American officials on the Mexican border to seize all shipments of ammunition when the destination is not definitely known. No embargo is being laid on commercial shipments of war munitions to the principal factions, but it is the purpose of the government to prevent war supplies from reaching bandit bands and raiders operating independently.

The day's news is a telegraphic communication between Guaymas and the Yaqui valley. Official confirmation of the story of how Yaqui Indians derailed a train between Hermosillo and Guaymas and burned sixty persons in a car of hay, was received today by the State department. No foreigners were reported killed. There now is a telegraphic communication between Guaymas and the Yaqui valley.

Carranza Threatens Trainmen.
"The department has been informed," said an announcement today, "that Carranza authorities have taken the position that all trains, whether their own, or the enemies' are military trains and that to avoid international difficulties, foreigners should not engage in railway service, which is really a form of military service. It is stated that for some cause deemed sufficient, an entire train crew might be imperilled or even executed under martial law.

Reports from west coast districts show conditions more or less disturbed, but nothing acute.

Villa agents here announced receipt of despatches showing evacuation of Naco by Carranza forces and the prospective evacuation of Agua Prieta before the Villa advance along the border. They charged that Carranza troops before leaving Cananea on September 23, killed 100 civilians. Villa forces now claim complete control of the state of Sonora. Their main body is said still to be in Durango. Tucson, Chihuahua and other towns in the vicinity.

Missing Trooper Reported Captured.
EL PASO, Tex., Sept. 27.—Mexican living near the Progresso crossing have reported that Private Richard J. Johnson of the Twelfth cavalry, who has been missing since last Friday's fight, was seen a prisoner on the Mexican side of the river shortly after the fight. Unless corroborative evidence is developed, it was stated, no serious reliance can be placed on this report.

Two Mexican bandits wounded by J. B. McAllen Friday when his ranch was attacked, died today. Two others were killed during the fight. Another bandit from this party was captured today by deputy sheriffs.

A list found on the leader of the bandits, who was the first man killed in the McAllen fight, indicates that there were ten others in the band, in addition to five accounted for as dead or captured. Peace officers have the names of these ten and were searching for them today.

ROUMANIA ASKS SOFIA TO EXPLAIN

Note Couched in Friendly Terms is Sent to Bulgaria Asking About Mobilization of Army.

BULLETIN.
BUCHAREST, Roumania, Sept. 27.—(Via London.)—5:06 p. m.—The Roumanian cabinet at a meeting today in which the mobilization of Bulgaria and Greece was discussed, decided that Roumania should continue the course it has been following.

These new developments, it was determined, were not of a nature to cause Roumania to modify in any way the line of conduct it has pursued up to the present. Consequently Roumanian troops will remain concentrated along the national frontier.

BULLETIN.
BERLIN, Sept. 27.—(By Wireless to Saville.)—A dispatch from Sofia, given out here today by the Overseas News Agency, says it is rumored that Bulgaria has sent an ultimatum to Serbia, and that the diplomatic representatives of the entente powers at Bulgaria are preparing to depart. The dispatch adds that this rumor has not been confirmed.

ROME, Sept. 26.—(Via Paris, Sept. 27.)—The Turin correspondent of the Idea Nazionale says he has been informed that the Roumanian government has sent to Sofia a note couched in friendly language asking an explanation of Bulgaria's military preparations.

Greece Requisitioned Transports.
PIRAEUS, Greece, Sept. 26.—(Via Paris, Sept. 27.)—The Greek government today requisitioned twenty merchant vessels for the transportation of troops. Among the vessels requisitioned are the transatlantic liners Themistocles, King Constantine and Mobilis.

PARIS, Sept. 27.—Mobilization of twenty classes of Greek troops will call to the colors 60,000 men. This is the official figure given by the Greek war ministry yesterday as forwarded by the Athens correspondent of the Havas News Agency. The war ministry states that there is an abundance of equipment and munitions for these men.

The correspondent adds that it is unknown whether King Constantine will take active command of his forces, if he does not do so his brother, Prince Nicholas, will be placed in command. Turkey and Bulgaria sign Treaty.

SOPIA, Sept. 26.—(Via London, 7:31 p. m.)—The protocol providing for the handing over of territory ceded by Turkey to Bulgaria in virtue of the Turko-Bulgarian agreement, was signed by Turkish and Bulgarian delegates at Demotika, twenty miles south of the Turkish fortress of Adrianople yesterday, according to the semi-official Bulgarian newspaper Narodni Prava.

The agreement by which Turkey ceded to Bulgaria the Turkish portion of the Balkan railway is reported to have been reached July 22. The protocol is understood to transfer to Bulgaria all Turkish territory west of the Maritza river. The Maritza is the principal river in European Turkey and formed the boundary between Turkey and the part of Turkish territory ceded to Bulgaria after the Balkan war. According to an official report the treaty leaves Bulgaria unpledged concerning her attitude in the war.

BELGIANS TAKE PART ON YSER

BULLETIN.
LONDON, Sept. 27.—A British official communication made public tonight says:

"Northwest of Hulluch we have repulsed a number of counter attacks and inflicted heavy loss on the enemy. East of Loos our offensive is progressing.

"Our captures now amount to fifty-three officers and 2,800 men and eighteen guns and thirty-two machine guns. The enemy abandoned a considerable quantity of ammunition which has not yet been classified."

BULLETIN.

LONDON, Sept. 27.—In two days' the French and British have gained greater results than in the preceding twelve months of fighting since the battle of the Marne. With upwards of 20,000 German prisoners in their hands and something like thirty guns, without counting machine guns, and with a formidable breach in the German line, the allies apparently have their long expected offensive movement well under way. The advance has been general, and its effect is emphasized by the fact that on the eastern front a substantial gain for the Russians is recorded.

Petrograd states that the army of General Ivanoff has won a striking victory over the Germans and Austrians in the southeastern theater, where 1,000 prisoners are said to have been taken.

Belgians Take Part on Yser.
The Belgians also are taking a prominent part in the new offensive movement. Their official announcement reports the capture of a German post on the right bank of the Yser, with the consequent evacuation by the Germans of adjoining trenches.

It is believed in London that the new move in the west will again bring the Germans face to face with the necessity of making a choice between the two fronts, as was the case earlier in the war. Military writers point out that the Russians are now holding the Austrians and Germans on a front of 700 miles, while the presence of nearly 2,000,000 strongly entrenched Germans has failed to prevent an advance in France. This, they say, must increase the perplexities of the German general staff and react immediately on any plans which may have been formed for new attacks in the south or southeast.

The feeling of optimism in London is enhanced by the political effect which the successes of the allies appear to have had on the Balkan states. Dispatches from Sofia indicate that Bulgarian diplomats are eager to convince the allies that mobilization of the army was not prompted by hostile motives.

Russian Position Improved.
The latest official news from Petrograd is interpreted here as showing that the Russians are distinctly in a better position. This seems to be true even in the region of Dvinsk, where Field Marshal von Hindenburg has concentrated his efforts, perhaps at the expense of the southern front. The German attack now seems to be slackening.

Notwithstanding the successes of the allies, England is not blinded to the fact that it will be no light task to attempt to push the war over the West Ad. Page.

Marine and Fifty Haitians Killed in Near Haut Vu Cap

WASHINGTON, Sept. 27.—Details of fighting between native and American forces near Cape Haitien yesterday in which one marine was killed, ten were wounded and more than fifty Haitians were killed, reached the Navy department today in messages from Rear Admiral Caperton. The marine patrols had been sent out to clear the lines of supply from Cape Haitien to the interior.

The first expedition sent out on Saturday afternoon to Haut Vu Cap and Petit Anse, close to the city and on the main line of supplies, passed native outposts, whose commanders objected to the expedition, but offered no resistance. Next day two patrols went out again and after the expedition reached Haut Vu Cap firing became general and both patrols were engaged. About fifty natives were killed. The patrols returned to Cape Haitien last night and Admiral Caperton reported the supply routes had been completely cleared of hostile forces.

A later message said Captain Underwood led an expedition of fifty mounted marines to Petit Riviere and Delarte Bonite Sunday, and encountered 100 armed Haitians. They were driven into the hills after a vigorous skirmish in which one marine and two natives were killed and three natives were wounded.

The marines are holding the two towns, where quiet has been restored.
