LUXUS TO GO EAST FOR FRAY SUNDAY

Word is Received from Secretary, Seaton that Omaha Champs Will Play Cleveland at Columbus.

OHIO CITIES BATTLE TODAY

There is joy in the Luxus camp today. For the Luxus are going east to battle the champs of that section in the semi-final round of the inter-city series for the amateur base ball championship of the United States.

A telegram was received in Omaha yesterday from Secretary Seaton of the National Amateur association. In the said telegram Mr. Seaton conveys the glad tidings that the brewers will either play at Cleveland or Columbus, Saturday or Sunday. Manager Johnny Dennison of the Luxus, was at hand when the Western Union brought in the news and Johnny went into a fit of joy, for he feared that he and his bunch might get trimmed out of their trip.

Last Saturday Johnstown and Cleveland staged a game which wound up in a fight. Then Cleveland trimmed Johnstown two games, and President Patterson ruled Cleveland the winner. Cleveland and Columbus will play today, and the winner must meet out tried and true athletes.

The Omaha team may also participate in a little squabble when it arrives in one of the aforementioned Ohio burgs. That is, the rough-house will probably occur if Omaha goes to Cleveland. Cleveland has been using a couple of players which the Omaha officials object to. One of them is a pitcher named Atkins, who played on another team in the Cleveland league. The White Autos, who copped the championship, are using him and he was not a member of their team last summer. Omaha objected to his playing and Patterson ruled that he is ineligible. Cleveland is still using him, however, but if he should attempt to pitch against the Luxus Omaha intends to howl long and lustily.

The Luxus will learn tonight whether they will go to Cleveland or Columbus and, when they will leave.

off along the remainder of the British front.

Military writers profess to see already the effects of the offensive in the west on operations over the eastern front. The Russians are holding the Germans before Dvinsk and apparently are giving little ground elsewhere.

No Answer Up to Noon.

PETROGRAD, Oct. 5.—(Via London.)—Russia's ultimatum to Bulgaria was not delivered to Premier Radolavoff until 4 o'clock yesterday afternoon. This statement was made officially here today.

The foreign office at noon today stated that no answer had been received from Bulgaria to the ultimatum.

It is not expected by the foreign office that an ultimatum will be presented by Russia's allies.

Russia did not insist upon demobilization by Bulgaria, but it is expected that if this is not done at once Bulgaria will gradually reduce its army to a peace footing in case its reply is favorable to Russia.

The Russian minister at Sofia may remain there indefinitely as a private citizen, owing to illness, even should diplomatic relations be severed.

Previous advices from Petrograd were that the Russian ultimatum had been delivered on Sunday and that the twenty-four-hour limit in which a reply was demanded expired yesterday. As this period did not begin until the time of actual delivery of the ultimatum the Bulgarian government has until 4 o'clock this afternoon (about 9:30 a. m. New York time) in which to decide a policy of strict neutrality or to side openly with Germany and Turkey.

MAYOR THOMPSON OF CHICAGO HERE

(Continued from Page One.)

tion. "But while I'm mayor, the law must be obeyed."

Condemns War Business.

Condemning America's war business as a menace to our industrial and commercial welfare, Mayor William Hale Thompson of Chicago, told almost 400 business men at the Commercial club at noon that a "peaceful, business government" should be sought for the United States, in order to bring peace and prosperity, instead of "war prosperity."

"America's prosperity is like the doctor's profession," declared Mayor Thompson. "We are thriving off the misery of other nations."

"The war business we are now getting from Europe is practically all we get from there, and it is more of a menace than we realize. While we are busy making war munitions for Europe, the nations at war over there are still keeping up their regular industries. They are giving us only the war orders; this business that will remain after peace comes, they are keeping at home."

"I have no doubt but what the European nations are already busily preparing and planning to sidetrack America industrially, after they patch up their own difficulties."

Criticism of Muckraking. He criticized the muck-raking and anti-business legislation, which he said has characterized the last few years and has discouraged and disorganized business.

"Let us organize a peaceful, business government and usher in an era of peace and prosperity. Let us see what we can do for business, instead of seeing what we can do for business."

In introducing the Chicago mayor, John L. Kennedy asserted that the day is coming when Omaha will be first and Chicago will be second. He declared that Nebraska deserves credit for Mayor Thompson's prominence and importance, as the latter lived in this state for five years.

Mayor Thompson said he had punched cows with several men now in the cattle business here when he lived in northwestern Nebraska. He said the state is a wonderful one and paid it and its citizens a high compliment.

"We Chicagoans regard Omaha as a competitor of no mean distinction," he said.

stances connected with the landing of allied troops at Saloniki, the chamber today passed a vote of confidence in the government. The vote was 143 to 102, with thirteen members not voting.

Denounces Press.

Premier Venizelos accused the opposition press of "selling its honor to German propagandists." Representatives of the opposition journals who were in the press gallery directly in front of the premier arose and attempted to file out in protest. They were prevented from leaving by a crowd which massed behind the press boxes and were compelled to stand there, the target of hisses and catcalls from the crowded gallery and the floor of the chamber.

Premier Venizelos won a triumph notwithstanding the most determined attack of the opposition which protested against occupation of Greek territory by foreign troops.

"WETS" CARRY DAY IN MINNEAPOLIS

Mill City and County It Very Nearly Fills Vote to Retain Saloons by About 9,400.

CHARGES OF FRAUD ARE MADE

MINNEAPOLIS, Oct. 5.—Practically complete returns from yesterday's county option election in Hennepin county, which includes Minneapolis, shows that prohibition was defeated by a majority of about 9,400 votes. With only one precinct missing the count was: Against county option, 39,337; for county option, 29,934, making a total vote of 69,271.

In the last state election the county gave only 51,987 votes, the difference in the vote showing the interest taken in the prohibition fight. Under the state laws another county option election cannot be held in this county for three years.

Charge of Fraud.

During the day charges of fraud were freely made by both sides and much bitterness was shown at the polling places. Three men were arrested, charged with violating the corrupt practices act. It was stated by the police these men were employees of a brewing company, and that they were distributing "wet" handbills. Rev. George B. Safford, head of the "dry" organization, in commenting on the vote, said:

"It now appears that the 'wets' have carried the election, but we do not yet concede it. If it had not been for the grossest frauds and illegal voting there would have been no doubt about the result. We are still in the ring, however, and if we are defeated, shall bide our time."

Creighton Varsity Prospects Better

The outlook for a successful foot ball team at Creighton is beginning to improve, and the blue and white followers are assuming a confident attitude. Two new men appeared in suits Tuesday that made the rooters rejoice. One of these, Gray, tips the scales at 260 pounds, which will bolster the line beyond recent expectations. The other man is Doty, who played at Missouri Valley, and who is also a 200-pounder. Doty is being tried out at fullback, although he is also acquainted with line work. Gray, who last year played on the freshman team at the University of Nebraska, will be used either at guard or tackle, with Armstrong, another recent acquisition, holding the other tackle position. Armstrong comes from the University of Oklahoma, where he starred at tackle.

Tuesday Coach Mills put his proteges through a lengthy session of signal drill, lasting until dark. Two teams worked in unison on a set of new plays, and it was principally Mills' effort to have these understood and executed with speed.

Announcement has been made that a special train will be run to Lincoln Friday to accommodate students accompanying the varsity for the game with Nebraska Wesleyan.

HIGH SCHOOL LINE LIGHTER THAN CREIGHTON OPPONENTS

Tuesday afternoon was spent by the high school squad in tackling the dummy and in line drill. The Creighton line will outweigh the Central High forwards next Saturday many pounds, and Coach Milligan is trying hard to overcome the handicap. The Creighton High supporters are confident of the result of the game.

This is the first year the high school has taken Creighton seriously, but with a good coach and the material they have a good team should be turned out. The game Saturday will be hard fought from start to finish, and a large crowd is expected to turn out, as this will be the only game in the city on that date.

Thomas Jefferson "Father of the Declaration of Independence"

THIS noble founder of the Democratic Party immortalized himself by writing our Declaration of Independence—the document which laid the foundations of Free Government, not only for our own beloved land, but for all the world. His countrymen twice elected him President and will always treasure his memory. Jefferson was the most ardent advocate of Universal Freedom of his time and it was his wisdom and foresight which brought about the Louisiana Purchase. Every drop of his Virginia blood loved Liberty, and because he wanted Americans to be assured of it for all time he championed with all his might and main the signing of the Constitution of the United States. None of the fathers of the Republic were more far-seeing than he and none knew better than he that a mild brew of barley-malt and hops is truly a temperance drink. Hence, in 1816, he wrote President Madison: "A Captain Miller is about to settle in this country and establish a brewery. I wish to see this beverage become common." Jefferson lived past his 83rd year and all his life he was a moderate user of light wines and barley brews. It is unimaginable that were he alive to-day he would vote otherwise than NO to proposed tyrannous prohibition laws. For 58 years Anheuser-Busch have been brewing the kind of honest barley and hop brews which Jefferson hoped in his day to see the National beverage of Americans. Exactly such a beer is BUDWEISER, its quality, purity, mildness and exquisite flavor have won its way to the top. To-day 7500 people are daily required to meet the public demand. Its sales exceed any other beer by millions of bottles.
