Girls! Lots of Beautiful Hair

25 cent bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous; fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, noft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now-all drug stores recommend it-apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparyou will see new hair-fine and downy at first-yes-but really new hair-sprouting out all over your scalp-Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair-taking one small strand at a time. Your hair will be soft, glossy and beautiful in just moments-a delightful surprise awaits everyone who tries this,-Adver-

Rent Your Vacant Houses by Using The Bee Want Ad Columns.

By MELLIFICIA. Thursday, October 7, 1915.

OME folks may think the society pace in Omaha has set the limit for the high cost of living, but they evidently do not know how many things they are doing without. Here is a 16-year-old girl, orphaned by the sinking of the Lusitania, from which she was saved, with a mere bagatelle of a few million dollars inheritance, applying in court in New York for an allowance out of the income, and showing that no girl of her age, beauty and wealth can get along on bare necessities for less than \$30,000 a year, itemized as follows:

"Rent of apartment, \$6,000; school, music, languages, books, etc., \$2,500; maid's wages, \$600; three servants' wages, \$1,200; food and household supplies, \$4,000; clothing, \$3,500; doctors, dentists, etc., \$500; upkeep of auto and chauffeur's wages, \$2,000; recreation and amusements, \$1,500; summer vacation and traveling expenses, \$2,500; insurance and storage charges, \$200; incidentals, \$1,000; wages of guardian, \$5,000; total for one year, \$30,000,"

That's interesting, isn't it? And, what's more, the showing on behalf of the young woman was so conclusive that the court made the order asked

How to Lose Your Tan, Freckles or Wrinkles

A day's motoring, an afternoon on the tennis grounds or golf links, a sunbath on the beach or exposure on a sea trip, often brings on a deep tan or vivid crimson, or, more perplexing still, a vigorous crop of freekles. A very necessary thing then is mercolized wax, which removes tan, redness or freekles quite easily. It literally peels off the affected akin—just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flaky particles, no trace of the treatment is shown. Get an ounce of mercolized wax at your druggist's and use this nightly as you would cold cream, washing it off morninss. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness.

Wrinkles, so apt to form at this season, may be easily and quickly removed by bathing the face in a solution of powdered saxolite. I oz., dissolved in witch hazel by pint. This is not only a valuable astringent, but has a beneficial tonic effect also.—Advertisement.

BELL TELEPHONE HEAD COMES WEST

President Theodore N. Vail Will Be in Omaha Friday to Inspect the Plant Here.

YOST TO PROCEED WITH PARTY

President Theodore N. Vail of the American Telephone and Telegraph company of New York is to be in Omaha with his party today forenoon. He is on his way to San Francisco, making a general inspection tour of the telephone plants of the company.

The telephone officers will spend the forenoon largely with President Casper E. Yost of the northwestern group of Pell Telephone companies. Mr. Yost will join the party and proceed with it to the coast.

In the party are: Theodore N. Vail. president of the American Telephone and Telegraph company; Union N. Bethell, senior vice president American Telephone and Telegraph company, New York, and C. S. Gleed, chairman board of directors of Southwestern Bell Telephone system, of a

The party is to arrive over the Illinois Central at \$:20 this morning from Chicago and will leave over the Union Pacific at noon,

Mr. Vall on the way to Omaha will pass through his former home town of Waterloo, Ia. Mr. Vail was born on a farm six miles out of Waterloo. Just a half century ago he used to play base ball with the Waterloo team. At that time he liked base ball so well that he used to ride a big farm horse to town whenever a game was on and get there in time to go to bat when his name was called. Old-timers there still remember the games they played with him, and many will be at the station to see him go through.

Apartments, flats, houses and cottages can be rented quickly and cheauly by a Bee "For Rent."

"Ada Belle" is Boat to Ply With Julia North from Omaha

"The Ada Belle" is the name of a boat of 100-horse power the Decatur busine men have just purchased at Chamberlain, S. D., to be put on regular service between Decatur and Omaha at once to supplement the transportation service now given by the Julia. This boat has about four times the power and capacity of the Julia. It draws eighteen inches of water, has a 125-foot deck, some feet wide, and has in itself a capacity of about 50 tons, while it is capable of hauling barges with from 150 to 200-ton cargo

Captain Davy Walters is to bring the boat down the river with the barge the Julia has been using, while the Julia will go to Sioux City to be ready to bring down the string of government barges in dock there as soon as permission can be obtained from the War department with which the river navigation ommittee of the Omaha Commercial club is now negotiating for the use of these barges. The committee has been active lately in this matter and also in the matter of building a wharf house at the foot of the Douglas street bridge, where a substantial wharf house is now almost completed. The warehouse is 15 Michigan. by 40 ft in dimensions. Work is now it progress on the construction of a substantial breakwater to guard against the action and high water and floating loc.
