PRESIDENT THROWS OUT BALL
Boston 1 0 0 0 0 0 0 1—2
Philadelphia 0 0 0 1 0 0 0—1

PHILADELPHIA, Oct. 9.—The Boston Americans won in the ninth. President Wilson saw the champions of the American league turn back the Philadelphia club by a score of 2 to 1. Twenty thousand people saw George Foster turn back the National league pennant winners from the plate inning after inning and then to put a fitting cap on the climax of the game, Foster drove in the winning run in the ninth inning with a hot single to center. The Boston Red Sox garnered ten hits, but Mayor managed to keep them fairly well scattered.

President Wilson was given an ovation as he left the field. President Wilson with Mrs. Norman Galt and their party arrived at 2:30 p. m. and took their places in the presidential box. The crowd rose and cheered and President Wilson bowed to the ball players and then shook hands with Mayor Blankenhorn. President Wilson and Mrs. Galt were given a continuous ovation. President Baker of the Philadelphia club officially welcomed President Wilson, who was then given a new ball to throw out to the players. Meanwhile the Philadelphians took their positions on the field.

First Inning.
Boston—President Wilson threw out the ball to Fitcher. Mayor. The ball was returned by Umpire Walker to President Wilson. Hooper pitched. Mayor's curves were breaking wide of the plate. Scott fouled out to Luderus trying to bunt. Mayor tried to pick off Hooper at first. Speaker shot a terrific liner to right for a base. Hooper going to third. Hooper's hands on stealing. Burns to Niehoff, but on the return throw to the plate Burns dropped the ball and Hooper was safe, scoring Boston's first run. Hoblitzel singled to center. Hoblitzel was off stealing. Burns to Niehoff. One run, two hits, one error.

Second Inning.
Boston—Umpire Rigler went over to the Boston's bench and ordered a moving picture man away. Lewis fanned. Mayor's underhand ball hitting the Boston batsmen. Gardner striking over Haney's head. Harry struck out. Mayor threw out Thomas. The Philadelphia pitcher knocking down a hot line drive to make the play. No run, one hit, no errors.

Third Inning.
Boston—Foster out. Burns to Luderus. Burns dropped the ball to center. Hooper fanned. Scott fanned. Mayor was given a big hand as he walked to the home bench. No run, no hit, no error.

Fourth Inning.
Boston—Speaker filed out to Bancroft. Hoblitzel out to Luderus unassisted. Lewis got a single over second, which Niehoff was just able to knock down. Lewis outgassed Mayor on a pitchout. Gardner out on a fly to Whitely, who had to make a hard run toward the foul line to make the catch. No run, one hit, no error.

Philadelphia—Stock up. The stands now started to cheer to rattle Foster. Stock out on a short fly to Speaker. (Continued on Page Four, Column Two.)

SAUNDERS MEETINGS
4:15 p. m.—Commercial High school girls and business college girls, W. W. O. A. Miss Miller.
4:30 p. m.—Boys and girls meeting, Third Presbyterian church, Miss Gamba.
5:30 p. m.—The Epiphany supper, W. W. O. A. Miss Miller.
7:30 p. m.—Sunday at the Tabernacle, W. W. O. A. Miss Miller.

Everything seemed to conspire against the success of the tabernacle meeting yesterday afternoon. In the first place, the children for whom the meeting was especially intended, were not much in evidence, numbering only about 500 in an audience of 2,000 people.

In the second place, a man who had drunk not whiskey, but too much, sat in the rear and interrupted R. Sunday's sermon twice by yelling. The first time this person interrupted "Billy" rebuked him sternly, and then said to the audience:

"Two men more drunken men in Omaha than in any other city that I've ever preached in. Yes, sir, many more. That's a fact. I never saw anything to beat it."

"Billy" shot a stern glance in his direction. "Now, my friend, you'll either have to keep quiet or get out. You'll have to choose."

Three and out. As the call was given for trail-hitters the man again shouted. It was his third strike and he was out. For two others propelled him swiftly to and through one of the doors.

CLARKE BELIEVES LOW FARE TO WIN

Nebraska Railway Commissioner Gives His View of Hearing Lately Held in Washington.

FAVORS THE GROSS TON MILE
LINCOLN, Oct. 9.—(Special.)—I am confident that the showing made by the various state commissions will have its effect in the attempt of the forty-six railroads to reduce the gross tonnage rate from 2 1/2 to 2 and 3 cents a mile, declared Chairman Henry T. Clarke of the Nebraska Railway commission, just back from Washington today.

He spoke on behalf of the Nebraska commission before the Interstate Commerce commission hearing the case of Willis E. Reed, attorney general of Nebraska, was another speaker. Chairman Clarke's oral argument was a showing in favor of the gross-ton mile formula of apportioning expenses of railroad operation between passenger and freight traffic. The entire ton mile, depending on the weight of the engines and not on the load, is the basis of computation of the railroads.

On the basis of the gross-ton mile the Nebraska commission shows that the passenger service is making 134 per cent on its share of the business. The railroads, from their standpoint, show that the profit is only 2.6 per cent. Four other representatives of commissions of western states appeared and argued before the Interstate Commerce commission for the 2-cent fare as it stands.

President Wilson Buys Solitaire Ring and Flowers for His Fiancee

NEW YORK, Oct. 9.—President Wilson and his fiancée, Mrs. Norman Galt, and their party left in a private car at 11 o'clock today for Philadelphia, where they will attend the world's series baseball game this afternoon.

The two hours previous to their departure, Mr. Wilson and Mrs. Galt, accompanied by her mother, spent in an automobile drive. They were almost everywhere recognized and greeted with cheers or handclapping.

An incident which excited the amusement of pedestrians on Riverside drive and caused the president and Mrs. Galt five smiling minutes was the loss of his hat. A gust of wind from over the Hudson blew it into the street. A servant jumped from the car that followed jumped to the rescue, but the hat took a journey of several hundred feet before it was overtaken.

WASHINGTON, Oct. 9.—Recognition of the Carranza government as the de facto government of Mexico was unanimously decided upon today by the Panamerican conference. Secretary Lansing issued this statement:

Bulgarian Rifles Will Take Either Turk or Austrian Cartridges

PETROGRAD, Oct. 9.—(Via London.)—The Russian general staff is watching with particular interest the concentration of German and Austrian troops in Bukovina, between the Danube and the Pruth, but has no facts positively indicating an advance on Bessarabia.

Russian information is that the rifles used by the Bulgarian army are made after the Mannlicher and Mauser systems, the patterns of the latter having been captured from the Turks. The Bulgarians thus are able to utilize both Austrian and Turkish cartridges.

Further information is that the Bulgarians have 70 light field guns, including 300 75-millimeter Schneider cannon and 150 rapid fire of the same caliber taken from the Turks, beside 20 Krupp 81-millimeter and 150 Krupp 81-millimeter, 40 rapid fire 150-millimeter Schneider howitzers, 40 Krupp of the same caliber, 30 100-millimeter Krupp, 30 rapid fire 75-millimeter mountain guns and 30 rapid fire Krupp of like caliber.

It is estimated here that Bulgaria, Austria and Germany are able to place immediately 100,000 rifles in service against Serbia. According to information here, German officials have taken virtual direction of all public institutions in the Sofia district.

The Russian diplomatic staff from Sofia has reported to the minister, M. S. "Vashky" who remains in the Bulgarian capital because of illness, arrived at Bucharest, Rumania yesterday afternoon. The Bulgarian legation is due to leave Petrograd on Monday.

Russian mounted rangers are operating boldly and successfully in the central marshes of the Pind district, their operations reaching almost to Brest-Litovsk. A sudden night attack which they made on the staff of an Austrian detachment caused confusion in the Austrian ranks. These rangers have made a number of raids, availing themselves of their superior knowledge of the bypaths. The most successful band has been dubbed by the Germans the "Marsh Wolves."

The state claims George Winter died without heirs, leaving an estate worth \$20,000. Harrison T. Winter of Minneapolis, claims to be a half brother, and is putting up a good claim. Much family history, including the family Bible, is in evidence, and opinion is divided as to the claimant relationship. The deceased was not inclined to speak much of his people, and although he lived in the county for over forty years, about twenty-five witnesses have been able to contribute little towards his antecedents prior to coming to Yankton county.

EL PASO, Tex., Oct. 9.—A coalition cabinet of factional representatives was proposed by General Villa today as the alternative to the recognition of General Carranza. The recognition of Carranza, he said would not produce peace in Mexico, since he and his adherents would fight to the last.

"I shall fight Carranza and his despotic principles as long as his principles are threatening the freedom of the poor people of Mexico," declared Villa. He said he had troops scattered throughout Mexico under many commands.

UNCLE SAM LEGALLY RIGHT IN POSITION

Dr. Fling Contends Making Loan to Allies of Europe and Supplying Munitions of War Right.

DAY OF IMPERIALISM GONE
Dr. Fred Morrow Fling, professor of French history in the University of Nebraska and a work peace advocate, told a large audience of noon-day luncheon at the University club Saturday that "the United States was technically and legally in the right" when it supplied war munitions and the big loan of money for the continuation of the European war.

"It was only when the European situation touched our pocketbooks and our citizens that the United States became concerned," Prof. Fling asserted. "The damage to our commerce and the killing of our citizens brought this country to the point of protestation."

Dr. Fling asserted that he thought Germany's recent concessions to United States diplomats in regard to submarine warfare were due to the failure of the German submarine campaign. He termed the alleged German atrocities in Belgium and France "barbaric and repulsive," and said he had seen sufficient proof that they were actually committed.

"The biggest question in the world today," said Dr. Fling, "is which shall prevail, the doctrine of imperialism and the domination of large over small states, or the federation of all states, large and small, with the recognition of nationalities."

"Austria's treatment of Serbia was an indication of a violation of nationalities, and instead of settling the trouble peacefully it increased it and prolonged the day of armaments to maintain peace."

"On the other hand, the decision of the United States not to intervene in Mexico and the conference of Latin-American states, which resulted in the abandonment of imperialism in this nation's international relations."

They gave their yells and songs and the leader of the evangelists' ranks told several of the latest auto stories.

Strong Representation Made Against Landing of Troops of Allies at Saloniki.

NOTE THREATENING IN TONE
LONDON, Oct. 9.—Strong representations are said by the Central News to have been made by Bulgaria to Greece against the landing of French and British troops at Saloniki.

The dispatch says that Premier Radoslavoff informed the Greek minister that the landing of allied troops at Saloniki was not in harmony with the attitude of the Greek government toward Bulgaria. The premier added that if the attitude of Greece was not altered the Bulgarian cabinet could not be responsible for a change in the feeling of the Bulgarian people.

The Bulgarian minister at Athens is said to have been instructed to make similar representations to the Greek government.
