NEW YORK STOCK MARKET
 Certain Shares Will Be Halved in Value on Reopening Today.
NO CHANGE IN THEIR WORTH
 NEW YORK, Oct. 12.—When the stock exchange opens tomorrow certain favorite stocks will apparently be halved in value, although in reality there will be no change in their worth. This morning, Pennsylvania and Westinghouse closed Monday at 101 1/2 and 108, respectively, unless there be unusual variation in quotations over a holiday.
 The reason for this is found in an announcement made by the stock exchange today asserting that certain amendments to the constitution had been approved, and immediately by the members of the exchange. One of these amendments provided for quoting all stocks in terms of dollars instead of cents and cents over a hundred. The reason for this is found in an announcement made by the stock exchange today asserting that certain amendments to the constitution had been approved, and immediately by the members of the exchange.

 Women's Christian Temperance Union Expresses Jubilation Over Sunday Closing Order.
PRESIDENT GORDON'S ADDRESS
FINISH VERY THRILLING ONE
 SEATTLE, Wash., Oct. 12.—Delegates to the forty-second annual session here of the National Woman's Christian Temperance union were jubilant today over the receipt of a message from James Keely, editor of the Chicago Herald, which told of the decrease of crime resulting from the Sunday closing of Chicago's saloons. The message, which was read before the meeting last night, said: "Sunday closing looks like a big success, and evidently has come to stay."
 The session of the union today was to be a department institute and the general topic was what national constitutional prohibition would do. Among the speakers on the program were: Mrs. A. S. C. Gordon, president; Mrs. J. E. Overholser of Pennsylvania and Mrs. E. D. Smith of Wisconsin.
 There was a ringing note of triumph in the address with which Anna A. Gordon, the president, greeted the first business session of the National Woman's Christian Temperance Union here today. Her address came after the report of the executive committee and the appointment of credentials and other committees. It swept the world as affected by the crusade against alcohol, and found therein great cause for rejoicing.
 "Looking backward over the past twenty months and forward to the year 1916 one might estimate the temperance movement of the twenties as a movement of victorious yesterdays and confident tomorrows," said Miss Gordon.
 "These months chronicle an unprecedented number of prohibition victories. The temperance transformation of Russia; the anti-liquor measures in effect in Germany, France and England; the movement of the medical profession in the United States Navy and in the Panama Canal zone; the outlawing of the liquor traffic in Virginia, Colorado, Washington, California, Colorado, Idaho, Iowa, Alabama and South Carolina; the majority vote for state-wide prohibition in both branches of Utah's legislature; the formation of the committee of the saloon in a large number of counties and cities; the upholding by the United States supreme court of the constitutionality of the prohibition provision of the Indiana treaties—making one-fifth of Minnesota dry; the victorious prohibition elections in forty-two states; the triumph in the District of Columbia; the total abstinence rules enforced by many industrial and railroad corporations; the decrease at the rate of \$1,000,000 a month of the internal revenue collections on distilled spirits despite the fact that the emergency war tax law enacted by the last congress; the enactment in prohibition states of stricter enforcement laws; the discussion of total abstinence and prohibition by press and popular magazines; and the marked decrease of the liquor advertising; the growth of anti-alcohol sentiment in the medical profession; the banishment of John Barleycorn from the business, the social and the political life of the civilized world. The majority vote on the Sheppard-Hobson bill in the United States House of Representatives on December 22, 1914, even though it fell short of a decisive victory, was a triumph for nationwide prohibition.

HAL BOY DEFEATS
JUDGE ORMONDE
 Six Thousand Race at Lexington Is One of Most Exciting Seen on that Track.
 LEANINGTON, Ky., Oct. 12.—Hal Boy, the Hal B-Artain gelding, defeated Judge Ormonde in the \$5,000 race at the Grand Circuit meeting today. R. J. Mackenzie of Canada backed the Fletcher horse for \$5,000, while C. A. Valentine of Columbus, O., was credited with putting up the money for the side bet on Judge Ormonde.
 The race was one of the most exciting with the most thrilling finishes ever witnessed at Lexington track. The first heat was a close race, Hal Boy won by a length, but in the second he was only a head in front after catching Judge Ormonde at the eighth pole. In the third Judge Ormonde won in finish, so close only the judges could separate them. In the fourth and deciding heat Judge Ormonde took an early lead of two lengths and held it to the turn into the stretch, where Hal Boy began to move. Hal Boy overhauled Judge Ormonde at the distance flag and in a grueling drive in which his whip was used freely led by a head at the wire. Hal Boy lowered his own record in the second heat by three-quarters of a second.
 Scores Three Straight.
 The veteran driver "Top" Geary scored three straight heat victories today, the first with St. Prican when he drove the San Francisco colt to a straight heat victory in the Adams stakes. Geary won the 2nd heat also in straight heats, sending Napoleon Direct in each heat in 2:04 1/2, lowering his own record. He went a first heat to the quarter in 2:04 1/2, the half in 1:04 1/2 and the three-quarter in 1:30 1/2. In the second heat his time at the quarters was 0:31 1/2, at the half 1:00 and at the three-quarters 1:30.
 Geary also captured the race for 3-year-old trotters, driving Dr. Haches. The 2:10 trot resulted in a straight-heat victory for Lizzie Brown, the Bondman-Clyde mare, well handled by Vianetine. A second money going to Harry J. S. Sayde Demore, going against time, set a world's record for 4-year-old pacing fillies, going the mile in 2:31. Her time at the quarter was 0:38; at the half, 0:58; and at the three-quarters, 1:27 1/2.

Boston Red Sox and the Phillies Will Play a Game Here
 BOSTON, Oct. 12.—The Boston Americans and the Philadelphia Nationals, now battling for the world's championship, will go intact to the Pacific coast for a series of games, beginning in San Francisco October 27, according to arrangements made today by the National commission, the presidents of the two clubs and a representative of the exposition.
 The teams will play in Chicago, Omaha, Denver and Salt Lake City on the way to the coast, and also in Los Angeles and San Diego.

 Belgian Delegate Makes Address at Peace Congress
 SAN FRANCISCO, Oct. 12.—Senator J. Fontaine of Belgium, a winner of the Nobel peace prize, was leading as a delegate in the international peace congress in the Grand Ballroom of the Hotel McLaughlin here today. He was the first of a number of foreign delegates to make an address at the meeting. His subject was "World Organization" and he said, in part:
 "The whole world is to become one city and one people, as already one. Our individual life as our public life are deeply international. There are no more self-supporting countries and the far reaching economic consequences of the great war have made this fact obvious to everyone.
 "Already numerous institutions are trying to settle the world's peace. The Interparliamentary Association of Academics, the International Union of Academics of Commerce, the Union of International Associations on one side, the Universal Postal union, the Universal Telegraphic union, the International Institute of Agriculture on the other side. More than fifty-four conventions were agreed upon with similar ends by all or several states and nineteen standing international associations of private initiative unite in common endeavors hundreds of thousands of men and women of all races and nationalities.
 "The main aim, however, is not only to organize individuals, but to organize the Society of States. Many propositions were made, many plans drafted, rebuilding the world and dreaming of a universal republic. Their common weakness made them out of account. The law of evolution and to be too much weakened by mere similarities. The true process is to transform and develop existing institutions as the Conference of States, the International Judiciary, the International Administrative Agencies.
