D. V. Sholes was born in Norwich, N. Y., in 1856. He was one of the early pioneers of Brewster county, Iowa, coming west in 1887. Mr. Sholes came to Omaha in 1877 and has been in business here ever since.

He is survived by his wife, one daughter, Mrs. C. W. Calkins, and one son, Lewis C. Sholes.

Whole Mexican City Deserted by People

DOUGLAS, Ariz., Oct. 15.—Practically the entire population of about 4,000 persons has deserted Nacozari, seventy-five miles south of here, it was stated today by J. S. Williams, jr., general manager of the Phelps-Dodge company properties at Nacozari, Montezuma and the surrounding district. WASHINGTON, Oct. 15.—Secretary Lansing will call a conference next week of the Pan-American diplomats to arrange the form in which recognition is to be extended to the de facto government led by General Carranza.

No formal responses have been received by the Brazilian and Chilean ambassadors here to the reports sent to their governments last week after the decision to recognize Carranza.

Clements Against U. S. Owning Roads

SAN FRANCISCO, Oct. 16.—Judson C. Clements of Washington, a member of the Interstate Commerce commission, declared today against government ownership of railroads while speaking here at the final session of the twenty-seventh annual convention of the National Association of Railroad Commissioners. He held politics would figure too largely in the management of government owned roads.

Mr. Clements made his statement while explaining the work of the Interstate Commerce commission in determining the valuation of the railroads of the United States as ordered by the federal valuation act of 1913. He said congress had not indicated whether the final valuation would be used in rate making or whether as the work proceeded steps toward the ultimate purchase of the roads would be taken.

UNIVERSITY REQUIREMENTS CHANGED FOR FOOT BALL MEN

LAWRENCE, Kan., Oct. 15.—(Special.)—Scrimmage with the freshmen and with the school's eligibility committee occupied the attention of the foot ball squad at the University here during the last week. Four of the Jayhawk's best men were declared ineligible Tuesday afternoon on the grounds that they did not have enough credits in university courses. Twenty-eight hours are required, according to the conference ruling, and Past, Gillespie, McNeil and Lindsay were all deficient. For a time it was thought that all four men would be out of the game for the remainder of the season; but on Thursday the eligibility committee, after a special meeting attended by the chancellor of the university, got together and succeeded in re-establishing the men in the good graces of the scholarship committee.

The feat was accomplished by lowering the university requirements to twenty-four hours of work. This was allowable because the Valley rules are not the same in all schools, and will not be made universal until next September.

GREEKS NOT PLEASSED WHEN FRENCHMEN LAND

BERLIN, Oct. 15.—(By Wireless to Tuckerton.)—According to advices from Budapest, the Overseas News agency says, "the Greek army took measures to limit the space occupied by the troops of the entente allies landing at Saloniki. Thus, it is said, French telegraphers who attempted to establish a wireless station in a building in the port were forcibly ejected. It is stated in these advices that 5,000 Greek soldiers who have been assembled at Saloniki occupy all the buildings in the town and that the troops which landed were limited to the section of the port which is in Serbian possession."

Clear Germans from Bothnia and Baltic

LONDON, Oct. 16.—British submarines have now cleared the Baltic Sea and the Gulf of Bothnia entirely of German merchant ships, says a dispatch to the Star from Copenhagen. Every German ship which was southbound from Sweden when the submarines started their campaign has either been sunk or run aground, it adds.

Of fifty German ore carriers, thirty-seven are virtually interned in Swedish ports, the correspondent declares.

Civilians in Charge Of British Recruiting

LONDON, Oct. 16.—Recruiting is to be taken entirely out of the hands of the military authorities and entrusted exclusively to civilian organizations. This is the scheme by which the earl of Derby, director of recruiting for the army, hopes to secure a sufficient number of voluntary enlistments to render recourse to conscription unnecessary. He described the new system at a private conference with the parliamentary recruiting committee and the joint labor recruiting board this afternoon.
