

Nebraska DENIES TRYING TO ENFORCE FARE LAW

Attorney General Seeks to Show Missouri Pacific is Barking Up Wrong Tree.

REED IS SEEKING DISMISSAL

(From a Staff Correspondent.) LINCOLN, Oct. 22.—(Special.)—Declaring in a petition that neither the attorney general nor the railway commission has ever attempted to enforce the Nebraska 2-cent fare, Attorney General Willis E. Reed has asked the dismissal of the Missouri Pacific's injunction suit filed in the federal court at Lincoln to restrain the enforcement by the railroad commission of the 2-cent fare law. Affidavits from members of the railway commission have filed with the prayer for dismissal, denying any attempt to enforce the law. The attorney general denies that it is his duty or that of the commission to enforce the law, which he declares rests with the governor and with the county attorneys. The action is virtually one against the state, Mr. Reed asserts, and therefore cannot be brought without the consent of the legislature. The suit of the Missouri Pacific was brought against the attorney general and the railway commission.

News Gathered In and Around Beatrice

BEATRICE, Neb., Oct. 22.—(Special.)—The Commercial club at Plymouth held a meeting Thursday night and decided to defer action in the matter of electric lights. The club will either buy current from Fairbury, or erect a plant of its own, but at present will take no final action until the proposition receives more consideration. Secretary Johnson of the Beatrice Commercial club has received a letter from J. A. Stewart, general agent of the Rock Island, stating that beginning October 31, freight train No. 98, eastbound, will make passenger stops at points between Beatrice and Pawnee City. Central and east schools were closed today in order to fumigate the buildings on account of the diphtheria, which the authorities are making every effort to keep from spreading. No new cases were reported Thursday. Work on the new building at the Feeble Minded institute is now in progress. The structure is to be erected just west of the main building and will cost about \$35,000. It is the intention to have it ready for occupancy this winter. Claude Walker, wire chief for the Lincoln Telegraph and Telephone company, was seriously injured Wednesday evening at the Paddock theater, by coming in contact with a charged electric socket. The shock threw him to the floor and injured his right arm. His condition is such that he will not be able to resume his duties for some time.

Bristol Takes Relics Away from Society

(From a Staff Correspondent.) LINCOLN, Oct. 22.—(Special.)—Omaha Charley, otherwise known as Charles L. Bristol, was a caller at the State Historical society rooms today, to secure the Bristol collection of Indian relics, which he loaned to the society for nine years. Bristol will take them east for exhibition purposes. The Bristol exhibit is one of the most valuable collections of Indian relics ever brought to the State Historical society rooms and is valued at \$10,000. The secretary of the society, Dr. C. S. Paine, said the state could purchase the exhibit for that amount, but has no funds. Omaha Charley, who is one of the picturesque pioneer figures, promised Dr. Paine, he would keep the exhibit intact and give the state the first chance of purchase. Omaha Charley came to Nebraska in the sixties. He is now 81 years of age.

WIDOW OF DEAD MAN SUES FOR ALIENATION

GRAND ISLAND, Neb., Oct. 22.—(Special Telegram.)—A second chapter in the recent killing in self-defense of N. N. Nelson, head wire chief of the city's electric plant, by P. G. Lewis, traveling salesman in the rooms of the latter's wife was opened today, when Mrs. Nelson, widow of the dead man, filed in the district court a suit for damages in the sum of \$10,000 against Mrs. Lewis for the alleged alienation of affections of her husband. The petition sets forth that upon one occasion when plaintiff found her husband in defendant's room, the latter threatened to shoot the former; that at another time she received a letter from Mrs. Lewis, in which the plaintiff is referred to as "My Lady Disdain."

FAIRBURY, Neb., Oct. 22.—(Special.)—The German church, six miles northwest of Fairbury near Glendale, was the scene of one of the largest weddings ever held in the county, yesterday, when Gus Kujath and Miss Marie Jauert were married. Rev. E. Hojder of this denomination officiated. After the wedding, the party repaired to the home of the bride's parents, Mr. and Mrs. William Jauert and partook of a sumptuous dinner. Nebraska Falls Down Stairs and Breaks Arm

BROKEN BOW, Neb., Oct. 22.—(Special.)—While Mrs. R. H. Lanier of Mason, Ill., was passing through a darkened hall at the Kimbrell home early Thursday morning she walked into an open stairway at the back of the house, falling to the bottom of the stairs. A physician was called and found that she had sustained three bad fractures to the left arm and was otherwise seriously bruised. Mrs. Lanier is a heavy woman, which made the fall all the more serious. Mr. and Mrs. Lanier were visiting their cousin, J. M. Kimbrell, of the Broken Bow State bank, and they were preparing for an early morning departure when the accident occurred. Four minor children of Mrs. Louisa Waage of this place were taken from their mother by County Judge Ford this week and will be placed in suitable surroundings. The complaint as filed by prosecutor Kelly charges the mother with being an unfit companion for the children and advised their removal. The material for the new electric light and water plant to be erected by the city has arrived and work has now started. The Alamo people of Omaha have the contract and have started in with between twenty and thirty people. The contract calls for an electric street lighting system and will consist of single lamp posts.

First Barley on Market in Years

KEARNEY, Neb., Oct. 22.—(Special.)—The first load of barley seen on the streets of Kearney in the last ten years was brought to town today and sold at a low price, there being no market in this section for the grain. Although the Omaha market quoted over 50 cents the grain was sold here for 30 cents, it being used for feed. Warren Hazlett, a paroled convict, was arrested here last night when he attempted to enter a hardware store. Hazlett has caused the local officers much trouble, having formerly been an inmate of the State Reform school. Hazlett attempted to kill the arresting officer upon his last escapade, and but for his lack of knowledge of the safety device would have killed his captor. Hazlett was paroled but a short time ago from the Nebraska state penitentiary and came into Kearney dressed in fashion and posing as a shoe salesman. William Baker was arrested charged with chicken stealing. Among the poultry stolen has been thoroughbred exhibition stock valued as high as \$50 per head. The prisoner has been identified by poultry buyers as the man who had sold the poultry to them and which has afterward been claimed by the owners. Careless hunters were responsible for a scare at the Country club golf grounds when a number of bullets from rifles is barely missed players on the links. The hunters were shooting at ducks on Lake Kearney. One player stood within a foot of the spot where one bullet struck the earth.

Busch officiating. Mr. and Mrs. Culbertson will travel for several weeks in the territory Mr. Culbertson covers in representing a Keokuk firm. Nebraska Get Rid of Humors and Avoid Sickness

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Hood's. No other medicine acts like it.—Advertisement.
