SALES MANAGERS FORM A SOCIETY

Meet Once a Month to Plan Betterment of Conditions for Employers and Employes.

PART OF NATIONAL ORDER

Few Omahans know there is such an organization here as the "National Sales Managers' association." This orgnization is composed of well known members of Omaha's manufacturing and jobbing houses and they have been quietly pursuing the even tenor of their way for several years, without making any display or seeking publicity. The motto of the association is "Accomplishment," and they have followed this motto diligently and consistently.

It has been the purpose of the organisation to effect the betterment of conditions for employers and a wider and comprehensive grasp of business principles in general with special attention to local problems.

The association meets once each month, with a dinner preceding discussion of the subject in hand. Subjects for the year are assigned at the first meeting and each speaker is expected to know just what he is talking about. The discusaions are practical and hard-headed.

An Introduction "The True Story of Real Estate"

The leading real estate houses of Omaha have united to tell you "The True Story of Real Estate," to appear in the form of twenty talks. There will be no effort in these talks to sell you any one property or to boom any one part of the City, or to advertise any one firm.

On the contrary, this is a united effort to make you appreciate all Omaha Real Estate, either as an investment or home opportunity.

By reading these talks, every week, you will gain a better conception of Real Estate itself, and of the men who have real estate to sell. This is an ad for Thoughtful Young Men Who Wish to Get On in the World

When YOU Grow Old---

--- Maybe you are a young man now, healthy and strong, with the rich, red blood of sturdy manhood coursing through your veins. You are happy, carefree and confident--as youth generally is. But stop and consider, for a moment, the indefinite future. What of old age?

When YOU grow old will you have enough money put by to take care of you in your helpless old age? Oh, yes, you are strong now, and with courage enough to meet any obstacle which may loom up in life's path. But, when a man's old its different. He has lost his strength, and some of his fortitude also. No longer can he meet everything in the strenuous battle of life. The harder tasks, for which the best pay is given, fall to younger, stronger men. The old fellows get the lighter, less important work-with smaller pay.

Now, the question is when YOU grow old, will you be compelled to drop back and take what work is offered you at smaller pay, or will you have sufficient wealth stored up to care for you during your declining years? There is no doubt but that, if you have not accumulated wealth, you would like to. And the purpose of this ad is to show you how and help you.

Buy property. In property your money is safe and it will grow for you. Anywhere else your money is not so safe; you can always easily get it, convert it into cash and spend it. Oh, how easy it is to spend money! But with property it is different. It is a safeguard against unwise spending. Invested in property, your money is sure to grow, so that in old age you will have a safe, sure competence, which offers security against all adversity.

Make use of the opportunities which are at hand and guard against a penniless old age. Consult the Real Estate columns of THE BEE and get in touch with the real estate and building bargains.
