

Babich Accounts for the Money

Abraham Babich, leader of the Empress theater orchestra, whose wife is now suing another woman and her relatives

for alleged alienation of Babich's affections, has filed an affidavit in district court telling what he does with his weekly salary of \$33.

Babich alleges he gives \$10 per week to his wife as separate maintenance money, applies \$10 a week as payment on debts contracted by her, spends \$3 a week for

orchestra music and needs the other \$10 for his living expenses. Therefore, he says, he is unable to give his wife more money.

Apartments, flats, houses and cottages can be rented quickly and cheaply by a Bee "For Rent."
