STATE'S CASH HELD IN PECULIAR WAYS

Number of Instances Cited by State Treasurer Where Letter of Law Not Followed.

SOME LAWS UTTERLY IGNORED

(From a Staff Correspondent.) LINCOLN, Nov. 2.—(Special).—The handling of funds of the state, on which even the present state officers could not agree and has resulted in the matter being put up to the supreme court, appears to be still a long way from settlement.

Money to the Governor. Just why the money should be sent to the governor is not known, when the treasurer is the custodian of funds belonging to the state, but that has always been done and has been continued.

Other Peculiarities. A fund which is paid into the institute for the Feeble Minded at Beatrice is also handled peculiarly. The statutes covering the disposition of funds to state institutions say that it shall be unlawful for any official of a state institution to receive any fees or any money belonging to the state without paying the same into the state treasury.

Why is Law Disregarded. Just why the law, so plainly written, should be ignored and the superintendent of an institution given money to handle without reporting the amount received or expended, as the law requires, is not known.

Catarrh Leads to Consumption. Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It breaks down the general health, weakens the lung tissues, and leads to consumption. Hood's Sarsaparilla is so successful in the treatment of catarrh that it is known as the best remedy for this disease. It purifies the blood. Ask your druggist for it.—Advertisement.

Business is booming!

Dayton, Ohio. Merchants everywhere tell our 800 salesmen that business is booming. Farmers have had two record crops, at big prices, with big demand at home and abroad. Stocks of manufactured material are short, and labor is in great demand. Exports largely exceed imports. Factories are busy, many working overtime. More freight cars are needed, and steamers are taxed to capacity. People are living better, and spending their money more freely. This country has the best money in the world, and more of it than ever before. Such a combination of favorable circumstances never has occurred before, and probably will never occur again. Billions of dollars are passing over the merchants' counters. The people who spend this money want the best service. They demand it in all kinds of stores, from the smallest to the largest. They get it in stores which use our up-to-date Cash Registers, which quicken service, top mistakes, satisfy customers, and increase profits. Over a million merchants have proved our Cash Registers to be a business necessity.
