

TEACHERS WANT INSPECTION OF THE HEALTH OF PUPILS

General Session Passes Resolutions Suggesting Teaching of Practical Hygiene in the Upper Grades.

ALSO WANT MORE PHYSIOLOGY Endorse Movement to Standardize the Rural Schools and State Help in Building.

WANT WORK IN VACATIONS

ATTENDANCE 4,183

More attention to the teaching of practical hygiene in the upper grades was recommended by the Nebraska State Teachers' association...

In connection with this section of the resolution the association also recommended that the teaching of physiology, as such, be given an entire semester in high school...

The resolution favors a state law providing for the systematic inspection of the health and welfare of the pupils in the schools throughout the state.

State to Advise. They favored a plan whereby the state should furnish expert advice for the planning and construction of school houses in various parts of the state.

They heartily endorsed the movement now in progress in the state for the consolidation and standardization of the rural schools.

They endorsed the law recently enacted providing for special courses in the normal schools for the preparation of teachers to teach in the rural schools...

They favored the enlargement of the school activity of the year to cover at least a part of the vacation period.

They thanked the local committee, the bureau of publicity and the other organizations that helped to make the stay in Omaha pleasant, and thanked the newspapers for the reports given of the legitimate business of the association.

The resolutions stated that the papers would be still further thanked when they should have spread broadcast the statement that the convention this year was stupendously free from factional strife and political machinations.

Adopted Unanimously. The resolutions as brought in by the committee were unanimously adopted.

WYOMING AND MONTANA EXCHANGE PRISONERS

CHEYENNE, Wyo., Nov. 5.—(Special.)—Getting out of one penitentiary and into another will not enable O. R. Elwood of Montana and Ben Hickman of Wyoming to avoid serving the sentences originally imposed upon them...

Warden Alton of the Wyoming prison will act as agent for both states in the exchange. He will take Elwood to Deer Lodge and will return to Rawlins with Hickman in custody.

The Weather

Forecast till 7 p. m. Saturday: For Omaha, Council Bluffs and vicinity Fair, cooler.

Table with 3 columns: Hour, Deg., and another column with weather-related data.

Comparative Local Record. Highest yesterday... Lowest yesterday... Mean temperature... Precipitation...

Temperature and precipitation departures from the normal.

Table with 4 columns: Station and State, Temp., High, and Rain.

EQUIPPING FRENCH TRENCH WIRES—The picture shows military engineering corps stringing telegraph wires through the trenches in the Argonne.

STRINGING TELEGRAPH WIRES IN FRENCH TRENCHES.

NEBRASKA TEACHER PARTIAL TO COLOR

Raiment Worn by Young Women, Not Flashy, but Attractive, and of the Hues of the Fields.

HATS AND GOWNS IN HARMONY

"Do Nebraska's intelligent young women have eyes partial to bright colors?"

The answer is in the affirmative and it is proven by a study of the raiment of the charming young women who have been attending the meeting of the State Teachers' association.

Friday afternoon at the meeting of the agricultural section of the association a man observed seven young female teachers seated, one behind the other, in one and the same row of desks.

The first young woman wore a light green silk waist with sleeves and collar of olive green. The light green was plaid and was crossed by stripes of blue and criss-crossed by pencil stripes of white and of yellow.

The second young woman wore a purple velvet suit, the bottom of the long coat bordered with fur. She wore a purple velvet hat with yellow and green rosettes in it and a band of white fur about three inches wide.

The third young woman wore a bright green tailored suit with long coat, a brown velvet hat with green plumes, a red rose and little bows made of gold braid ribbon.

Silk and High Colored. Young woman No. 4 wore a beautiful silk waist with vertical stripes of mauve, purple, green and brown and a green collar. Her hat was large and was covered with silk containing the same colors as her waist.

Teacher No. 5 wore an old rose-colored waist with wide pink stripes with little flowers figured on them, and an elaborate lace collar. Her hat was black with a yellow ribbon running diagonally over crown and brim and with three green buttons on the bow and a green ribbon running diagonally in the other direction with three yellow buttons on the bow.

No. 6 was clad all in green. Her waist was green silk of a bright hue and her hat was immense—green and with wide, floppy brim and a green rosette on one side.

And the seventh young woman wore a scarlet silk waist with green cuffs and a green hat with red band.

It is possible that here is but another instance of nature's scheme of protective coloring, the young women interested in agriculture dressing like the colors of Nebraska's fertile fields.

Navy Plane Makes New High Record

PENSACOLA, Fla., Nov. 5.—Lieutenant Richard Sauley, using a hydroaeroplane yesterday, rose to a height of 211,000 feet, according to an official announcement at the Navy Aviation school here last night.

The height reached was said here to be a navy record for that type of machine. Lieutenant Sauley remained in the air fifty-five minutes, taking approximately forty minutes to rise and fifteen minutes to descend.

FRANK PENRY KILLS WIFE AND HIMSELF

Sends Bullet Into Her Body and Then Turns Gun Toward His Head.

COUPLE HAD MANY QUARRELS

Frank Penry, 35 years old, a laborer, shot his wife twice at their home, 604 South Thirtieth street, then sent a bullet through his own head. Penry died immediately. Mrs. Penry died an hour after being taken to St. Joseph's hospital.

Neighbors said the couple had had numerous quarrels. Mrs. O. Behndorf, who lives next door, told of a request made by Mrs. Penry that if she should hear a shot in their home to call the police immediately.

Lack of work and domestic troubles were said to have preyed on Penry's mind recently. He recently attempted to commit suicide by taking poison.

Mr. and Mrs. Penry were the parents of three children: William, aged 22; Floyd, 17, and Frank, 8.

Two Men Tie McKay With a Rope and Then Rob His Home

HASTINGS, Neb., Nov. 5.—(Special Telegram.)—Attracted by his outcries, Jim Conyers, residing near Heartwell, last night discovered Guy McKay wounded and securely bound on the adjoining farm, where he had been left by two robbers Wednesday afternoon.

The robbers took possession of the McKay home early Wednesday.

McKay, who was alone, was forced to drink an almost fatal amount of alcohol. In the afternoon he was tied with thirty feet of rope. Last night McKay broke a window with his head and after many efforts made himself heard by Conyers. Men answering the description given by McKay were seen in Hastings, Wednesday night, about the time an automobile belonging to James Motley of Denver was stolen.

The authorities believe they fled in the stolen car. McKay was robbed of \$30 and a revolver.

KING GEORGE SHOWS A SLIGHT IMPROVEMENT

LONDON, Nov. 5.—King George is recovering slowly from the effects of the fall from his horse in France last week. The following official bulletin was issued today:

"The king had a somewhat better night. His appetite is improving, but he still has some pain, especially on attempting any movement."

ALL UPON BOARD WRECKED VESSEL BROUGHT TO LAND

Coasting Steamer Breaks Up in Heavy Seas Off Lower California, but Crew and Passengers Rescued.

LIFEBOATS ARE CAPSIZED

Wireless Operator Sticks to Post Until Inflooding Waves Quench Furnace Fires.

LINE IS SHOT TO THE SHORE

SAN DIEGO, Cal., Nov. 5.—Radio advices received late today from the United States cruiser San Diego said that the coasting steamer Fort Bragg, wrecked at San Jose Del Cabo, at the tip of Lower California had shot a line ashore at Point Palmo and that twenty-four passengers aboard were being landed by means of a breeches buoy.

All but one of the lifeboats capsized in the heavy seas, which were breaking over the steamer.

Sticks to Post. The wireless operator stuck to his post on the vessel, which was fast breaking up, until the inflooding waves quenched the furnace fires, rendering useless his instruments. The last message received from him was at 10 a. m.

It was thought that the crew of twenty-three also would be saved. The vessel had not caught fire, as previously reported.

It was expected that the San Diego, flagship of the Pacific fleet, racing for the wreck at a speed of twenty-one knots, would reach the Fort Bragg at 3 o'clock tonight.

All Are Saved.

WASHINGTON, Nov. 5.—Safe landing on the beach of the passengers and crew of the Fort Bragg was reported to the Navy department tonight by Rear Admiral Winslow. A wireless dispatch from the admiral said his flagship, the San Diego, was steaming full speed to the rescue and would arrive about 3 o'clock tonight.

Secretary Daniels Transmits Order by Wireless Telephone

WASHINGTON, Nov. 5.—Secretary Daniels transmitted the first wireless order ever sent by wireless telephone today to Rear Admiral Usler at the New York Navy yards.

From his desk in the navy department, the secretary talked to the commandant of the New York yard by the way of the big government radio towers at Arlington and ordered a report of repairs to the dreadnought.

Navy officials say the achievement brings closer a day when the secretary of the navy may sit at his desk in Washington and talk to the fleet commanders all over the world.

Tokio All Lit Up Over Coronation

TOKIO, Nov. 5.—Tokio tonight was ablaze with light in honor of the coronation of Emperor Yoshihito, which takes place on November 10. The display on the Ginza, the Broadway of Tokio, outdid that of the brightest parts of its occidental counterpart in its most festive array.

A feature of the display was the appearance of a multitude of children attired in the brightest kimonos. The climax of the decorative scheme was a triumphal arch in front of the palace, with a floral pagoda and ornamental towers, lighted by ancient torches.

The Day's War News

GENERAL ADVANCE by the Teutonic armies engaged in the Serbian campaign is announced by the Berlin war office. During their forward movement the Austro-German forces captured 2,700 more Serbians.

FROM THE extreme western front the Montenegrins report the recapture of Troglav by the Austrians, whom they claim to be holding on the border.

GERMANS, CONTINUING their success in the Champagne region, claim to have recaptured a trench northeast of Le Mesnil. Paris claims a repulse for the new German attacks in the Champagne and reports an air raid on buildings at Doranch used for the manufacture of suffocating gases.

IN THE DVINSK district the Russians remain on the offensive. Geneva reports that snare in the Carve Alps have brought the Austrians and the Italians to a virtual standstill in their operations in that sector.

LEADERS OF ALL the Greek parties have been summoned by King Constantine for a conference on the situation created by the overthrow of the Zaimis cabinet.

BERLIN PRESS seems confident that the neutrality policy of King Constantine will be maintained.

BULGARIAN TROOPS advancing northwest of Nish were within two hours march of the city on Wednesday, according to a Saloniki dispatch, and their artillery was violently bombarding the outer defenses.

TWO BRITISH DIVISIONS are approaching the Bulgarian front and other units are following, the British legation at Athens has announced, a dispatch from that city states.

Showers of Shells from Teuton Mortars Batter Down Serb Hills

SALONKI, Nov. 2.—(Via Paris, Nov. 5.—Delayed.)—Serbian resistance to the Austro-German drive is of the most heroic character, according to travelers who have arrived here from the front.

The journey from Nish to Salonki, the only practical outlet to sea, requires nine days. Every means of transportation must be employed over the route to Pristina and Prizered through Albania to Bebra and Monastir. At Monastir firing can be heard and in the sky are reflected the flashes of the guns engaged in the battle near Pirot.

French headquarters confirms the Serbian evacuation of Katochink Pass and Pirot and that the Bulgarian offensive south from Veles is directed against Pirot between which points, at Tetovo, the Serbs thus far have repulsed the invaders, inflicting heavy losses.

VILLA HOLDING FOUR MEN REPORTED DEAD

Belief Expressed Chieftain Kidnapped Physicians to Attend to Wounded in His Army.

COMPANY REQUESTS RELEASE

DOUGLAS, Ariz., Nov. 5.—General Villa has ordered the release of Doctors Thigpen and Miller and the two American chauffeurs whom he reported dead yesterday, according to a message received this afternoon.

The men were prisoners at Cananea. The doctors, however, will remain at Cananea to care for the wounded. Villa says he was mistaken when he reported the four killed.

He said he now believed the men slain southwest of Agua Prieta Wednesday were four American teamsters, who came with him from Chihuahua. Pylant and Wilson, the chauffeurs, will return to the border.

DOUGLAS, Ariz., Nov. 5.—Information from several reliable sources today definitely contradicted Francisco Villa's statement to General Frederick Funston and other American army officers at Naco, Ariz., yesterday that Dr. H. R. Thigpen, chief surgeon of the Cananea Consolidated Copper company; his assistant, Dr. James Miller, and two American chauffeurs, J. D. Pylant and A. L. Wilson, had been killed Wednesday by Carranza riflemen near Agua Prieta.

The four men are declared held prisoners at Villa Verde, twenty miles south of Naco, and the belief is generally expressed that Villa deliberately told the story of their death in order that he might hold them and supply his urgent need of surgeons without being subject to inquiry or the necessity of giving them up.

The Cananea Consolidated company officials diplomatically assumed, however, that Villa merely had been mistaken and went to the Mexican outlaw chief today with a request that they be released. Villa was preparing to leave Naco this morning and did not immediately reply.

Story Told by Villa. NACO, Ariz., Nov. 4.—Francisco Villa reached the border across from here today with 2,000 of the army defeated by the Carranza forces Monday at Agua Prieta and told American army officers that Dr. H. R. Thigpen, chief surgeon of the Cananea Consolidated Copper company; his assistant, Dr. Miller, and two American chauffeurs, J. D. Pylant and A. L. Wilson, had been killed yesterday morning by Calles' fire in front of Agua Prieta.

They were supporting wounded at the time and wandering into the line of fire and were all shot down while under the Red Cross flag. They were buried where they fell, but Villa, while formally expressing regret at their death, declined tonight to say where they were buried. He would not permit any bodies to be disinterred, even to clear a doubt that they actually had been killed.

Under Death Watch. This doubt was caused by the statement of Dr. Frederick H. Wickham of St. Louis, Mo., who dashed across the line this afternoon shouting that he was about to be shot and afterward declared that he had seen Drs. Thigpen and Miller at 9 o'clock last night. Wickham, however, appeared to be somewhat dazed from fatigue and the experience which he declares he underwent while under a death watch awaiting execution for some unknown offense.

Four thousand of Villa's men are at Villavieja, a watering station and cable center, twenty-two miles south on the Naco-Cananea railroad. Another detachment was reported tonight to be looting stores and residences at Cananea. Mrs. Thigpen, wife of the missing doctor, and her daughter were refugees here today from Cananea.

Villa began receiving supplies as soon as he reached Naco and stated that he personally intended to leave tonight. Shortly after he appeared at Naco with a detachment bringing more than 100 (Continued on Page Four, Column Two.)

Albert Brink Dies; Was Insurance Man

Albert P. Brink, well known insurance man, for many years a resident of Nebraska, died Thursday night at 303 South Twenty-fifth avenue. He was born at Frenchtown, N. J., August 19, 1854, where he grew to manhood. After receiving his education he married Miss Lydia A. Steyer of that city, who died at Houston, Tex., October 29, 1913. For a number of years he was a Rock Island station agent in Illinois and Iowa, after which he moved to Cedar Rapids, Neb., where he was one of the organizers of a bank.

In 1892 he was appointed a bank examiner of this state, which position he held for a number of years. Upon retiring from that position he assisted in the organization of the Packers National bank of South Omaha and was its first cashier. In 1906 Mr. Brink removed to Houston, Tex., where he was associated with the Great Southern Life Insurance company of that city. He was formerly connected with the Bankers Reserve Life. He is survived by his son, C. E. Brink of this city.

Burial will probably be at Houston, where the wife was buried. Arrangements for the funeral services in Omaha have not been completed, but will probably be in charge of the Knights Templar, to which lodge Mr. Brink belonged.

BOY KILLED NEAR HOME OF HIS SWEETHEART

PORT COLLINS, Colo., Nov. 5.—Walter Willey died today from wounds received last night when he was struck by a charge of buckshot as he stepped from the porch at the home of Miss Laura Street, his sweetheart.

The police held Thomas Watson, aged 32, in connection with the shooting, because of footprints found near the Street home. Watson recently was released from the Colorado penitentiary on parole, having been convicted of a charge growing out of his infatuation for Miss

CRISIS IN GREECE HOLDS CENTER OF EUROPEAN STAGE

King Probably Will Continue the Zaimis Ministry and Issue an Order Dissolving the Parliament.

CHAMBER SITS ENTIRE NIGHT

Former Premier Venizelos Accuses King of Interfering with Liberties of People.

LONDON WATCHING SITUATION

LONDON, Nov. 5.—King Constantine has again offered the premiership to M. Zaimis, who had resigned on the defeat of his ministry in the chamber, according to a Reuter dispatch from Athens. M. Zaimis refused to accept the offer and a council of ministers was called, the dispatch adds.

LONDON, Nov. 5.—The all-night meeting of the Greek Chamber, the new attack of former Premier Venizelos on the policy of the government and his criticism of King Constantine's interference with "constitutional liberties" of the Greek people, are recent stages of the new political crisis, which for the time being has overshadowed the military situation in the Balkans. According to latest information from Athens, the king is expected to continue the Zaimis cabinet and dissolve Parliament rather than accept the other alternative of permitting M. Venizelos to return to power.

King Constantine is said to be in thorough sympathy with the conduct before the chamber of General Yanakakis, war minister, whose remarks brought on the crisis and to have demonstrated appreciation of the minister's force by appointing him an aide-de-camp.

Situation Much Mixed. In view of the large range of possibilities and the difficulty of predicting with certainty any definite unswerving of the present snarl, London is not indulging in premature optimism over the defeat of the Zaimis cabinet. It is disposed to await further developments before accepting the situation as in any way indicative of Greece's intention to fight with Serbia against Bulgaria.

The invading Bulgarians are reported to have reached a point six miles northeast of Nish and to have advanced along the hills east and southeast of the city to positions almost as near. The Germans on the north Serbian front are not so fortunate in their attack, but are slowly pressing back their opponents. The promised assistance for the Serbians is not materializing, according to advices from Salonki, and two divisions of British troops have arrived at Strumitsa, joining the French.

Tentons on Defensive. German and Austrian official reports, although indicating things are going well for the Teutons on the Russian front, make it clear that they are now occupied chiefly with defending themselves against Russian attacks, their own initiative apparently having been spent. Particularly fierce Russian attacks are recorded along the Dvina and Arpa.

German Press Comment. BERLIN, Nov. 5.—(Via London.)—The press of Berlin makes no attempt to minimize the victory of former Premier Venizelos of Greece over the Zaimis ministry, and asserts it brings a sharp crisis in the affairs of Greece. An exception is the Vossische Zeitung, which declares the Grecian cabinet crisis "is of no significance in connection with the foreign policy."

The Tageblatt devotes a column to comment on this situation, although news of the defeat of Premier Zaimis was not received until last evening. It says a new (Continued on Page Four, Column Three.)

THE WANT-AD WAY

"I have several houses vacant. That's why I'm in a hurry. I want my Ad in Sunday's Bee, so I won't have to worry."

"I'm running so I'll get these. With my Ad, and not be late! I haven't got much time left—'You close a quarter of eight.'"

"If YOU have an Ad to write, Don't wait 'till the last minute. Buy your Ad now and ready!"

"If YOU have an Ad, begin it. The Want Ad closes at 7:45 p. m. Saturday, for our big Sunday paper."

Early Want Ads always receive more care in printing proof-reading and classifying than later Ads.

Send or telephone your Want Ad as early as possible, and put it in Street.
