MILLS GIVES MEN LIGHT WORKOUT

Assistant Coach Howard, Who Saw Notre Dame Play, Prepares Line of Defense.

BURFORD IS IN UNIFORM AGAIN

Coach Tommy Mills, aided by Assistant Coach Howard and "Happy" Hopkins, a former tackle and captain of the Creighton eleven, started the final drilling of his squad for the Notre Dame game yesterday afternoon. The work was comparatively light, consisting mainly of signal drill, forward passing and trick formations. Assistant Coach Howard, who saw the Hoosiers in action recently, formulated a method of defense against the contemplated Indiana attack. Howard was thoroughly impressed with the ability of Harper's team, but believes that Creighton will give a good account of itself nevertheless.

Eddie Burford, who last year was placed on the Missouri Valley honor roll as center, was out in a suit again yesterday, and will play in his old position against the Hoosiers. Kamanaki, who filled his place since Burford's injury at Wesleyan, may be shifted to end. He is a fast, racy player, and would hold down a wing position exceptionally well. Platz, though on the field in a suit, did not participate in yesterday's practice, owing to a badly bruised hand received in the St. Thomas game. He will be in the game by Saturday, however. Today the team will be put through a stiff workout, with scrimmages against the University of Omaha squad, as well as the scrub.

Attempts to Crucify Himself in a 'Frisco Church During Mass

BAN FRANCISCO, Nov. 8.—Attempting self-crucifixion, while suffering from religious mania, a stranger, who gave his name later as Thomas D. Thornton of "everywhere," created a sensation among the congregation at St. Mary's cathedral, when with a length of gas pipe, he drove a four-inch spike through each instep and pinned one of his feet to the floor.

He uttered no cry of pain and had one spike driven home and the other through his foot, when restrained by ushers, when they heard the cries of the congregation. The action took place while the solemn elevation of the host, one of the portions of the Roman Catholic mass, was in progress and the fact that the congregation was kneeling gave the man the opportunity to remove his shoes unnoticed and drive in the nails before interference. It was necessary to secure a hammer to pry the spike loose. He was removed to a hospital.

A visitor from San Luis Obispo, who was in the congregation, is quoted by Father Charles Hamm, of St. Mary's cathedral, as expressing the belief that it was the same man who attempted a similar act about a month ago in San Luis Obispo church.

WAR DON'T HURT THRIFTY HABITS OF DUTCH FOLKS

(Correspondence of the Associated Press.)
AMSTERDAM, Netherlands, Oct. 28.—Thrift, which is regarded as one of the chief virtues of the Dutch people, has not been affected by the war. Savings banks returns show that of the near 5,000,000 inhabitants—including men, women and children—of the lowlands no fewer than 1,577,790 are depositors in the postoffice savings bank and about 900,000 others in the agricultural loan banks and private savings banks, making altogether nearly 2,000,000 depositors, or over one in three of the entire population.

The war raging all around does not appear to have diminished the saving power of the people to any appreciable extent. If at all, for at the end of July this year the total of the deposits in the postoffice savings bank had been reduced by only 22,217,865, as compared with the same date in 1914, namely, 57,347,890, as against 57,365,943. It is thought that most of the reduction was brought about by depositors withdrawing their savings for investment in the new government loans, which return a higher rate of interest.

CELEBRATES HIS NINETIETH YEAR

Anderson Miller of Falls City, One of Old-Timers of Nebraska, Observes Event.

DINNER MARKS THE OCCASION

FALLS CITY, Neb., Nov. 8.—(Special.)—November 8 was the ninetieth birthday anniversary of Anderson Miller, and was celebrated with a family dinner at the home of his daughter, Mrs. W. H. Keeling. Covers were laid for twelve members of the families of Edward Morgan, Mrs. W. H. Keeling and Mr. Miller and daughter, Fannie. Mr. Miller has always been a prominent citizen and his family are prominent in social and church circles. Robert Gantt of Omaha, is a grandson of Mr. Miller.

Mr. Miller was born in Hancock county, Indiana, twenty-five miles east of Indianapolis, November 8, 1825. There were eleven children in his father's family, of whom survive himself and a sister, Mrs. Jane Caughlin of St. Joseph, Mo. March 21, 1858, he married Miss Lucretia T. Crane in Hancock county Indiana. Mr. Miller was the father of five children. Two of them are still living in Falls City, viz: Mrs. W. H. Keeling and Miss Fannie L. Miller. Three are dead, they were Mrs. Emma Gantt, Charles A. and Mary Irene Miller.

In June, 1848, he left Indiana and came to Missouri, lived there four years, then went to California, during the gold excitement in 1850, where he remained three years and then returned to Missouri, remaining four years, then went back to Indiana for two years, then to Missouri for another two years and in 1859 moved to his present home in Falls City. Here he endured all the hardships known to the pioneers of this county in that early day and during the war, when all the supplies had to be hauled overland from St. Joseph, Mo., and money was none too plentiful in the country and supplies were high in price. Mr. Miller missed one of the big events in the history of Falls City, the county seat fight, that resulted in the killing of Dr. Davis and Thomas L. Meek, by being away from home taking a party of seven Indians, prisoners from Savannah, Mo., to the federal prison at Omaha. Mr. Miller was a very active man and loved hunting and trips across the plains and in the Rocky Mountains.

He made five or six trips to the mountains to hunt bears and other big game. On one trip he went through the Yellowstone National park by team with his family. In 1858 he crossed the plains in going to the California gold fields. He has been to most of the world's fairs and has spent several winters in New Mexico and California.

He held the office of justice of the peace one term, but he had no desire for public office.

He has been a life-long republican and has been a Mason since 1854. He has been a farmer all his life except the time spent in digging for gold. His homestead that he purchased in 1858, has become part of the city. The city has grown all around him. He has been here since his settlement and has helped to build up the city and its institutions. Eighty acres of his farm was included in the city for forty years, while he was using most of it for farm purposes and on this he had to pay city taxes.

HUNDRED THOUSAND IN BIG WET PARADE

Mayor Thompson Declines to Review Marchers Protesting Against Sunday Closing.

TWO HOURS PASSING THE STAND

CHICAGO, Nov. 8.—More than 20,000 persons paraded through the streets of Chicago to express their displeasure at the recent order of Mayor Thompson, enforcing the state law, keeping the saloons here closed Sunday. Some estimates of the number of marchers ran as high as 100,000.

The parade, which was under the direction of the United Societies for Local Self Government, was held with police approval and police participation. It was at first asserted that if it was to be a demonstration of disapproval of the enforcement of the law, no police guard would be sent or permit issued. When it was announced, however, that the parade was to be an expression in favor of home rule, the permit was granted.

Although most of the participants in the parade were on foot, there were thousands of automobiles and wagons decorated with the United States flag and shield of the United societies with its motto, "Home rule and personal liberty for Chicago."

The marchers came along ten abreast, paralleling first a double column of automobiles and horse vehicles, passing a reviewing stand in Grant park facing Michigan avenue. Mayor Thompson declined an invitation to review the marchers, but the stand was crowded with officers of the United societies and their guests. More than two hours was required for the pedestrians to pass the stand.

The marchers were grouped by races and many wore the brilliant costumes of their native lands. Alongside were automobiles and wagons bearing the women of the same races, in the gaily colored gowns of their home lands. Besides flags of the United States and banners and emblems of the societies, the walkers carried banners expressing their political and economic sentiments.

"We are the taxpayers," read a huge sign, which bore reference to a public charge made after the recent dry parade that its participants had been chiefly children and in only a few instances taxpayers or voters.

"The toller is worthy of his re-creation," was another banner. Still others were:

"It is less difficult to surrender our liberty than to acquire it."

"If all the fool laws were enforced, more than half the people would be in jail."

"Morality is not created by laws. The Sabbath was made for man; not man for the Sabbath."

"The remedy—the referendum."

"Virtue comes not from the penal code."

Anti-saloon people, who conceded that the demonstration had brought out an unusual crowd, attributed it to the closed saloons, declaring it was the first time such a demonstration had ever been undertaken without the competition of the saloons' attraction. The United societies said that 30,470 persons took part, of whom 22,930 walked and 8,540 rode.

Bulgaria Announces It Is Pursuing the Enemy Along Front

SAPFIA (Via London), Nov. 8.—The following official communication was issued today:

"Along the entire front we are pursuing the defeated enemy. Our troops operating north of the Niava river have approached the Morava valley and established near Paracin direct communication with the German troops who are advancing from the north."

"At 3 o'clock in the afternoon we captured Nish."

"Our troops advancing in the valley of the Bulgarian Morava have penetrated the Leakovacs plain. Our offensive on the Kosovo plain is progressing along the entire front."

"Near Prelep, Krivopal and Strumitsa we arrested the offensive of the English and French and repulsed them with considerable enemy losses. We captured many prisoners and vast quantities of war materials of all kinds."

BERLIN, Nov. 7.—(By Wireless to Sayville, N. Y.)—An official statement issued at Bulgarian headquarters at Sofia regarding the operations of November 3 follows:

"Bulgarian troops forced a passage of the Timok (a river which forms part of the boundary between Bulgaria and Serbia) at Krivivir and captured 800 Serbians with six cannon."

"Bulgarians reached the forts of N'ah. Considerable French forces which attacked south of Strumitsa were repulsed."

Labor Has Faith in Voluntary System

LONDON, Nov. 8.—A remarkable demonstration in furtherance of Lord Derby's recruiting campaign was held in Trafalgar square today by the trades unions of London. As a result, a large number of young men enlisted. With the exception of the Clapham branch of the independent labor party, which declined to participate, all the unions in London sent representatives and immense crowd gathered in the square.

Resolutions adopted at the meeting re-affirmed labor's conviction that the voluntary system of enlistment would meet the needs of the country and pledged devoted support to Lord Derby's campaign "in order to bring the war to a successful issue and to prevent the establishment in this country of the conscriptionist military and naval system."

German Submarine Sinks Japanese Ship

TOKIO, Nov. 8.—The Japanese steamer Yasakuni Maru, 5,118 tons gross, was sunk by a German submarine near Gibraltar Wednesday. The captain and crew reached shore safely.

The Yasakuni Maru evidently was the victim of one of the German submarines which have passed safely through the Strait of Gibraltar into the Mediterranean sea to undertake a campaign against the merchant shipping of the allies and already have sunk vessels.

The Yasakuni Maru sailed from New York, October 5, Oran, Algeria, and arrived at Gibraltar, October 23.

BULGARS ATTEMPT TO ENVELOP FRENCH FORCE

LONDON, Nov. 8.—A division of 25,000 Bulgarians is attempting to envelop the French force in the Valandov region, according to information from Bulgarian soldiers obtained by a Greek outpost, says a Reuter dispatch from Saloniki.

An important British contingent arrived Saturday at Saloniki, where additional landing facilities have been granted the
