

BRIEF CITY NEWS

Wedding Rings—Hilhelm, Jeweler. Lighting Fixtures—Burgess-Granden. Navy Boat Print—Now Hansen Press. For Fire and Tornado Insurance see J. H. Dumont, State Bank Bldg. "Today's Movie Program" classified section today. It appears in The Bee EXCLUSIVELY. Find out what the various moving picture theaters offer. Views of Vassar—Under the auspices of the local Vassar club, stereopticon views of Vassar college life will be shown at the Central High school auditorium this afternoon at 2:30 p. m. The State Bank of Omaha, corner Sixteenth and Harney, pays FOUR per cent on time deposits and THREE per cent on savings accounts. All deposits in this bank are protected by depositors' guarantee fund of the state of Nebraska. Appendicitis Operation—Nina Gangestad, wife of E. G. Gangestad, real estate dealer, was operated on at the Wise Memorial hospital Saturday morning. At last reports, she was doing nicely. Joint Improvement Meeting—The Northwest Federation of Improvement Clubs will hold a joint meeting with the Newport-Belvidere Improvement club, Thursday evening at 8 o'clock, at the Central Park annex auditorium, Thirty-sixth street and Kansas avenue. Services at North Side Christian—Services will be held at North Side Christian church every evening this week, except Saturday. Rev. George L. Peters, the pastor, will preach. The services will begin at 7:30 o'clock, and are a follow-up of the "Billy" Sunday campaign. Government Ownership—Government ownership of telephones will be the topic of discussion at this evening's meeting of the Central Park Social center at the Central Park school, Forty-second and Saratoga streets. Arthur F. McAdams, a district manager of the Nebraska Telephone company, will speak. Autos Without Licenses—The Water board has failed to issue licenses for two licenses for automobiles, according to records in the office of County Treasurer Ure. The licenses for which no payment was made are No. 40,705, secured August 21, and No. 40,836, secured October 28. The fee on license No. 919, secured last March, was paid. Will Meet at Noon—A referendum vote has just been counted in which the members of the Associated Retailers of Omaha have decided that they will in the future have their regular monthly meetings at noon, instead of in the evening. The regular monthly meeting for November is to be held Thursday of this week at the Commercial club rooms. Must Remit \$5,000 of Verdict or Else Stand New Trial Five thousand dollars of the \$13,000 verdict which William Wumrat secured against the People's Furniture company in the third trial of his personal injury suit must be remitted or a new trial will be allowed, according to an order entered by District Judge Begley, sitting in Judge Estelle's court. The defendant company asked for a new trial on alleged grounds that the verdict was excessive and was the result of "passion and prejudice of the jury."

Green Wants to Know About the S. O. Tolls W. H. Green of the Southwest Improvement club and Real Estate exchange asked the city commissioners during a session of the committee of the whole, why they do not insist that the South Omaha 5-cent telephone toll should be removed. The gist of his remarks was: "This toll is unjust and everybody knows it. Why is a line drawn along Vinton street from the river to the west and the telephone company allowed to collect \$18,000 to \$20,000 a year in tolls? "I want to tell you gentlemen that a storm is coming. The day when a few privileged men try to dictate to this council is fast passing. Get from under without delay." Mr. Green was informed that three months ago a special committee of the city council was appointed to investigate this matter. Commissioner Withnell said he received from a telephone official a detailed statement outlining the telephone company's position on this question of South Omaha toll.

Green Withdraws Objections to Board George T. Morton, Thomas A. Fry, George Brandeis, E. Buckingham and George B. Frins will be formally confirmed Tuesday morning by the city council as members of the new City Planning commission. These men were agreed on a week ago by the city commissioners in executive session and confirmation was deferred for a week upon request of W. H. Green, who wanted to be heard. Mr. Green has withdrawn his objections. The personnel of the new commission will be exactly as exclusively announced by The Bee last week.

NEW CENTRAL STATE BANK GETS LEASE ON QUARTERS The Central State bank of Omaha, now organizing, has obtained a lease on rooms in the Douglas building, southeast corner of Sixteenth and Dodge streets, where the Bankers' Savings and Loan company is now located. This will be the only bank north of a Farnam street frontage. The Commercial State bank, which is to be located in the Wood building at Eighteenth and Farnam streets, is also in process of organization. There is a current rumor of the possibility of the organization of a new national bank in the city also, but little has come to light on this rumor.

CLASSES AT NIGHT HIGH SCHOOL START WEDNESDAY Following the registration last night, classes for the night high school which will be conducted at the High School of Commerce will be organized and class work inaugurated Wednesday evening. Last night was not the last chance for registration, however, as students will be accepted any time during the term. The alumni association of the High School of Commerce has taken an active interest in the organization of the night high school and is assisting in inducing students to take up the work.

CITY TO FIND WORK FOR THE FLOATER

Will Fix Up the Old County Jail and Have Prisoners Work on the Streets.

TO PROVIDE BEDS AND MEALS

The city commissioners, sitting in committee of the whole, decided to hold a special meeting next week for the consideration of a plan of providing work for city prisoners, particularly this winter. The proposition is to counteract the prevailing opinion throughout the country that Omaha is an "easy town" for undesirable itinerants. The committee of the whole adopted Commissioner Jardine's resolution that the commissioners devise ways and means for working city prisoners.

Must Put Men to Work. Captain Kilne of the Salvation Army made this statement to the commissioners: "It is an absolute necessity that something be done to put these men to work. This plan would help the men themselves and would tend to discourage hordes flocking here for the winter. Omaha is known as an easy town to get by in. Many come here expecting to be cared for in jail, where they may be assured of food and shelter in idleness. During the winter before last we fed as many as 400 at our headquarters. I have handled these men for fifteen years, and before I started this work I was one of them myself. I know how these men live."

To Fit Up Old Jail. Commissioner Withnell recommended that the old city jail at Eleventh and Dodge streets might be fitted up as a comfortable shelter for these prisoners. There was a doubt whether prisoners committed to the county jail by the police judge could legally be taken out for work by the city. The proposed plan contemplates providing substantial meals and comfortable beds for the prisoners who are required to work. Commissioner Jardine expressed his belief that many floaters will drift into Omaha this winter. Chicago authorities have started a campaign to apply the work test.

October Breaks All Records for Business Gains October was an exceptionally good month for the retail business of Omaha. Retail merchants in practically every line in the city are unanimous in this statement, and declare that they did almost a record business for October. One store handling women's garments, did almost 50 per cent more business last month than in October a year ago. Even the jewelers declare their business has been excellent. The retailers say there is no way to account for the good business done except by the generally prosperous condition of Omaha and the state at this time. Ordinarily, they point out, the last October would have been expected to yield little return to the retailer, especially clothing and shoes, as the weather was not such as to encourage the buying of winter garments.

Public Meeting on Light Rates Today Considerable interest is being taken in the public meeting on electric light rates to be held at the Commercial club rooms this evening at 8 o'clock. The club's special committee on electric light and power rates has called the meeting and invited in delegates from various organizations to give their opinions on what should be an adequate return for a public service corporation to make on its investment. The committee has been at work for many months on the old electric light rate question, and was instrumental in bringing the auditors from the east to make a careful audit of the books of the electric light company, with a view to learning details that would be of value in determining an adequate rate.

Big Grain Receipts Pound Down Prices While Omaha wheat receipts were the heaviest of the year, 237 carloads, priced off 3 cents, ranging around 90 to 95 cents, depending upon grades. With the receipts heavy the sales were still heavier, nearly 1,500,000 bushels being taken for export through rail ports and for delivery before the first of next year. There were forty-six cars of corn on the market, it selling off 1/4 of a cent from the prices of last Saturday. Sales were made at 50 to 51 1/2 cents. Receipts of oats were eighty-four cars and prices were down 1/4 to 1/2 of a cent. Oats sold at 24 to 25 cents.

Violators of Law Given Sentences Lovena Black, 1421 North Twenty-first street, was sentenced to twenty-days in the county jail when arraigned in police court as a keeper of a disorderly house. Morris Halpering of the Berlin hotel, Fifteenth and Central avenues, was sentenced to thirty days on a similar charge, and M. McGovern, Sixteenth and Cass streets, was fined \$20 and costs. Other alleged violators of the liquor laws secured a continuance of hearing.

OMAHA SOCIETY SENDS RELIEF TO BELGIANS The Franco-Belgian Relief society of Omaha has just sent a case containing well filled sewing bags, knitting yarn, woolen socks, twenty-five rolls of paper toweling and other articles to Miss Grace Rohrbach, secretary of the Young Woman's Christian association in Paris, for general distribution in France and Belgium. The society will hold its next meeting at the home of Mrs. John A. McShane November 17 and make further plans for the sending of articles to help alleviate the suffering in the war countries.

HALF OF SCHOOL BONDS ARE SOLD

First Trust and Savings Bank of Chicago Awarded \$500,000 on Premium of \$13,250. The First Trust and Savings bank of Chicago today was awarded \$500,000 Omaha school district bonds upon a bid offering a premium of \$13,250. The successful bidders submitted their offer by mail, while six other financial concerns had personal representatives at the opening of the bids. The finance committee of the Board of Education and Treasurer Ure were elated over the demand for these school bonds.

SIX OTHER FIRMS MAKE BIDS The following premiums were offered by unsuccessful bidders: N. W. Halsey & Co., Chicago, \$9,041; Klaseil-Kimball & Co., New York, \$5,800; R. M. Grant & Co., Chicago, \$3,061; P. W. Chapman & Co., Chicago, \$1,000; Harris Trust and Savings bank, Chicago, \$9,723; Continental and Commercial Trust and Savings bank of Chicago, \$3,704. These school bonds bear 4 1/2 per cent interest. The premium offered by the First Trust and Savings bank makes them yield a 4 3/4 per cent rate on the investment.

Quarter of Million Go to Sunday School All Omaha and Nebraska was invited to Sunday school yesterday, and from the crowds that accepted the invitation, it is safe to estimate that 250,000 children and adults attended the thousands of such schools in the state. Governor Morehead had officially endorsed the move to swell the Sunday school attendance, because it was understood that it would especially promote harmony and a get-together spirit among the Bible students, and because one of the purposes was announced to be study of and prayers for peace. Many Sabbath schools of Greater Omaha had special exercises, like those of the annual rally day, and each member added to the National communion and the National Board of Arbitration and the adjustment of certain territorial rights.

French Fliers Wipe Out Vile Gas Factory GENEVA, Nov. 8.—(Via Paris).—The poisonous gas factory at Dornach, Alsace, which was attacked Friday by French aviators, was virtually destroyed according to a report which has reached here from Basel. The manager and forty-two workmen are said to have been suffocated by fumes resulting from the explosions, while other employees, who were overcome have been sent to hospitals.

OMAHA DENTISTS HONOR NOTED CHICAGO DOCTOR Dr. Truman W. Brophy, noted oral surgeon of Chicago, is in Omaha today. He will lecture tonight before the eastern division of the Nebraska Dental society, of which Dr. William F. Shearer is president. The lecture will be held in the Fontenelle ball room and will be open to the entire medical profession. Dr. Brophy specializes in dental surgery and has attained a world-wide reputation. He arrived yesterday morning and was entertained all day by local dentists.

HYMENEAL McKinney-Tease. Henry A. McKinney and Miss Christens D. Tease were married at the home of the bride's sister, Mrs. Agnes Boon, 2504 Saratoga street, at 1 o'clock Sunday afternoon. Earl E. Bowen, pastor of the Pearl Memorial church, of which both the bride and groom are members, read the wedding lines. The young couple will reside at 408 North Nineteenth street.

Made over Again. Mrs. Jeanie Miner, Davidson, Ind., writes: "I can truthfully say Foley Cathartic Tablets are the best I ever used. They are so mild in action, I feel like I have been made over again." Good health has no greater enemy than constipation. Foley Cathartic Tablets keep the stomach sweet, liver active, bowels regular and banish biliousness, sick headaches, sour stomach. Stout persons welcome the light, free feeling they give. Sold every where.—Advertisement.

TICKETS STILL SELL FOR 2 CENTS A MILE

Other Roads Will Make No Move to Try to Follow the Lead of the Missouri Pacific.

BOND IS NOT YET APPROVED Missouri Pacific officials here and elsewhere are waiting to hear from the general headquarters of St. Louis, relative to the sale of tickets in Nebraska at the rate of 2 cents per mile, an advance of 1 cent per mile, in accordance with the authority given by the federal court last week. Up to this time, however, the word to apply the new rate has not come, and consequently all sales are being made at the old rate—2 cents per mile between Nebraska points. Officials here attribute the delay in changing over from the 2 to the 3-cent rate to the fact that the bond required by the court has not yet been approved. The court fixed the bond at \$30,000 to hold until the final determination of the suit in the United States supreme court in the event the Nebraska State Railway commission should appeal from the decision of Judges Sanborn, Munger and Pollock. This bond is intended to work as a guarantee that the railroad will pay back the additional cent per mile to passengers in the event it should finally lose the suit.

Other Roads Too Prosperous. So far none of the other Nebraska roads has shown an inclination to file a complaint with the State Railway commission, or in federal court, attacking the 2-cent rate, as did the Missouri Pacific. It is asserted that there is a question if any of the other roads could maintain such a suit, unless it possibly be the Rock Island. It also was asserted that the Rock Island is the only road within Nebraska or operating in Nebraska that could come anywhere near proving that the passenger-carrying business is not yielding a fair return. Then, too, while the other roads are fighting shy of getting into court in an attempt to show that they are not making money they are also holding off to await the outcome of a hearing before the Interstate Commerce commission, in which all of the roads operating in the states where the 2-cent per mile law is in force have attacked the law. Attorneys of the roads contend that if the commission should hold with them on their attack on the law the decision would settle the question in each of the states. If a decision should be rendered against them, then they would be in a position where they could go before the interstate commission of each individual state and there make their fight, the same as the Missouri Pacific has done in Nebraska.

Quit Meat When Back Hurts or Kidneys Bother Says Uric Acid in meat clogs Kidneys and irritates Bladder. A glass of Salts is harmless way to flush Kidneys, says authority. If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.—Advertisement.

Kitchener Confers With French Chiefs PARIS, Nov. 8.—Lord Kitchener, British secretary of war, before leaving for the near east, conferred with Premier Briand, Minister of War Gallieni and General Joffre, the French commander-in-chief. The dispatch contains the first hint of the route taken by Lord Kitchener in proceeding to the Orient. It apparently bears out the report in London that his mission includes an effort to co-ordinate the work of the general staffs of the allied armies. The Best Medicine for Coughs. The first dose of Dr. King's New Discovery helps your cough, soothes throat. Get a bottle, 50c. All druggists.—Advertisement.

MINOR LOOP MAGNATES READY WITH GRIEVANCES SAN FRANCISCO, Nov. 8.—A number of managers of minor leagues arrived here yesterday for the annual convention of the National Association of Professional Base Ball Leagues, which will open Tuesday and be in session until Thursday and at which many of the problems and troubles that have been grieving the little fellows for the last year will be given vent.

Children Hate Pills, Calomel and Castor Oil Give Fruit Laxative when cross, bilious, feverish or constipated. "California Syrup of Figs" can't harm tender stomach, liver, bowels. Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to cleanse the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters, sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

Police Kept Busy By Active Thieves Nearly a score of complaints of petty larceny, attempted burglaries, and other depredations, kept the police on the jump last night. Though there were many reports of strange men seen prowling about in neighborhoods where they apparently had no business, the entire list of complaints did not show over \$10 worth of property stolen. The police say that the cold weather always causes a crime epidemic in the fall. Measures are taken to counteract, however, and the damage is seldom serious. Commencing today, the police heads will make patrolmen work a "split trick," covering the period between 2 p. m. and 2 a. m., at which time the strength of the department will be massed. It is usually during this period that the thieves work, as they either have darkness as protection, or find householders away more in the afternoons than in the mornings.

Modern Vacuum Cap Co., 187 Barclay Block, Denver, Colo.

HAIR GROWS OR NO PAY When your hair falls out, there is lack of nature's nourishment, which comes from the blood. The Modern Vacuum Cap draws the blood to the hair roots and gives it RENEWED LIFE. This is great circulation, which restores the small blood vessels, removing all the clogged and sluggish blood from around the hair roots and supplies fresh new blood. The hair takes on new life. Makes your hair have a healthy glow. Stops it from falling out and grows the life in the dormant hair follicles so that they again grow a healthy head of hair. We send our case out on SIXTY DAYS FREE TRIAL in your own home. We let you be the judge. If you are not satisfied with the showing made, you return the cap and there are no charges. We run all the risk that you will be able to purchase the cap at the end of sixty days, or WE LOSE. There is no publicity or unpleasant publicity as all shipments are made by Parcel Post without advertising. Write today for our booklet and particulars, and sealed in plain envelope. Modern Vacuum Cap Co., 187 Barclay Block, Denver, Colo.
