

FOUR ARRESTED IN MURDER CASE; DOGS ON THE TRAIL

Men Taken Into Custody in Connection with Investigations Made by Sheriff and the Police. HOUNDS LEAD SLEUTHS TO BARN King Dodo and Lady Jane Cause Detention of Men Against Whom There Was No Suspicion. TWO OTHER CLUES CONSIDERED

Four arrests and a search for a trail by bloodhounds, which was of spectacular interest to hundreds of residents of Benson, were the features of investigations of the murder of James Maney made by Sheriff McShane and Omaha police yesterday. The following men were taken into custody in connection with the investigations: Charles Daniel, forty-second and Redman avenue, a junk dealer. A revolver, one chamber of which had been discharged, was found in his home. Orville Pryor, 2720 North Sixty-first street, Benson, a carpenter. He was taken to the sheriff's office by Deputy Larry Flynn, as the result of threats which he is alleged to have made against Maney's life. L. J. Johnson and his son, Vern, aged 18 years, who live at 5907 Gretchen avenue. Bloodhounds led the way from the scene of Monday night's crime to a barn on their premises.

There was no ground for suspicion of Johnson or his son, officials admitted, except the fact that the hounds followed a trail to their home, which is situated three-quarters of a mile northeast of the Douglas county fair grounds, where the murder occurred. At the police station Johnson and his son protested that they were innocent and declared they were able to account for their whereabouts Monday night.

Two Other Men Held. The bloodhounds followed a road for half a mile, then went through a small cornfield and circled around to the barnyard in the rear of the Johnsons' home. They were allowed to repeat the trip for three times and each time entered a stable. Whatever trail was left by the man who killed Maney was at best difficult for dogs to follow yesterday since it was eighteen hours old and many persons had passed over the vicinity of the crime in the meantime.

A large crowd watched the dogs work. Scores of small boys crowded to the front and hampered the efforts of the sleuths. James Hughes, Benson police officer, was assigned to the task of attempting to control the boys, but found it difficult. Typical village "constables" stopped men who were present on business and the atmosphere was charged with excitement. A moving picture operator was grinding out a few feet of film. Pryor, who was detained for questioning by the county officials, was asserted to have declared his belief last August that Maney was partly responsible for his having been sent to the Nebraska asylum at Lincoln. He is alleged to have made threats to harm Maney. He was discharged from the asylum September 29 and said he returned to Omaha one week ago. He was arrested at 2308 J street, South Omaha, by Deputy Flynn. Daniel was arrested after officers had followed wagon tracks from the fair grounds to his home. He declared he was at home in bed at the time of the murder.

They were found shortly after the accident by some members of the family. From all appearances they met an almost instant death.

CHINESE REPUBLIC STANDS THIS YEAR, VOTE FOR MONARCHY

Liaison Nations Urge Celestial Nation Not to Change Form of Government Till After War. NOT CONSIDERED ADVISABLE Japan, Russia, France and England Persuade Country Not to Change Form Now. VOTE FOR MONARCHY CLEAR

PEKING, Nov. 9.—The Associated Press was authorized today to state that the Chinese government had decided no change would be made this year in the form of government of the country. Election returns given out today make it certain that the proposal to re-establish a monarchical form of government had been adopted. These returns show that eighteen of the twenty-two provinces already have given solid support to the project. The election will be completed, but restoration of the monarchy will be delayed. The decision to postpone the change in China's government results from the representations made by Japan, Great Britain, France and Russia that such a change might endanger the peace of the orient and should be delayed until after the European war.

Miss Grace Slater, who was with W. H. Smith, the Woodmen of the World cashier, who was murdered at Thirty-first and Dodge streets a few weeks ago, will go to Wichita to identify Artie Hauser, arrested at Indianapolis last Saturday evening. Other Omaha victims of recent hold-ups will make the trip to the Kansas town, where Hauser is being held on a serious charge. Miss Slater has been visiting her father at Norfolk and upon her return Monday conferred with Captain Maloney of the city detective department. Mr. Maloney also will go to Wichita. INDIANAPOLIS, Ind., Nov. 9.—Arthur Hauser, who was arrested here Saturday after several hold-ups had been fired in the downtown district, was today turned over to police officers of Wichita, Kan., who started for home with their prisoner. Hauser, who, the police say, confessed to a number of hold-ups in this city, is being held in Wichita for alleged highway robbery and attacks on girls. He was arrested at the request of the Wichita police.

Britons Will Try to Stop Migration of Men of Military Age

LONDON, Nov. 9.—The British government today took its first definite steps toward preventing migration of able-bodied British subjects, who in considerable numbers have been using this means of evading military service. A new regulation was issued by the home office requiring subjects of the United Kingdom who are 19 years old or older and contemplating emigration to apply at the foreign office for passports. If the passport officers are refused they must hand to the officers supervising the embarkation the reply of the foreign office to their passport application, together with their birth certificates with photographs attached. Since the refusal of the Cunard company to carry abroad British subjects eligible for military service last Saturday, the Anchor Line and the White Star line have adopted an identical course. Other lines are expected to take similar action.

Summary of Day's War News

INFANTRY ACTIVITIES have been renewed on the front in France, Paris reporting continued fighting by the infantry arm in the vicinity of Loos, where the allies gained much ground in September. PREMIER SKOULOUDIS of Greece is quoted in Athens as declaring that the Greek chamber will be dissolved unless it supports the new cabinet. GREECE, UNDER HEAVY expense through its mobilization, desires further financial assistance from the entente allies. Paris hears. REPORTS OF CHANGES in the Russian cabinet are confirmed in part, at least, by an announcement in Petrograd of the retirement of Minister of Agriculture Krivosheina because of ill health.

Germany Said to Have Subsidized Large Section of the Greek Press

LONDON, Nov. 9.—The Morning Post today publishes a letter from "A well informed correspondent" in Athens, calling attention to the recent success of the Greek pro-German party, "thanks to the powerful political influence radiating from the queen's entourage." The correspondent says that already eleven of the sixteen Athens daily newspapers have been won over by the German interests, plus at least half of the provincial newspapers. "The open propaganda," the correspondent adds, "thus has succeeded in poisoning a large section of the public opinion, not indeed in favor of Germany, or against the entente powers, but primarily against the idea of Greece going to war. The propagandists have skillfully played on the natural wishes of every parent that their sons may be spared the danger of getting killed, as well as

SECOND ROUTE TO CONSTANTINOPLE IS NEARLY OPEN

Extraordinary Gains by the Central Powers in Serbia Are Made at the Expense of Other War Fronts. RUSSIANS ARE NOW ADVANCING Teutons Losing Ground on Only Other Front in Which They Are Attempting Offensive. ENTENTE BUSHY IN SOUTH SERBIA

BULLETIN. BERLIN, Nov. 9.—(By Wireless to Sayville.)—Capture by the Germans of the main Serbian positions south of Kraljevo was announced today by German army headquarters. In the capture of Krusevac by the Germans 7,000 Serbians were made prisoners. LONDON, Nov. 9.—The central powers and the Bulgarian ally now control about two-thirds of Serbia and within a few weeks probably will have the main Serbian railroad, running through Belgrade and Nish, in full operation. This will give them two routes to Constantinople, as communication by way of the Iambou to Bulgaria is already open. That this has not been accomplished without weakening the other fronts is indicated by definite news of Russian advances on the Riga-Dvinsk frontier, the last part of the eastern battle line on which the invaders kept up anything in the nature of a definite offensive.

Entente Busy in South Serbia. Thus far the plans of the central powers in the Balkans have worked like well-oiled machinery, but the latest news from Macedonia indicates the initiative is not to be left entirely to the invaders much longer. Reports come by way of Paris that the Anglo-French forces are making their presence felt against the Bulgarians. The entente allies claim their operations are proceeding along the whole front with success, notwithstanding the handicap of operating in a difficult country. It is reported also that the Serbians holding part of the Macedonian front have checked the Bulgarians, after inflicting heavy losses on them. If the Serbians can sustain the attack for a short period the French should be able to join them south of Yupa.

Russian Forces Active. The Russians continue their policy of sharp and unexpected attacks at various points along the front. The latest of these attacks, according to Petrograd, consisted of three successful assaults, southwest of Riga, two southwest of Dvinsk and three west of the Sty, south of the Pripe marshes, where the Austro-German line was broken in two places. Except for artillery exchanges on the western front, nothing of great importance has occurred recently in that theater of war.

Infantry Fighting in France. PARIS, Nov. 9.—There has been infantry fighting in the region of Loos, according to the announcement given out this afternoon by the French war office; violent bombardment near Beauvais and spirited artillery firing by the French in the Champagne district. The text of the communication follows: "There has been continued infantry fighting, in which each side took part, in the region of Loos; further to the south there have been energetic attacks of the patrols, in which we had the advantage. Violent bombardments on the part of the enemy have taken place in the sector of Beauvais and in the Champagne district in the region of 'The Trapeze.' Our artillery everywhere has made reply with great energy. On the remainder of the front the
