Sale Extraordinary of Almost 1,500 Pairs of Kid Gloves Saturday, \$1.50 to \$2.50 Values, \$1 Pr.

This lot consists of long and short kid gloves, in desirable colors and styles, including fine washable kid gloves, in the new ivory and pearl shades. The short gloves come in white, black and gray; also a limited quantity of white with black embroidered backs. Also several small lots of washable doe-skin and cape gloves.

The long gloves come in white and a few pastel shades. They are 16-button length, reaching several inches above the elbow.

Considering the scarcity of imported kid gloves and the rising market, this sale is a most unusual one. The gloves are of fine quality real kid or lamb, either over-seam or pique sewn. The values are quoted most moderately at from \$1.25 to \$2.50; indeed, a good many of the long gloves were priced considerably higher.

We venture to say that this may be the last opportunity to secure good kid gloves
