Look inside Utah, Friday, were passed unaniyour watch cover and see! That's bad mously today by the American Federation of Labor, meeting here in its thirty-fifth annual convention.

In the resolution it was declared that It was "apparent Hillstrom did not have a fair trial."

The resolutions were presented by the bad bowels is in a bad way and a coated ways and means committee, to which tongue or a bad breath are sure signs the case was referred yesterday by President Samuel Gompers after appeals for action in the case were made before the convention by Thomas Mooney, not a member of the convention, and Delegate Camomile, both of Salt Lake City.

The resolutions authorized President Gompers to transmit immediately copies of the resolutions to Governor William Spry of Utah, the board of pardons of Utah, the Sweetsh ambassador to the United States and President Wilson. Governor Spry was urged "to exercise his prerogative of elemency in the case and that he be given a new and fair

trial. "The feeling against Hillstrom as labor agitator was such as to militate against him with the jury to his detriment." the resolution said, and, also, that the evidence against him was purely circumstantial and highly improbable," and that there was the "gravat doubt" as to its sufficiency.

It was stated that the resolutions were presented after the convention has itstened to persons who claimed to be conversant with the facts and after investigating the case thoroughly.
