TEMPLE-GOING HABIT ADVISABLE

Miss Jeanette M. Goldberg Delivers Address on Behalf of Jewish Chautauqua Society.

NEED OF TRAINED TEACHERS

An appeal for a return to Judaism on the part of indifferent Jews was voiced by Miss Jeanette M. Goldberg of Philadelphia, field secretary of the Jewish Chautauqua society, in a talk at Temple Israel last evening. A large audience greeted Miss Goldberg, who represents especially the religious correspondence school department for Sabbath school teachers.

"Create a temple-going habit. Accompany your children to the temple. Don't think you have done your duty when you send your children to temple and yourself go out shopping, or to the theater. Strengthen the relation between the home and the synagogue. Make the synagogue the center of communal life, the position it has held in the past," she pleaded.

Miss Goldberg emphasized the necessity for well trained religious school teachers who are able to cope with the questions called up by childish minds.

More scoffers are a result of ignorant or unwise ministrations in religious matters than anything else," she said.

In her introductory words, Miss Goldberg gave an interesting sketch of the position of the Jewish woman, from her oriental status to the present position enjoyed by the American Jewess.

The Jewish chautauqua movement was started by Rabbi Henry Berkovits of Philadelphia, twenty-three years ago.

Rabbi William Rosenau instituted the correspondence school for teachers two years ago.

Rabbi Frederick Cohn of Omaha will be on the program of the twenty-fourth annual assembly of the Chautauqua, which will be held in St. Louis, December 24-30.

Miss Goldberg will be the guest of Mrs. J. N. Kopald until Monday.

Fires One Shell in Two Days and Gets A Canadian Goose

"Where, oh, where have the little ducks gone?" is a timeless melody Ed Doekal, Charley Battelle, John Lewis and Dr. M. H. Dunham sang upon their return from a two-day excursion to Schuyler. This quartet of Omaha hunters hiked for the Schuyler camp with the express purpose of bagging enough of the feathery flock to provide sumptuous Sunday dinners, but the ducks refused to be a part of the conspiracy and put the blink on the Omahans' hopes.

Charley Battelle fired one shell in the two days. That or shell, however, did its duty well, for it brought down a Canadian goose which fell a victim to the wiles of a bunch of decoys left out over night.

When Battelle went down to the blind in the morning he spotted the goose and quickly plugged him.

The other hunters were a bit more fortunate than Battelle, each setting a small bag. Doekal came home with two mallards and five teal and a grouse on his luck. The first day out Doekal was the only one of the party to get a bird.

"The shooting is certainly punk," declared Doekal. "The ducks—if there are any—are certainly steering clear of the river."

German Lines Grow Thin on Russ Front

PETROGRAD, Nov. 20.—(Via London).—Russian military observers are finding frequent indications that the German lines on this front are growing increasingly thin. These are furnished by reports from the fighting lines, notably from the sector northeast of Riga.

Drill masters report that excellent progress is being made in the drill work because of the willing spirit of the new men and the admirable relations declared to exist between them and their officers.

LONDON, Nov. 20.—The Copenhagen correspondent of the Morning Post sends the following: "Russia intends to place millions of additional troops in the field, according to a notification by Premier Gorenkyin to the Russian press, says a private dispatch from Petrograd."

Railroad Travel Increases Largely

Instead of passenger business west-bound dropping off, as anticipated by the railroad officials, it is increasing as winter approaches. Leaving out of consideration special trains and private car parties going to the Pacific coast expeditions, through travel is much heavier than during the summer.

Travel on the Union Pacific's Overland Limited shows an increase of 100 per cent over the corresponding period of one year ago.

Railroad men say that while the through passenger business is holding up, or showing an increase, the local travel between towns in Nebraska and Iowa shows a decided falling off.

They attribute to the greatly increased number of automobiles that have gone into service during the last year. The campaign for the improvement of the country roads, the railroad passenger men assert, has had much to do with the increased travel by automobile.

CHURCH ACTIVITIES' GAINS SHOWN BY CATHOLIC REPORT

Increase in all church activities are shown in the annual compilation statistics of the Omaha diocese of the Catholic church, which has just been made public.

Baptisms last year numbered 1,028, of which 286 were adults. There were 864 marriages, of which 64 were of Catholics and 179 mixed marriages. Three diocesan priests were added, bringing the total to 136, beside forty-three priests of religious. Four new parishes bring the total to 116. One new church was built, making a total of 35.

The number of parish schools was increased from ninety-two to ninety-five and the number of pupils from 19,864 to 11,793. Creighton university had a total enrollment of 1,375 and Spalding college of 130. Seven academies for young women added 1,190 to the list of young folk receiving education in Catholic institutions, making a total of 14,682.

MILLER PARK SOCIAL CENTER ENJOYING EVENING

Two hundred and fifty residents of the Miller Park school district attended the opening of a social center at their school Friday evening, enjoyed a program of music and readings and shook hands with each other in a get-acquainted session after the formal exercises.

Principal Hunt of the school, Superintendent English of the Recreation Board and Supervisor Burke of the social center made short talks.

Music was furnished by the Chambers Music Society of Omaha School of Orchestral Music, Mr. and Mrs. and Gertrude Thern and Earl Pickner. Mrs. Evans offered a reading.

CLEAR WEATHER REPORTED FROM ALL OF NEBRASKA

According to morning reports to the railroads, clear and calm weather was the rule over Nebraska and most of the country, west to the mountains. Up country it is a little colder, temperatures having ranged from 18 to 36 degrees above zero.

Tampers with Jury Wheel. TOLEDO, O., Nov. 20.—Gully with recommendation of leniency was the verdict returned by a jury this afternoon against John P. Kelly, clerk of county courts. The charge was that of tampering with the jury wheel. The maximum penalty is one year in the workhouse and a fine of \$1,000.

Contempt Hearing to Be Had Monday

Hearing of charges of contempt of court brought against members of the local motion picture operators' union by proprietors of the Princess theater, was postponed until Monday morning by District Judge Medick.

The Princess theater case arose from picketing the place by the operators, who the theater management now alleges violated a "peaceful picketing" order issued by the district court.

SOUTH SIDE LAD BREAKS HIS LEG ON THE GRIDIRON

While playing foot ball with a crowd of small schoolmates in the rear of the Garfield school at Sixteenth and H streets, South Side, East Arthurton, 9-year-old son of Mr. and Mrs. G. Arthurton, Fifteenth and I streets, sustained a broken leg. The limb was snapped just above the left knee cap. Dr. A. A. Fricke was called and set the bone in place.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of inconsumable material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store, but it is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always remember that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Advertisement.
