

VILLA CHIEFTAIN TRICKS OBREGON

Rodriguez Kills American Engineer Who Aided in Escape of His Army from Net.

INDIANS OUTRAGE WOMEN

DOUGLAS, Ariz., Nov. 24.—All the plans of General Alvero Obregon, Carranza commander-in-chief, to capture in Cananea the Villa forces of General Jose Rodriguez have failed.

The Villa commander with a large force has been definitely located en route to Nogales to reinforce Villa troops already there.

While no official expression could be obtained in Agua Prieta today it was intimated in official circles that some of Obregon's commanders to whom was assigned the task of closing all roads from Cananea "failed miserably" and that because of the failure Obregon's plans of campaign require a complete readjustment.

The arrival of Rodriguez at Nogales, it was said, would mean that instead of attacking a few hundred Villa troops there, Obregon taking the offensive, would have to fight a force variously estimated at from 3,000 to 7,000 equipped with Villa's heaviest artillery.

The method of escape and the eluding of pursuit for three days of General Rodriguez was definitely ascertained by Carranza officials here today. In leaving Cananea, Rodriguez, it was said, instructed certain of his men to desert him and spread the information that the evacuating force had split.

As he left Cananea he dispatched a lightly equipped cavalry force of several hundred, directly south. He then kidnapped an American engineer named Bean and compelled him to drive a train with his main army to Puerto Blanco.

Engineer's Body Found

NACCO, Ariz., Nov. 24.—The body of Engineer Bean, of the Cananea Consolidated Copper company's railroad who was forced to drive the train from Cananea on which the forces of General Rodriguez escaped, was found today eight miles from Puerto Blanco. It was riddled with bullets. Bean is said to be an American.

Indians Outrage Women

TOPEKA, Kan., Nov. 24.—(By Radio to San Francisco.)—Villa adherents and Indians made another raid on Los Mochis, Sonora, on November 20 and 21, according to reports received by Los Mochis American colony, which has taken refuge here with three Mexicans and Indians, are said to have sacked every residence, destroying all the furniture and fixtures.

Los Mochis and vicinity were reported as presenting a scene of utter desolation. All live stock has been driven off from the plantations.

The Indians, it was reported, killed two Mexican watchmen employed by the United Sugar company and carried off the family of one of the watchmen, including three women and one girl, who were said to have been outraged.

Officer and Bandit Are Shot in Pistol Battle in 'Frisco

SAN FRANCISCO, Cal., Nov. 24.—Police and bandits fought a running battle from Golden Gate park to the Presidio military reservation, a distance of more than a mile, through a well populated and prosperous district, early today.

The bandits got away, except one, who stood off the police from behind the Presidio stone wall and was fatally shot. Police Corporal Frederick Cook was wounded in the side and arm.

Joseph Ross, the wounded bandit, was taken to a hospital and questioned. "I was foolish," he said. "I got what was coming to me," and as his interrogator persisted: "For God's sake let a man die in peace. I won't squeal."

He died without changing his mind. Ross and three others held up a roadhouse on the edge of the park and got money and jewelry valued at \$500 from a supper party. They fled in an automobile, with three motorcycle policemen in pursuit, followed by a wagon load more.

ABE RUEF TAKES DAY'S VACATION FROM EXILE

SAN FRANCISCO, Cal., Nov. 24.—Abraham Ruef returned here today from prison and exile to spend Thanksgiving day with his aged, invalid mother and to resume a life of freedom interrupted by conviction of attempted bribery during the famous graft trials of 1907.

Plan for Education of New Citizens Becomes Popular

WASHINGTON, Nov. 24.—Strong support is being given the bureau of naturalization's plan to enlist the co-operation of the public schools of the country in the education and Americanization of candidates for citizenship. It was announced today. Already about 400 cities and towns have joined the movement.

During the current scholastic year all superintendents of schools where classes may be formed will receive monthly from the bureau the name, address, age and nationality of each alien residing within their jurisdiction who files a declaration of intention or petition for naturalization. This will enable school authorities to get in touch with such applicants and aid them in preparing for citizenship. In addition the bureau informs each applicant for citizenship that his name has been forwarded to educational authorities, advises him to go to school and points out the benefits to be derived therefrom.

The wives of all petitioners for naturalization are also advised to attend school.

The records of the bureau show that since the commencement of the school year on October 1 notifications have been sent to approximately 40,000 declarants, 30,000 petitioners and 15,000 wives of petitioners.

Over 5,000,000 foreign-born residents annually come within the jurisdiction of the bureau, and it is the plan of the bureau, through the co-operation of the public schools, to change that portion of the alien body, now to be in a condition of helpless dependence on self-maintenance, to the state of productive capacity.

Cabinet Approves Draft of Wilson's Message to Congress

WASHINGTON, Nov. 24.—President Wilson's annual message to congress, approved unanimously by the cabinet, was nearing completion today. Besides a discussion of national defense and revenues, other questions on which the president asks congress for action will be taken up. These include a merchant marine, conservation, greater self-government for the Philippines and rural credits.

The message will declare that the United States has a humanitarian mission of peace in the world and therefore must be ready to defend its right to independent and unimpaired action. Secretary Garrison's plan for a continental army of 400,000 will be strongly supported.

The president will, as he did last year, again declare that it is proper for young men to learn to be soldiers and expressed the belief that plans submitted by the army general staff call for a standing force larger than the country wants. In addition to the navy plans, the president will declare that it is as necessary to provide men, munitions and equipment as it is to build warships.

BERNSTORFF AND LANSING FAR APART

America and Germany Cannot Agree on Settlement in the Lusitania Case.

NO INDEMNITY IS OFFERED

WASHINGTON, Nov. 24.—A series of conferences between Secretary Lansing and Count von Bernstorff, the German ambassador, has failed thus far to bring the United States and Germany near an early settlement of the issues which grew out of the sinking of the Lusitania with a loss of more than 100 American lives. It was said today by persons in a position to know that the points of view of the two governments still were widely different.

In German circles the belief was expressed that a satisfactory agreement could not be reached without arbitration. Officials of the State department were more optimistic, the opinion seeming to prevail that ultimately Germany would come into the American way of viewing the situation.

Secretary Lansing and Count von Bernstorff have an agreement not to talk about the subject of their last conference. It is taken for granted in official circles, however, that the Lusitania case was one of the matters discussed.

It is stated on authority that no offer has been made to indemnify the families of Americans lost in the disaster. It has been reported that the German government offered to pay an indemnity of \$500 for each life lost, but it stated that neither this figure or any other has been named in the conference.

The German government is said to take the position that to agree to pay indemnity would be an admission of wrong doing, and that while in a humanitarian sense it deeply regrets the loss of any American lives, the Lusitania was torpedoed in reprisal for the establishment of the British blockade order, which the United States itself holds to be illegal. Germany, however, is willing and anxious to take the whole matter of indemnity to the Hague for arbitration, even though it is known that high German officials believe the award would be in favor of the United States regarding structure of the tribunal as one likely to favor neutrals.

As for future assurances regarding the safety of American citizens traveling at sea, it is considered by Germany that the assurances given in the settlement of the Arabic incident fully cover the situation.

Must Disavow Act. The point of view of the United States government, as according to the outline given today and stated previously, that the German government must disavow the sinking of the Lusitania and indemnify the families of American citizens lost in the disaster. The United States is adverse to taking the question of indemnity to the Hague.

While the conferences thus far were said to have been unfavorable to a prompt settlement, officials of the State department are reported to be hopeful of the results of conferences to come.

Girl Kills Herself Because of Taunts of Her Playmates

CHICAGO, Nov. 24.—Ruth Fischer, 12, adopted daughter of Emil Fischer of Cicero, a suburb of Chicago, shot and killed herself with her father's revolver last night because playmates taunted her with not knowing "her other father and mother."

It was first supposed the shooting was accidental. Today, however, the girl's chum told of the taunts and jeers and said Ruth yesterday declared her intention to kill herself.

Regarded Billard Deal Fictitious Admitted

NEW YORK, Nov. 24.—The government succeeded in getting further important evidence introduced today at the trial of eleven former directors of the New York, New Haven & Hartford railroad, under the Sherman anti-trust law.

Over the protests of counsel for the defense the government was allowed to read to the jury minutes of a meeting of the board of directors held October 8, 1909, at which the plan for acquiring 109,949 shares of Boston & Maine stock from John L. Billard was approved, "provided that all the shares of the stock of the Billard company and all the profits, actual and nominal, realized by Mr. Billard, less a reasonable compensation for his services and risk, and the amount of his actual expenses in connection with the purchase and sale of the Boston & Maine be first vested in the New York, New Haven & Hartford railroad, subject to the disposition of its board of directors."

Six of the attorneys for the defense gathered about Judge Hunt's bench and argued with him against the admission of this evidence, which in opinion of the government counsel, furnishes proof that the Billard transaction was regarded by the New Haven itself as a fictitious one.

Questioned on the resolution, Mr. Mellon said that the action was taken at the instance of the late J. P. Morgan, who "protested that Billard was making an unconscionable profit and that he could not and would not stand for it."

HOSTETLER'S FRIENDS WILL ASK HIM TO ENTER RACE

KEARNEY, Neb., Nov. 24.—(Special.)—It has been arranged to have thirty-five or more of Kearney's representative business and professional men go en masse to the home of Judge Hostetler as soon as he returns to the city and urge him to become a candidate for governor. This method of procedure was decided upon at a conference of the judge's friends at the Midway hotel Saturday evening.

David Bispham Was First to Suggest The Student Rates

David Bispham, the distinguished American baritone, who will appear at the Auditorium next Monday night as Beethoven in the one-act play "Adelaide," in conjunction with which Mr. Bispham and his all-star company will present a miscellaneous concert called "The Rehearsal," believes that music should be a part of the public school course and declares that a great deal of the musical development of the country in recent years can be traced to the increased interest in music among pupils and teachers. It was Mr. Bispham who, many years ago, first suggested a student's rate for the benefit of the pupils of music. This suggestion has been followed in the last few days by the many applications the music teachers of Omaha have received from their students for certificates to the box office that they are students of music and as such are privileged to receive the students' rates.

Mr. Bispham while in Omaha will probably deliver one or more talks at educational institutions along the lines of a better and more thorough teaching of music in the schools.

Mr. Bispham's support next Monday night consists of an exceptionally versatile company. Mme Marie Narelle, the dramatic soprano, plays the title role in "Adelaide." Kathleen Coman, the pianist, is the possessor of a gold medal won at the Royal Academy, London. Idelle Patterson, the lyric soprano, was the prima donna with DeWolf Hopper in the performances given by the Gilbert & Sullivan Opera company and her dramatic ability is given ample opportunity for expression. Henri Barron, who sings the title song in "Adelaide," is the first tenor to sing the tenor roles in "The Girl of the Golden West" and "Tales of Hoffman" in English, when they were presented by the Savoy company. Graham Harris, an eminent violinist and pupil of Franz Kneisel, is still another member of this all-star company.

Kathleen Coman, the pianist, is the possessor of a gold medal won at the Royal Academy, London. Idelle Patterson, the lyric soprano, was the prima donna with DeWolf Hopper in the performances given by the Gilbert & Sullivan Opera company and her dramatic ability is given ample opportunity for expression. Henri Barron, who sings the title song in "Adelaide," is the first tenor to sing the tenor roles in "The Girl of the Golden West" and "Tales of Hoffman" in English, when they were presented by the Savoy company. Graham Harris, an eminent violinist and pupil of Franz Kneisel, is still another member of this all-star company.
