Woman Holds the Assailant of Child

At the point of a revolver, Mrs. Rose South Side, held Mike Miller, Twentyninth and U streets, at bay while her 4-year-old daughter, Justi, ran for the aid of the police. Detectives Leplachi and Zaloudek appeared a few minutes later and arrested the man.

While little Justi was making one of her frequent visits to the home of her uncle at Thirty-ninth and U streets, yesterday afternoon, at 2:30 o'clock, she was enticed by Miller, who lives across the street from the uncle, to the latter's room. The child struggled a moment and Don't stay headachy, sick, or finally made her escape to her mother's

terial may be used for making concrete holdings throughout the United States crosswalks, concrete sewer inlets and for and in Omaha. He will possibly visit sewer lining. The city already is making with friends in Omaha during the holi- its own concrete sewer inlets for about one-fourth the cost formerly paid for iron inlets made in foundries. In the case of Military avenue, which

has just been paved, Mr. Jardine retained all of the old material, which he estimates is worth nearly \$1,000. Old vitrified brick may be crushed and used for concrete work,

New paving specifications contain t lause stipulating that old material shall be retained by the city.

To Keep Track of Cost. Next spring Mr. Jardine expects to build a short section of sewer and will keep an exact account of the cost of material and labor, that he may know when a bid is reasonable or otherwise. Center street on the west probably will be paved by the city in the spring, although proceedings were started for paving in the usual manner of letting a contract and assessing the cost back to the property. If the council will back Mr. Jardine on this proposition, the com-missioner is confident he can put this Till Police Arrive street in passable condition at a low cost by using the organization and machinery of his department. Doubt has been expressed whether much of the Fakato, 5515 South Thirty-first street, property along this street can stand the assessment which ordinarily would follow new paving.
