POSTOFFICE IS ON

Starts Friday and Not Looked For Until Monday-Most Packages Now Insured.

EXTRA HELP IS ON HAND

Early indications are that the parcel post service is going to be they say it will be increased 50 per cent over last year. The Christmas rushed all day long in the postoffice

"Insuring of parcels has increased enormously, too," said Pat Parcel Post the new rule insurance up to \$5 costs only

Omaha is leading in a new departure in the insuring of parcels which was devised here and is being tried here for Langdon the first time this year. This has to do .W. J. Clemson with filling out the elaborate three-place tag attached to insured parcels. There are sixteen blanks to be filled

out on this tag. Instead of leaving this to each sender to be filled out-and almost nobody ever filled one out without making mistakes several clerks are kept busy filling them out. All information to go on the bags is found on the package with name of sender and addressee. Under this system the sender, having Parker a numbered receipt torn from the tag.

Roper It takes but an instant. Then the clerks
Handel fill out the tag with the rapidity that comes with experience. No mistakes are made and the sender loses no time what-

> Dundee Kept Full Record of Its Dogs

The dusty tomes of Dundee history are revealing the goings and comings of officials of that pretty precinct prior to the joyed the trip immensely. recent merger. These records are kept in an old trunk in the city comptroller's office, and when business is slack around the office the trunk is opened and information leaps out as from Pandora's box of old.

Comptroller McDonald found a report of J. D. Wilson, foretime village marshal of Dundee. The report reads: Dog tage sold...... Dogs driven from Dundee......

ficials to determine whether the three Dundseltes in question still have their dogs tied up and whether the two dogs driven from Dundee by the marshal have returned to their former haunts.

Cadillac Eight Makes New Stock Car Speed Record

George Reim, local agent for the Cadilsical services for Christmas day and for used this year as it never has been lac, has received word that down in before. At the Omaha postoffice Florida last week this machine picked off another world's record. It was at Atlantic beach, out from Jacksonville, when Claude Ndian stripped his Cadillac eight rush started Friday, although it and with J. F. Leonard, mechanic at the wasn't looked for until Monday. Two wheel, sent it over the sand at a speed weighers are already busy and of ninety-six and one-fourth miles per hour, making the best mile in thirty-two and two-fifths seconds.

The Cadillac eight that made the re markable speed at Atlantic beach was one of the regular stock cars. The time was caught by stop watches held at each end of the course traveled. The watches agreed to the second, so that there can be no question about the time made. The record set by the Cadillac gives it the distinction of being fastest stock car in the world, seven miles per hour faster than the record made by "Howdy" in 1911, and which until now has been the best time of any machine ever turned out.

Whitlock Prefers Motor to Pullman

ear, Brand Whitlock, United States ambassador to Belgium, made his homeoming trip from Washington to Toledo in an Overland "Six" touring car.

Although Mr. Whitlock arrived at the capital tired and worn from the great strain he has been under, he decided that he could secure greater rest and recreation by making the trip to Toledo in an automobile than in a Pullman. And in spite of the fact that the weather was severely cold during the entire four days of the journey, and the roads frozen and rutty, both Mr. and Mrs. Whitlock en-

The other members of the Whitlock party who enjoyed the winter trip were, Mrs. Whitlock's mother, a maid and Micke, the little Pekinese dog brought over from Belgium. The driver, an employe of the Harper-Overland company of Washington, was chosen by Mr. Tumulty, secretary to the president, from among a dozen willing applicants.

TINE out of ten men who come finally to Goodyear Tires find them so satisfactory

that they go right on using them. That is why Goodyear sales to the consumer, and to the motor car man-

ufacturer, are greater than those of any other tire.

NOTICE

European war demands have caused a shortage in the world's supply of materials used in the manufacture of White Tread Tires.

The color of Goodyear Tires may ultimately be changed from White to Black.

Our supply of the required materials assures the greater portion of our 1916 season's output of tires being furnished with White Treads.
