DEMOS LOOK FOR SENSATION SOON

Conferences Continue and Public is of Opinion that Candidate Will Be Drafted.

CORRICK TALKS OF COLONEL

(From a Staff Correspondent.)
LINCOLN, Dec. 31.—(Special.)—There is a deep atmosphere of mystery in the democratic camp today. The conference of Governor Morehead and Mayor Charles Egan yesterday and on top of that a hurried visit to Lincoln today of C. M. Skiles of David City, who has been hobnobbing with politicians, has led to the belief that something will be turned loose in the democratic camp very shortly.

The fact that some of the so-called leaders in Lincoln are not in on the deal has made the situation all the more complicated, for nobody seems to know just when it will happen.

Some are of the opinion that another concerted effort is being made to spring a demand for Governor Morehead to get into the race for a third term. It is even intimated that the demand will be backed up by an even stronger force than prompted the governor to change his mind two years ago, but where it will come from or in what manner it will come is the great secret.

Corrick Sees T. H. in Race.
It is the opinion of Frank P. Corrick, who has just returned from a six weeks' sojourn in the east, where he hobnobbed with politicians of all kinds, that Theodore Roosevelt will be the republican nominee for the presidency.

Mr. Corrick bases his prediction on opinions expressed by business men, who, while business has been pretty good during the last year, do not lay it to any conditions resulting from the work or policy of the democratic administration, but rather to the result of conditions brought on by the war in Europe.

Business men of the east, Mr. Corrick says, are almost universally for preparedness and preparedness of the kind advocated largely by the Oyster Bay statesman. They are not in sympathy with the manner in which the situation has been handled in the controversies with belligerent nations and say that with Roosevelt in the presidential chair a policy would be carried out that would count for results.

This would not mean war, they believe, but they think the offending nations know Teddy so well that they would know better than to dilly dally along and would understand that what Mr. Roosevelt laid down would have to be followed out and there would be no high worded communications ably couched in grammatical words which had a meaningless end.

Mr. Corrick says that most of the sentiment for the peace program has come from the middle west and that east and the Pacific coast states are not in sympathy with it.

FORMER IOWA WOMAN IS SEEKING DIVORCE

KEARNEY, Neb., Dec. 31.—(Special Telegram.)—Married 14 years, Catherine Shay, who is now 17 years of age, has found that three years of married life is enough and she filed through Fred Siebert in the district court here a petition to have the marriage annulled. She now resides in this county.

Mrs. Shay in her petition alleges that at the time she was married to Clarence Shay at Mount Airy, Neb., she was only 14 years of age. The laws of Iowa are similar to those of Nebraska in this respect, that an applicant must be at least 16 years of age and then a marriage can only be performed with the consent of the parents or guardian. Mrs. Shay says her parents were dead at the time she married. Her husband has not been living with her for the past several months and he now is in Montgomery county, Iowa. The plaintiff asks to have her maiden name of Catherine Phillips restored to her.

Don't Suffer Needlessly
An eminent physician states that fully 80% of all diseases have their origin in stomach troubles, so if you suffer from dyspepsia, indigestion, bad breath, belching, sour stomach, uncomfortable feeling of fullness after eating, sleeplessness or tired feeling, you should promptly seek to aid your stomach in performing the functions that nature intended. Delay often results in a rapid undermining of the entire system, resulting in the utter wrecking of health. However, whenever the stomach can take care of food and properly distribute nourishment to all parts of the body—a healthy condition is sure to result. Stomach sufferers should avoid harsh purgatives, which generally serve to aggravate the trouble, and promptly give TABLETS STOMACH. TABLETS a trial. Being absolutely free from harmful and habit forming drugs and containing the best known acid neutralizer, combined with pure, soothing, strengthening and healing ingredients scientifically combined, their action while mild, cannot help being beneficial to any stomach sufferer. TABLETS STOMACH TABLETS are sold on a positive guarantee of satisfaction of your money refunded by all reliable druggists. If your druggist should happen to be out of them, he will gladly get them for you.—Advertisement.
