Military Board Meeting.
 The State Military board has been called to meet in Lincoln on Tuesday, January 11. This is the same date as the democratic editorial banquet and indicates that it may be necessary to call out the entire state war department to quell any disturbance which may arise when the faithful followers of the two militant factions in the democratic party harmonize.

The board consists of Colonel George A. Oberly of the Fourth regiment, Colonel J. A. Paul of the Fifth regiment, Major Waldron, chief of the medical corps, and Captain Jess of the signal corps. This is where the democratic administration of the state shows that "preparedness" may be important.

COURT WILL NOT DELAY CASE
 Judge at Hastings Inclined to Push O'Connor Hearing Through.
 WILL LIMIT THE ARGUMENTS

HASTINGS, Neb., Jan. 8.—(Special Telegram.)—With practically all of the evidence in the Honora O'Connor Allman showing presented, district court adjourned at 12:30 today until 3 o'clock Monday, when the John O'Connor case will be resumed.
 No proof has yet been offered in the case of Joseph B. O'Connor of St. Joseph, Mo., who is claiming the estate as a son of John O'Connor. The court indicated that not much argument will be heard.
 Just prior to adjournment today the court overruled the request of Daniel S. Johnson, who is representing the claimant Bridget Kenelly to secure additional deposition from Chicago which, he said, would establish inter-family relations of his client. Mr. Johnson contended that he had conversations with the deputy state attorney and had understood that the case of the state would not be heard at this term. In consequence he was not prepared.
 Joseph B. O'Connor asked that inasmuch as testimony had been introduced reflecting upon the character of John O'Connor, he be allowed to introduce testimony showing that John O'Connor was of good character.
 "They have done that themselves," interposed the court. The people who had him killing policemen up north, by their own testimony, have shown that he was of good character otherwise."

JEFFERSON FARMERS RESIST PHONE RATE LIFT
 FAIRBURY, Neb., Jan. 8.—(Special Telegram.)—A mass meeting of Jefferson county farmers was held in the Fairbury Commercial club rooms this afternoon and resolutions were adopted petitioning the Nebraska State Railway commission to give the rural patrons of this county better telephone service, and connection with the central office, and to refuse to grant an increase in rates, also that all rates on metallic lines shall be \$1.25 per month and that all rural lines shall be ten-party lines.
 This was an adjourned meeting and was a spirited one throughout. H. D. Benson, prominent Jefferson county farmer, living south of Fairbury, appeared for the rural patrons and presented the grievances at the meeting, while R. E. Madison of Lincoln, defended the policy of the company. Mr. Benson appeared before the railway commission in Lincoln recently. Roy McCord was chosen secretary and James Astell chairman.
 Jefferson county farmers are up in arms at the proposed advance in rates. They allege that the company agreed through its representative to rebuild the entire telephone system in this county and give the rural subscribers a metallic circuit instead of ground, but that the agent grossly misrepresented to subscribers and non-subscribers the conditions and terms upon which the company is asking for the advance in rates. They further assert the company has not rebuilt its lines around Fairbury, but only repaired them by tightening wires, resetting broken poles and sodding up ground poles and making a few other light repairs.

Judge Baker Says Republicans Will Win Out This Year

(From a Staff Correspondent.)
 LINCOLN, Jan. 8.—(Special.)—Judge Ben S. Baker of Omaha visited the state house today and in conversation with newspapermen said that he expected to file his application for a place on the primary ballot for the republican nomination for congress from the Second district.
 Democratic reporters questioned the judge very strenuously regarding what he thought about the political situation and what the outcome of the election would be this fall, but gained very little encouragement from the answers they received.
 Judge Baker said that there would be a republican victory all along the line from president down. He thought with all the good timber which presented itself that any man whom the republican convention selected would be elected.
 When asked if he would support Mr. Roosevelt if he was nominated by the republican convention the judge quickly answered, "I expect to support the nominee of the convention, and if the delegates in their wisdom decide that Mr. Roosevelt is the best available man for the place I expect to abide by their choice."
 Judge Baker criticized the policy of the administration in the Mexican situation and believed that had a firm and decided stand been taken from the start that much of the bloodshed would have been averted.

 AURORA, Neb., Jan. 8.—(Special.)—The Masonic fraternity in Hamilton county tendered a reception to Grand Master Samuel S. Whiting of Lincoln, Friday afternoon and evening. Another guest of the lodge was E. J. Hainer, formerly an officer of the Aurora lodge.
 At the evening reception Mr. Hainer presented to local lodge with an interesting souvenir of his trip to the Holy Land several years ago. It consisted of a beautiful sash made of stone from the old temple of Solomon and the handle made from wood from an olive tree grown on the Mount of Olives.
 The evening reception and banquet in honor of Grand Master Whiting was held at Highlander hall. F. E. Edgerton acted as toastmaster and the program was as follows:

Washburn of Trumbull; violin solo, Miss Etta Eakin of Lincoln; address, E. J. Hainer of Aurora; response, George J. Murphy; address, Samuel S. Whiting of Lincoln; solo, Miss Irene Haughey of Aurora.

SANDALL IS NOT CANDIDATE FOR ATTORNEY GENERAL
 (From a Staff Correspondent.)
 LINCOLN, Jan. 8.—(Special.)—State Senator Charles E. Sandall of York county emphatically denies that he has filed as a candidate for attorney general, and the records in the office of Secretary Pool bear him out in this. Senator Sandall admits he did discuss the prospect with some close friends, but after due consideration he could not see his way clear to give over his personal business to become the chief law officer for the state.

SAVING BY CONVICT LABOR
 State Engineer Estimates Cost of Paving Five Thousand Less Than by Contract.

WORK ABOUT STATE FARM
 (From a Staff Correspondent.)
 LINCOLN, Jan. 8.—(Special.)—According to figures furnished by State Engineer Johnson, the state saved \$5,824 by having the paving around the state farm done by convict labor.
 In summing up the cost, Mr. Johnson submits to the governor a report, which itemizes the expense and gives a pretty good idea of what the state saved by the use of convicts.
 Those who had charge of the work expressed the opinion that the work could have been done for less money if this had not been the first work of the men. Now that they have had experience it is the belief the men could lay paving another year at a considerable saving.

(From a Staff Correspondent.)
 LINCOLN, Jan. 8.—(Special.)—Great secrecy predominated around the offices of the Board of Control today after N. A. Huse, editor of the Norfolk News had been closeted with the members the greater part of the day.
 It was finally given out by the board that Mr. Huse had preferred charges against Superintendent W. D. Guttery, the Norfolk asylum, but wist the charges were they refused to say except they were of a nature covering his conduct of the institution in a general way.

LOTS OF PEOPLE THINK
 If they notice a small cavity coming in one of their teeth—"Oh, well, I do not need to bother with that just yet, when it gets a little larger I can have it filled."

NOW LISTEN:
 For Every day you wait after any trouble appears you shorten the life of that tooth at least 10 days. The larger the cavity, the less sound material your Dentist has to work on until finally the only remedy is a crown or extraction, meaning either the loss of one or more health regulators, and that is what the Teeth are. Another important fact is—the poisonous secretion in a decayed tooth which is constantly being thrown out and taken in the system, oftentimes is the cause of Colds, Rheumatism, Falling Eyesight or Hearing; in fact, that part of the system that is weakest and not able to assimilate this poison will naturally be the first to become affected.
