

AMERICANS TAKE JOSE RODRIGUEZ

Bandit General is Reported Captured by Miners Defending Town of Madera.

GUERRILLAS REPORTED KILLED

EL PASO, Jan. 13.—General Jose Rodriguez has been captured near Madera, Chihuahua, by Americans, according to reports received here.

A message received from Madera stated that a number of Rodriguez men were killed and that the Americans are calling for help.

It was reported yesterday soldiers had been sent to Madera. The capture was made by Maximiano Marquez, it was said. He is an employe of the Hearst interests at Babicora and is now at Madera keeping order, with about 125 Americans and a few soldiers. The message stated that Rodriguez was met in a pitched battle, defeated, and his men scattered, captured and killed.

General Jose Rodriguez was charged in first reports with responsibility for the massacre of the Americans at Santa Isabel. Reports of Mexicans on the train, however, charged General Reyna, Colonel Pablo Lopez and General Beltran with personal direction of the bandits.

Fifty Men Shot as Bandits

Fifty of Rodriguez' men were reported captured and held at Madera as prisoners, where, it is said, they were shot as bandits.

A call for help preceded the capture of Rodriguez, later advised stated.

The Americans heard that Rodriguez and his men were burning bridges below Madera and called for help from Chihuahua and asked that troops be rushed there. Without waiting for the troops, Marquez attacked the bridge burners with 125 men drawn from Americans and the garrison at Madera. After the capture the call for help was repeated.

Consul Garcia has been appealed to by the State department to rush troops to Madera.

BODIES OF VICTIMS REACH EL PASO

(Continued from Page One.)

Arrived here. Neither was their verification for a rumor that three Americans had been murdered in the Carranza district, Sonora.

Bodies of the Santa Isabel victims are being prepared for shipment and forwarded to their homes.

Bodies Hard to Identify. As the train pulled in, thirteen American mining men reported that the body of Joe Enders, reported killed, was not with the recovered bodies.

F. E. Stephenson, secretary of the Mining and Smelter Men's association of Chihuahua, who organized the party that recovered the bodies, said: "Some were hard to identify, for their heads were almost blown completely off. They were stripped of clothing before they were dragged out of the cars and killed. When we arrived at the scene of the massacre the Carranza guard remained at Santa Isabel. Near the scene of the massacre we found a hand of bandits camped. We returned to the troop train to get a machine gun and then proceeded to the place where the bodies were heaped and were not molested."

Sanjar Flees to Juarez. Mexicans residing in El Paso, fearing reprisals on account of the Carranza massacre, are seen upon the streets only on the most urgent business. News of the demonstration last night at the hotel of General Jose Ynez Salazar, former general in the Mexican army, spread rapidly to the Mexican quarters, where considerable uneasiness was apparent.

Early last night General Salazar received word from fellow countrymen that the feeling was running so high his safety on the American side was endangered. He immediately fled, crossing, it is believed, into Juarez.

Two American Outlines Missing. An expedition which left Chihuahua City to recover the bodies of the nineteen slain Americans was informed by the station agent at Santa Isabel that Benjamin Small and Frank Wood, two American citizens, passed the bodies west half an hour after the Watson train was reported in trouble. The station agent said he learned the two men to return, but they said they were armed and feared no trouble. Nothing later was heard of the party and it is believed they met the fate of the Watson train.

Miners Plan to Form Regiment. A plan to form a regiment composed of 1,000 American mining men for the purpose of entering Mexico and running down the bandits responsible for the massacre of Americans at San Ysabel was formulated at a meeting here last night, it was learned today. At the meeting it was decided to present the plan today to officials of the de facto Mexican government with a view of securing the sanction of the Carranza government.

A large number of Americans, it was stated, had started to join the force, and foreign mining corporations had offered to supply the necessary arms and ammunition.

Consul Edwards Hosted. Thomas D. Edwards, American consul at Juarez, was received with shouts of criticism when he appeared in the lobby of a local hotel filled with mining men this morning.

"Go back to Juarez, where you belong," was shouted at him by the mining men surging forward and around him. "You are Villa consul, you are not an American. Get to Chihuahua or somewhere where Villa is. We have eighteen American boys murdered. You ought to be proud of your friend."

"You cannot intimidate me," said Mr. Edwards, calmly, and turning his back he strode from the lobby.

Gavira Promised Protection. Consul Edwards stated that protection for the massacred Americans was promised by General Gavira, commandant at Juarez, on January 4.

"The State department wired me January 5," he said, "to make urgent representations to the Carranza government here to protect the train upon which the Americans traveled to Santa Isabel. General Gavira gave me positive assurances and a message was sent to General Trevino upon the matter. General Gavira assured me that forces were being sent by the way of the capital and by way of Juarez out over the line of the Mexico and Northwestern railroad to meet another and systematically exterminate the bandits."

"None of these things were done." Consul Edwards was instructed to demand of the Mexican authorities the immediate protection of property of the Madera company at Madera, and the Pearson property in western Chihuahua.

Ice dealers are arranging to commence filling the storage plants, as this is one of the coldest spells of the year, and ice is eight to ten inches thick on Little Blue river.

Fairburys Oldest Citizen Is Very Ill

FAIRBURY, Neb., Jan. 13.—(Special.)—J. B. McDowell, Fairbury's oldest citizen and pioneer, is in a critical condition at his home with a serious case of grip. Little hope is entertained for his recovery. Mr. McDowell was born in Ohio in 1825 and spent his boyhood days in Fairbury, Ill. His brother, Judge B. McDowell, founded and platted Fairbury, naming it after Fairbury, Ill.

Mr. McDowell came to Nebraska in 1859, locating at Beatrice, where he served as register of deeds at the land office until 1875. He then removed to Fairbury and became interested in the Fairbury Roller mill. Mr. McDowell was married three times.

Mr. McDowell has been an active citizen of Fairbury for many years and recently celebrated his ninetyeth birthday. His wife is also reported quite ill with grip.

Demand that Wilson Remove Edwards

EL PASO, Jan. 13.—The criticism that greeted American Consul Edwards' appearance in a local hotel lobby, early today, reached its climax in a lengthy petition to President Wilson to remove Consul Edwards at once. The petition was forwarded late today.

The petition, after setting forth that the slanders are all American citizens with Mexican interests, asked Consul Edwards' removal "because he has for the last several years, during the conflict in Mexico, at all times shown either supine indifference with reference to the wrongs committed against American lives or property in the district for which he is consul, or is, and has been too indolent or indifferent to afford any aid, help or comfort in the protection of American rights and interests."

BEGIN ATTACK ON SALONIKI PORTS

Assault of Teutons on Position of Allies' Trenches Developing on Immense Scale.

BOMBARDMENT STARTS MONDAY

ROME, Jan. 13.—(Via Paris.)—The attack of the Teutonic allies on the entente forces defending Saloniki is being developed on a large scale, according to the Athens correspondent of the Giornale D'Italia, telegraphing under Tuesday's date. He reports that a bombardment of the British line to the Doiran zone proceeded all day Monday.

The German commander of the attacking forces, says the correspondent, will make use of Austrian, Bulgarian and Turkish forces. The participation of the Turks has been doubtful, he adds, but it is now certain that they will be included in the attacking army.

Chinese Rebels Are Defeated in Series of Bloody Battles

LONDON, Jan. 13.—Many Chinese revolutionaries were killed and captured in a series of bloody engagements on January 6, 7 and 8, in the districts of Tamau, Potanga, Yensuwo and Poko, according to information received from the Canton government by the British authorities at Hong Kong and forwarded by Reuters' Hong Kong correspondent.

The Hong Kong dispatch says that the rebels were well supplied with army, munitions and military uniforms. They fought until their ammunition was exhausted, when they continued to struggle with bombs.

Ultimately the revolutionaries were routed and many of them, including some of the leaders, killed or taken prisoners. The government forces also captured munitions and horses. The various garrisons are engaged in following traces left by the rebels who escaped, with the object of exterminating them.

Greece Protests the Occupation of Corfu by Allies

LONDON, Jan. 13.—The Greek government, says a dispatch from Athens, has protested against the occupation of the island of Corfu by the entente powers. It is believed in Athens that the arrest of the Austrian and German consul at Corfu is certain to follow. The correspondent telegraphs that British and French ships have landed in Albania food supplies for 100,000 Serbs.

PARIS, Jan. 13.—The ministers of the allied powers at Athens have handed a note to the Greek government declaring that they regard it as the clear duty of humanity to transport as soon as possible part of the Serbian army to a point near the Albanian coast, according to a Havas dispatch from Athens.

The note asserts this step is taken "in order to save these heroic soldiers from famine and destruction," and that the island of Corfu has been chosen for the purpose as offering the necessary facilities from the point of view of sanitation and food supply.

The powers add they do not support Greece will object to the proposed transfer of the Serbians, who are the allies of Greece and who will remain a short time on the island. The note concludes: "There is no intention at occupation, as all guarantees have been given under this head to the Greek government both concerning Corfu and other parts of Greek territory which the allied troops have had to use."
